INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 55 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department is responsible for agreeing its accounts to the control accounts of the Receiver General, and maintains detailed records of the transactions in those accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts

The Public Accounts is produced in three volumes. **Volume I** presents a summary and analysis of the financial transactions of the Government while **Volume III** contains an annual consolidated report on the businesses and activities of all parent Crown corporations together with a listing of all Crown corporations and other corporate interests of Canada.

Volume II presents the financial operations of the Government, segregated by department. It contains financial operations of individual departments and their associated agencies, and additional information and analysis.

(a) Departmental Financial Operations

In a fashion similar to the Estimates, Volume II uses a uniform set of statements to present each department's financial operations. In most respects, the level of detail is the same as in the Estimates and provides the following information:

(i) Use of Appropriations

This is the principal departmental statement. It is a summary of the use by department of both

the budgetary and non-budgetary authorities given to them by Parliament in appropriation acts and other statutes. It displays, by program:

- the wording of the relevant appropriations or statutes;
- the amount authorized under each appropriation or statute;
- the total use made during the year of the authorized amounts;
- unexpended balances (amounts lapsed and carried forward) or amounts overexpended; and,
- the total use for the previous year.

(ii) Total Cost of Programs—Budgetary

This table shows the total calculated cost for each program, by adding to net expenditure, the imputed value of services provided by other departments, and of accommodation provided by the reporting department and by the Department of Public Works, and by deducting non-tax receipts credited to revenue.

The total calculated program cost is also reflected in the Estimates and in the Public Accounts in the "Programs by Activity" table.

(iii) Programs by Activity—Budgetary

This is a comparison of budgetary appropriations with actual expenditures and the imputed costs and revenues referred to in (ii). The table displays total program expenditures by activity and type of vote, and total cost of programs by type of vote. It is related to the "Program by Activities" table displayed in the Estimates.

(iv) Grants and Contributions

This table displays details of amounts appropriated for grants and contributions, by class of recipients and by program, and the payments.

(v) Budgetary Expenditure by Program and Standard Object

This table presents net expenditure by standard object and relates to the "Objects of Expenditure" table shown in the Estimates.

(vi) *Revenue*

Each department displays summary and detailed statements of revenue collected as part of its operations.

(vii) *Revolving Funds*

The commercial orientation of a revolving fund is reflected in the balance sheet and statement of operations, or income and expenditure, presented each year. A revolving fund's minimum goal is the recovery of cost, and most commercial accounting conventions are used to measure cost.

(viii) *Other Entities*

To further the objectives of the Government and of departments, various entities such as departmental corporations have been created by appropriation acts and other legislation. Financial statements for these entities are also shown.

(b) Additional Information and Analysis

Further details of certain outlays are provided, in Volume II, to supplement the statements already presented. This supplementary information includes:

- accounts receivable and deletions (Section 30);
- professional and special services (Section 31);
- construction and acquisition of land, buildings, works, machinery and equipment (Section 32);

- payments of damage claims, ex gratia payments, Federal Court awards and nugatory payments (Section 33);
- selected miscellaneous payments and federal-provincial shared-cost programs (Section 34);
- grants and contributions (Section 35); and,
- miscellaneous statements by department (Section 36).

Summary Tables

The following tables provide summaries of the financial operations contained in the departmental sections.

Table 1 summarizes the appropriations and the use of appropriations. (This statement also appears in Section 2 of Volume I.)

Table 2 summarizes by department the budgetary and non-budgetary appropriations and spending made under annual and non-lapsing appropriations and various statutory authorities.

Table 3 summarizes expenditure by department and by standard object.

Table 4 summarizes revenue by department and by main classification.

TABLE 1

STATEMENT OF USE OF APPROPRIATIONS

AGRICULTURE

Department

Objectives

ADMINISTRATION PROGRAM*

- To provide overall direction and administrative support services for the Department.

AGRI-FOOD DEVELOPMENT PROGRAM

- To stimulate the development of the agri-food industry, to provide for a dependable and adequate supply of food at reasonable prices to consumers and to ensure stable and equitable returns to producers and processors.

AGRI-FOOD REGULATION AND INSPECTION PROGRAM

- To ensure the continued supply of safe, high quality, nutritious food for the domestic and export trade.

RACE TRACK SUPERVISION REVOLVING FUND

- To protect the pari-mutuel betting public associated with horse racing.

CANADIAN FORESTRY SERVICE PROGRAM*

- To promote and enhance the sustained economic utilization of Canada's forest resource through environmentally sound forest management.

CANADIAN GRAIN COMMISSION PROGRAM

- To provide quality assurance of Canadian grain in domestic and export markets in the interests of Canadian agriculture.

Canadian Dairy Commission

Objective

- To achieve a sound, healthy and viable dairy industry.

Canadian Livestock Feed Board

Objective

- To ensure the availability of adequate feed grain supplies and storage space to meet the needs of livestock feeders in Eastern Canada and British Columbia and to contribute to reasonable price stability for such supplies; to assist in equalizing feed grain prices to livestock feeders in Eastern Canada and in British Columbia.

Canagrex

Objective

- To promote, facilitate and engage in the export of agricultural and food products from Canada.

Farm Credit Corporation

Objective

- To provide long-term mortgage credit to farmers and loans to syndicates of farmers and to perform operational and administrative functions related to the organization of Canadian agriculture into economic farm units in the hands of competent operators.

* Part of both the Administration Program and the Environmental Services Program of the Department of Environment has been transferred to the Administration Program and the Canadian Forestry Service Program of this Department (PC 1984-3200 dated September 17, 1984).

Use of Appropriations

Vote	Program	
DEPARTMENT		
ADMINISTRATION PROGRAM		
	Budgetary	
1	Program expenditures	\$ 47,402,000
	1b To authorize the transfer of \$1,764,000 from Environment Vote 1, Appropriation Act No. 2, 1984-85 for the purposes of this Vote and to provide a further amount of	2,373,000
	Transfer from: Environment Vote 1	1,764,000

	55c
	Total program—Budgetary
	Non-budgetary
Stat	The Livestock Feed Assistance Act, Section 17. The Governor in Council may authorize the Minister of Finance, on behalf of Her Majesty, to make advances to the Board on such terms and conditions as may be agreed upon, the total amount of advances outstanding at any time shall not exceed \$50,000,000, and Section 16 establishes the Canadian Livestock Feed Board Account, no payment under Subsection (2) of which shall exceed: (a) the amount by which \$10,000,000 exceeds the balance of the Account, and (b) any amount advanced under Section 17. (Net)
CANAGREX	
	Budgetary
60	Program expenditures
FARM CREDIT CORPORATION	
	Non-budgetary
Stat	The Farm Credit Act. Section 12. At the request of the Corporation, the Minister of Finance may, with the approval of the Governor in Council, pay to the Corporation, out of the Consolidated Revenue Fund, amounts not exceeding in the aggregate \$225,000,000 and the money paid constitutes the capital of the Corporation. (Net) Section 13. The Corporation may, with the approval of the Minister of Finance, borrow money by any means, and, at the request of the Corporation, the Minister of Finance may, out of the Consolidated Revenue Fund, lend money to the Corporation on such terms and conditions as are approved by the Governor in Council. The aggregate amount outstanding of the principal amounts borrowed by the Corporation and the principal of loans made to the Corporation shall not at any time exceed twenty-five times the capital of the Corporation. (Net)
	Loans for lending to farmers and subscription to capital under the Farm Credit Act
Stat	The Farm Syndicates Credit Act, Section 8. The Minister of Finance may, on the requisition of the Corporation and upon terms and conditions approved by the Governor in Council, make advances out of the Consolidated Revenue Fund to the Corporation for the purpose of making loans under this Act, any such advance shall not be greater than the amount by which \$25,000,000 exceeds the balance of the Farm Syndicates Loan Fund. (Net)
	Loans for lending to farm syndicates under the Farm Syndicates Credit Act
	Total program—Non-budgetary
	Total—Budgetary
	Non-budgetary

(1) Treasury Board Vote 10 employment initiatives.

Treasury Board Vote 30 (Comptroller General) implementation of plans to improve management practices and controls.

(2) Reserved allotment established to provide payment authority for the overexpenditure of the previous year's appropriation which resulted from Payables at Year End (PAYE).

Agricultural Products Board

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Agricultural Products Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of Agriculture Canada and of the Office of the Auditor General. The Board also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting system and financial statement of the Board have evolved over the years to meet changing conditions.

Appendix 1—Continued**Agricultural Products Board—Continued****NOTES TO FINANCIAL STATEMENT
MARCH 31, 1985****1. Authority and objective**

The Board which was established in 1951 and operates under the authority of the Agricultural Products Board Act, R.S., c. A-5, consists of a chairman and two members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

The Board's operations are funded by a budgetary appropriation through the Department of Agriculture.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's Payables at Year End (PAYE) accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Estimates of amounts for services provided without charge from Government departments are included in expenditures.**3. Parliamentary appropriation**

AUDITOR'S REPORT

THE HONOURABLE JOHN WISE, P.C., M.P.
MINISTER OF AGRICULTURE

I have examined the balance sheet of the Agricultural Products Board as at March 31, 1985 and the statements of operations and equity for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1985 and the results of its operations and the changes in its equity for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied, after giving retroactive effect to the change to the accrual basis of accounting as explained in Note 3, on a basis consistent with that of the preceding year.

D. LARRY MEYERS, F.C.A.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and objective

The Agricultural Products Board, which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises a chairman and two members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale of surplus commodities in times of depressed markets.

2. Accounting policies

The Board follows the accrual basis of accounting for the transactions authorized pursuant to the Agricultural Products Board Act.

Inventories are valued at the lower of cost and net realizable value.

Furniture and equipment are charged to administrative expenses in the year of acquisition.

An estimated amount for services provided to the Board without charge by Government departments is included in administrative expenses.

A statement of changes in financial position has not been presented since the Board's financing activities are disclosed in the statement of equity.

3. Changes in accounting policy

Effective April 1, 1984 the Board retroactively changed its basis of accounting from the modified cash basis to the accrual basis. Accordingly, the statement of operations for 1984 has been restated. Further, to adequately reflect financial position, a balance sheet and statement of equity are now presented.

The statement of operations for 1984 has been restated to reflect a loss for that year of \$1,143,522 whereas, before the accounting change, reported net expenditures for 1984 amounted to \$5,429,109. Had the accounting change not been adopted the statement of operations for 1985 would have shown a net expenditure of \$2,156,105.

4. Inventories

	1985		1984	
	Net realizable value \$	Write- down \$	Net realizable value \$	Write- down \$
Grape products	6,551,392	3,408,356

Agricultural Stabilization Board

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Agricultural Stabilization Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of Agriculture Canada and of the Office of the Auditor General. The Board also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting system and financial statement of the Board have evolved over the years to meet changing conditions.

On June 28, 1985, Bill C-25, an Act to amend the Agricultural Stabilization Act, received Royal Assent. The amendments included in the Bill provide additional authority to prescribe support prices, past, present or future, and for periods other than a year but not less than ninety days, as well as setting out the terms and conditions of entering into joint (tripartite or bipartite) stabilization programs. Winter and spring wheat, other than that grown in the Canadian Wheat Board designated areas, were added to the list of named commodities, with sheep being replaced by lamb and wool. These amendments will materially affect the operations of the Board in future years.

Approved by:

A. E. PROULX
Secretary-Manager

August 28, 1985

AUDITOR'S REPORT

THE HONOURABLE JOHN WISE, P.C., M.P.
MINISTER OF AGRICULTURE

I have examined the statement of operations of the Agricultural Stabilization Board for the year ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the net cost of operations of the Board for the year ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

Included in expenditure is an amount of \$12.6 million, disbursed pursuant to the Agricultural Stabilization Act, that has been used to finance export marketing losses of the Canadian Dairy Commission. This use by the Commission is not consistent with the basis upon which the funds have been voted by Parliament. The Appropriation Acts and Estimates for the year ended March 31, 1985 provide funds for payments to producers pursuant to the Agricultural Stabilization Act with no mention of financing the export losses of the Commission. Therefore, I am of the opinion that the \$12.6 million was used in a manner not authorized by Parliament.

D. LARRY MEYERS, F.C.A.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985

1. Authority and objectives

The Board, which was established in 1957 and operates under the authority of the Agricultural Stabilization Act, consists of three members appointed by the Governor in Council. The Board is a departmental corporation named in Schedule B to the Financial Administration Act.

The objectives of the Board are to stabilize the prices of agricultural commodities in order to assist the agricultural industry to realize fair returns for its labour and investment and to maintain a fair relationship between prices received by farmers and the costs of goods and services that they buy.

The Board's operating expenditures and contributions for designated commodities are funded by a budgetary lapsing authority while contributions for named commodities pursuant to the minimum provisions of the Agricultural Stabilization Act are funded through a statutory authority.

2. Significant accounting policies

(a) Expenditure recognition

Expenditure is recorded on the accrual basis, in conformity with the Government of Canada accounting policy for recording Payables at Year End, except that termination benefits and vacation pay are recorded on the cash basis.

(b) Adjustment of prior year's Payables at Year End

Adjustment of any overstatement of prior year's Payables at Year End is recorded as revenue in the year during which the amounts payable are disbursed.

(c) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received.

(d) Capital purchases

Acquisitions of capital assets are charged to administrative expenditure in the year of purchase.

(e) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in expenditure.

3. Use of parliamentary appropriations

Executive Board	5,489	6,198
	<u>739,697</u>	<u>887,221</u>

5. Subsequent events

- (a) On June 28, 1985, Bill C-25, an Act to amend the Agricultural Stabilization Act, received Royal Assent. The amendments included in the Bill provide additional authority to prescribe support prices, past, present or future, and for periods other than a year but not less than ninety days, as well as setting out the terms and conditions of entering into joint (tripartite or bipartite) stabilization programs. Spring and winter wheat, other than that grown in the Canadian Wheat Board designated areas, were added to the list of named commodities, with sheep being replaced by lamb and wool. These amendments will materially affect the operations of the Board in future years.
- (b) Expenditure includes an amount of \$9.3 million to be paid to the Canadian Dairy Commission for the benefit of producers of industrial milk and cream. This amount is in respect of milk deliveries over and above that for which funds were provided under Governor in Council authority PC 1985-1384, dated April 25, 1985. Additional Governor in Council authority for this amount is being sought by the Board.

6. Comparative figures

Comparative figures have been reclassified to conform with the presentation adopted in the current year.

Appendix 3
Canadian Grain Commission

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Canadian Grain Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Commission.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year's figures have been reclassified to conform to the current year's presentation. To fulfill its reporting responsibility, the Commission maintains a set of accounts which provides a centralized record of the Commission's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Department of Agriculture's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Commission maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Commission's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Commission and of the Office of the Auditor General. The Commission also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Commission's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Commission's financial transactions.

The accounting system and financial statement of the Commission have evolved over the years to meet changing conditions.

AUDITOR'S REPORT

TO THE CHIEF COMMISSIONER AND COMMISSIONERS
CANADIAN GRAIN COMMISSION

I have examined the statement of operations of the Canadian Grain Commission for the year ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statement presents fairly the results of operations of the Commission for the year ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

D. LARRY MEYERS, F.C.A.

NOTES TO FINANCIAL STATEMENT
FOR THE YEAR ENDED MARCH 31, 1985

1. Authority and objectives

The Canadian Grain Commission was established under Section 3 of the Canada Grain Act (1970) to establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets. The Canadian Grain Commission operates under lapsing authority however, there are some personnel costs covered by statutory authorities.

2. Significant accounting policies

(a) Expenditure

Expenditure includes all amounts for work performed, goods received or services rendered prior to April 1, 1985. This basis is in accordance with the current Government of Canada accounting policies. Operating expenditures also includes services provided without charge by other Government departments.

(b) Revenue

Revenue is recorded on a cash basis in accordance with Government of Canada accounting policies. Revenue is credited directly to non-tax revenue.

3. Changes in financial statement presentation

The allocation of expenditure between operations and administration groupings has been revised to comply with the detailed instructions, Volume II of the Public Accounts of Canada.

4. Parliamentary appropriations

	1985	1984
	\$	\$
Department of Agriculture		
Vote 40 (Vote 30, 1983-84)—Program expenditures and contributions	36,372,000	34,423,700
Amount lapsed	3,660,010	1,635,555
	32,711,990	32,788,145
Statutory—Salaries	260,580	252,950
Statutory—Contributions to employee benefit plans	4,565,000	4,141,000
Use of appropriations	37,537,570	37,182,095

5. Contingencies

The Commission has exercised its powers under Sections 36 and 38 of the Canada Grain Act in revoking licences which included the realization of posted securities. As a result, various claims and lawsuits have been brought against the Commission. In the opinion of management and legal counsel the losses, if any, cannot be determined at this time.

Subsequent to year end, the Commission was given notice of a statement of claim that names the Commission as one of several Government departments who allegedly were negligent in the manner of testing of toxins contained in the winter wheat crops of 1980.

Damages are claimed for storage costs and transportation costs incurred by reason of the alleged negligence.

Accordingly, no provision has been made in the accounts of the Commission.

6. Restatement of previous year figures

For comparative purposes, the 1983-84 figures have been restated to conform with the 1984-85 presentation.

Appendix 4

Race Track Supervision Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Race Track Supervision Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada.

These financial statements were prepared in accordance with stated accounting policies on a basis consistent with that of the preceding year. Information presented herewith is consistent with that presented elsewhere in the Public Accounts and in departmental reports. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

Appendix 4—Concluded

Race Track Supervision Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985

1. Authority and purpose

The Race Track Supervision Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$2,000,000 at any time.

Charges to the Fund are to include administration expenses of race track supervision and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

2. Significant accounting policies

(a) Fixed assets

Fixed assets, acquired from parliamentary appropriations prior to April 1, 1970, are recorded in the Fund in accordance with Treasury Board Circular 1970-7 at values determined as at that date by officers of the Department. Subsequent acquisitions are recorded in the Fund at cost and are depreciated from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 years
Electronic data processing equipment	5 years
Automotive	3 years
Buildings	25 years

(b) Pension plan

Employees of the Race Track Division operating the Supervision Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Accounts.

(c) Vacation pay

The accrued liability on the balance sheet represents the amount of vacation pay credits outstanding at the end of the year.

(d) Employee termination benefits

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of thirteen weeks' pay.

The provision at the end of the year consists of one half week's pay at current salary rates for each complete year of service to a maximum of thirteen weeks' pay.

3. Fixed assets and accumulated depreciation

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year

COMMUNICATIONS

Department

Objectives

COMMUNICATIONS AND CULTURE PROGRAM*

PROGRAM

- To develop policies, programs and co-operative arrangements which achieve Canada's social and economic objectives for communications and culture and to foster the orderly development and operation of communications and culture for Canada in both the domestic and international spheres.

GOVERNMENT TELECOMMUNICATIONS AGENCY REVOLVING FUND

- To plan, develop, co-ordinate and provide telecommunications services and facilities that satisfy the requirements of federal departments and agencies at the lowest possible cost.

Canada Council

Objective

- To support the creation and production of all forms of art and to facilitate public access to the arts and to co-ordinate UNESCO activities in Canada and Canadian participation in UNESCO activities abroad apart from political questions and assistance to developing countries.

Canadian Broadcasting Corporation

Objective

- To develop and provide national broadcasting service for all Canadians in both official languages, in television and radio, and an international service, both of which should be primarily Canadian in content and character.

Canadian Film Development Corporation

Objective

- To foster and promote the development as well as Canadian programming of a feature film industry in Canada.

Canadian Radio-television and Telecommunications Commission

Objective

- To encourage the development and implementation of the national broadcasting and telecommunications policies through the regulation and supervision of the Canadian broadcasting and telecommunications systems.

National Arts Centre Corporation

Objective

- To promote the development of the performing arts.

National Film Board

Objective

- Cultural interpretation and presentation of Canada, as well as service and support to departments and agencies of the Government, through the medium of film.

National Library

Objective

- To facilitate the use of the library resources of the country by the people and the Government of Canada.

National Museums of Canada

Objective

- To safeguard and demonstrate, and to assist others to safeguard and demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

Public Archives

Objective

- The systematic preservation of Government and private records of Canadian national significance in order to facilitate not only the effective and efficient operation of the Government of Canada and historical research in all aspects of the Canadian experience, but also the protection of rights and the enhancement of a sense of national identity based on archives as the collective memory of the nation.

* Includes the former Arts and Culture Program.

Note: The Social Sciences and Humanities Research Council was transferred to the Department of Secretary of State.

⁽¹⁾ Treasury Board Vote 5 Government contingencies.

Treasury Board Vote 10 employment initiatives.

Treasury Board Vote 30 (Comptroller General) implementation of plans to improve management practices and controls.

⁽²⁾ The financial statements of Crown corporations are presented in volume III of the Public Accounts.⁽³⁾ The voted budgetary authority, to meet the requirements of the Canadian Film Development Corporation Act, C-10, includes the non-budgetary authority for loans. The non-budgetary authority is determined by subtracting the budgetary expenditures from the total voted amount.

Government Telecommunications Agency Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Government Telecommunications Agency (GTA) Revolving Fund have been prepared as required by and in accordance with the policy and procedures of the Treasury Board for revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. The financial transactions contained in these financial statements have been subjected to a review by representatives of the Auditor General.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimate and judgment and gives due consideration to materiality. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Assistant Deputy Minister, Financial Management develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. These are supplemented by additional systems and procedures developed and implemented by the Fund's Finance and Administration Division. The Fund maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund is managed on a cost revenue dependent basis and all costs are allocated, on an equitable basis, to the users of telecommunications services and recovered on a timely basis. Financial management and internal control systems are augmented by the activities of internal audit and by frequent contacts with departmental financial and internal audit officers and with the staff of the Office of the Auditor General. An internal audit was carried out by the Audit Services Bureau of the Department of Supply and Services during the period January-March 1984. The auditors concluded "... that the acquisition, utilization and protection of human, financial and physical resources under the responsibility of the Finance and Administration Division are achieved in an effective and economic manner".

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and develop-

ment of qualified accounting staff, by organizational arrangements that provide appropriate divisions of responsibility, and by a high standard of internal communications aimed at ensuring that regulations, policies, procedures and managerial authorities are understood throughout the Agency.

The accounting systems and financial statements of the Fund have evolved over the years to meet changing conditions. A feasibility study on the Fund's financial systems was completed in May 1985 resulting in the recommended development of an integrated financial information system for introduction by April 1, 1986. The new system is required to handle the increased volume and complexity of financial transactions within the Fund and the need for accurate and timely allocation and recovery of costs, budgetary control, and improved financial reporting.

Appendix 1—Concluded

Government Telecommunications Agency Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS MARCH 31, 1985

1. Purpose and authority

The Government Telecommunications Agency Revolving Fund was originally established in 1963 to plan and provide telecommunications facilities and services at the request of federal departments and agencies. Section 23 of the Adjustment of Accounts Act authorized the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed \$8,000,000 at any time. This authority was increased to \$12,000,000 by Appropriation Act No. 4, 1981-82, to \$15,000,000 by Appropriation Act No. 4, 1983-84 and to \$19,000,000 by Appropriation Act No. 4, 1984-85. In accordance with Vote 2c, Appropriation Act No. 4, 1982-83, an amount of \$1,485,822 of the accumulated deficit has been written off to the authority. An amount of \$741,781 representing net assets assumed by the Fund and assets contributed to the Fund was charged against this authority when the Fund became budgetary.

2. Significant accounting policies and practices

(a) Fixed assets

Fixed assets are carried at cost. In most cases, depreciation is calculated using the diminishing balance method at the following rates: automobiles (30%), office equipment (20%), furniture and fixtures (10%). Telecommunications equipment constitutes a special category of assets, and is depreciated over the first five to seven years of utilization of the equipment.

(b) Deferred charges—Service contracts

Advance payments to suppliers for future telecommunications services are recorded as deferred charges and are amortized on a straight-line basis over a five-year period. In 1984-85, the amortization amounted to \$180,000.

(c) Deferred revenue—Service contracts

Advance payments from client departments and agencies for future telecommunications services are recorded as deferred revenue and are included in revenue on an equal basis over a five-year period. In 1984-85, \$238,684 was recognized as revenue.

(d) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Fixed assets and accumulated depreciation

	Balance at beginning of year	Acquisi- tions	Disposals	Balance at end of year

National Film Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been presented to the Board of Trustees.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director of Administration and Financial Services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where contacts are maintained between our internal auditor and staff of the Office of the Auditor General. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have been examined by the Auditor General, his role being to express an informed judgement as to whether the financial statements present fairly the financial position of the Board as at March 31, 1985 and the results of its operations and the changes in its financial position for the year ended in conformity with generally accepted accounting principles.

AUDITOR'S REPORT

THE HONOURABLE MARCEL MASSE, P.C., M.P.
MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the National Film Board as at March 31, 1985 and the statements of operations, accumulated net charge against the Revolving Fund's authority, accumulated deficit and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1985 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

National Film Board—Continued

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and purposes

The National Film Board was established in 1950 under the National Film Act to initiate and promote the production and distribution of films in the national interest and in particular to:

produce and distribute, and to promote the production and distribution of, films designed to interpret Canada to Canadians and to other nations;

represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;

engage in research in film activity and to make available the results thereof to persons engaged in the production of films;

advise the Governor in Council in connection with film activities; and

discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

The Board, through the operation of a revolving fund having a permanent continuing authority from Parliament, can make payments out of the Consolidated Revenue Fund for working capital and the interim financing of operating costs and the acquisition of fixed assets and can record the increase in the net book value of fixed assets against this authority, which provides that the aggregate of admissible working capital and net book value of fixed assets is not to exceed \$20 million at any one time. A parliamentary authority, to replenish the revolving fund for net acquisitions of fixed assets and the admissible cost of operations, is voted annually and recorded in the year to which it applies. Any unused balance lapses.

2. Significant accounting policies

Production of films and other visual material

All production costs are charged to operations in the year in which they are incurred and shown in the statement of operations as follows:

Board's program

All costs incurred for unsponsored productions and the excess of costs over the sponsor's contribution for partially-sponsored productions.

Government of Canada and outside parties

All costs incurred for fully-sponsored productions and the sponsored costs of partially-sponsored productions.

Revenues from production of films and other visual material are accounted for at an amount equal to the sponsored production costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Film prints

The cost of prints made for sale purposes is recorded as inventories. The cost of other prints is expensed on a current basis.

Inventories

Productions in progress are carried at the cumulative amount of costs incurred for each production exceeding advances invoiced, up to the amount of the sponsored unbilled balance. On the other hand, any cumulative excess of advances invoiced over costs incurred is recorded as advances on productions.

Materials and supplies are carried at the average cost.

Film prints and other visual material held for sale are carried at the lower of the average direct cost of production and net realizable value.

Fixed assets

Equipment, office equipment and furniture, motor vehicles and garage equipment are carried at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, generally 5 to 10 years. No depreciation is provided during the year of acquisition.

Leaseholds improvements are charged to operations as incurred.

The Board enters into agreements to acquire the exclusive use of certain fixed assets through leasing arrangements. Rentals are charged to operations in the year to which they apply.

Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

Pension plan

All employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

National Museums of Canada

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the National Museums of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement was derived from the financial statements as of March 31, 1985 as published in the annual report of the Corporation and that were audited by the Auditor General of Canada.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Corporation's directorate of financial services develops and disseminates financial management and accounting policies and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Corporation and of the Office of the Auditor General. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1985

1. Authority and objective

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate and to assist others to safeguard and demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the National Museum of Man, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

Operations and grants and contributions are funded by budgetary lapsing authorities and employee benefits are authorized by statutory authorities.

2. Accounting policies

(a) Expenditure

Expenditure is accounted for on the accrual basis of accounting, except for employee termination benefits, vacation pay, and trust account transactions which are accounted for on the cash basis of accounting.

(b) Revenue

Revenue is accounted for on the cash basis of accounting in accordance with Government of Canada accounting policies.

(c) Capital purchases

Capital acquisitions are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in the operating expenditure.

(e) Refunds of previous year's expenditure

Refunds of previous year's expenditure are recorded as revenue when received and not deducted from expenditure.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the plan. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to past service, contributions are expensed when paid.

(g) Publishing and boutiques operations

Operating expenditure of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

3. Change in accounting policies

In 1984-85, the financial reporting for the Corporation was changed from an accrual basis to the Government's modified cash basis of accounting. This was done in order to make it consistent with other reporting provided in the Public Accounts for the National Museums of Canada and to meet the reporting requirements of the Receiver General for Canada. As a result of this change:

- (a) The net cost of operations for 1984-85 is increased by \$645,000.
- (b) The equity of the Corporation, as reflected in the financial statements for 1983-84, has been adjusted to reflect the write down of the appropriate assets and liabilities as follows:

	(in thousands of dollars)
Fixed assets	8,173
Inventories	1,397
Accounts receivable	147
Deposits with the Receiver General for Canada	60
Collections	1
Accrued vacation pay	(2,260)
Advances due to the Receiver General for Canada ..	(113)
	7,405

- (c) The 1983-84 statement of operations has been adjusted to make it comparable to the 1984-85 reporting as follows:

	(in thousands of dollars)
Cost of operations (as reported in the 1983-84 Public Accounts)	80,581
Add: purchase of fixed assets	2,336
transfer to the Receiver General for Canada	82
change in inventories	37
change in accounts receivable	35
	2,490
Less: depreciation expense	1,606
change in vacation pay accrual	232
non-tax revenue	145
change in travel advances due to Receiver General for Canada	82
suspense	7
	2,072
Revised net cost of operations	80,999

Deferred	(545,277)		(545,277)	(845,106)
	60,829,178	941,954	59,887,224	53,533,006
Vote 75 (85 in 1984)	8,567,700		8,567,700	10,887,708
Lapsed				(205,731)
	8,567,700		8,567,700	10,681,977
Statutory—Provincial Court award	141,186		141,186	
Statutory—Contributions to employee benefit plans	5,127,000		5,127,000	4,699,000
Total use of appropriations ..	74,665,064	941,954	73,723,110	68,913,983

5. Inventories

Inventories are valued at the lower of cost or net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

Inventories on hand to year-end are as follows:

	1985	1984
	(in thousands of dollars)	
Books, pamphlets, replicas, etc.	952	1,178
Publications in process	559	219
	1,511	1,397

6. Fixed assets and accumulated depreciation

Had the previous accounting policies of the Corporation continued with respect to the capitalization of fixed assets and recording depreciation, the balances would be as follows:

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	4,965			4,965
Furniture and equipment	9,071	1,697	1,410	9,358
Electronic data processing equipment	458	609		1,067
Automotive	789	328	94	1,023
	15,283	2,634	1,504	16,413
Accumulated depreciation	Balance at beginning of year	Depreciation	Decrease	Balance at end of year
	(in thousands of dollars)			
Leasehold improvements	1,619	198		1,817
Furniture and equipment	5,044	1,191	1,410	4,825
Electronic data processing equipment	92	213		305
Automotive	356	205	94	467
	7,111	1,807	1,504	7,414

Useful lives have been estimated as follows:

Leasehold improvements	Term of the lease
Furniture and equipment	5-12 years
Electronic data processing equipment	5 years
Automotive	5 years

AUDITOR'S REPORT

TO THE CHAIRMAN OF THE BOARD OF TRUSTEES
OF THE NATIONAL MUSEUMS OF CANADA

I have examined the balance sheet of National Museums of Canada as at March 31, 1985 and the statements of operations, equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1985 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied, after giving retroactive effect to the change in the method of accounting for employee termination benefits as explained in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

KENNETH M. DYE, F.C.A.
Auditor General of Canada

Ottawa, Canada
June 20, 1985

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority, objective and operations

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule B to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to safeguard and demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the National Museum of Man, the National Museum of Natural Sciences, the National Museum of Science and Technology, National Programmes, Corporate Management and Corporate Services.

2. Accounting policies

(a) Basis of accounting

Expenses and revenue are accounted for using the accrual basis of accounting, except for refunds of previous years' expenditure and the trust account which are recorded on a cash basis. Parliamentary appropriations are recorded in the year to which they apply.

(b) Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

(c) Property and equipment

Property and equipment are carried at cost and depreciated using the straight-line method over their estimated useful lives as follows:

Equipment	5 to 12 years
Building renovations	25 years
Office furniture	5 to 10 years

(d) Collections

Collections constitute the major portion of the Corporation's assets but are shown at a nominal value of \$1,000 on the balance sheet because of the practical difficulties in reflecting them at a meaningful value. Objects purchased for the collections of the Corporation are recorded as expenses in the year of acquisition. Objects donated to the Corporation are not recorded in the books of accounts.

(e) Services provided without charge

Amounts for services provided without charge by Government departments are included in operating expenses.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to admissible past service, contributions are expensed when paid; the terms of payment are set by the applicable purchase conditions.

Appendix 3—Continued

National Museums of Canada—Continued

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985—Continued

(g) Publishing and boutiques operations

Operating expenses of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

(h) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under their collective agreement and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

3. Change in accounting policy

During the year, the Corporation applied retroactively the following change to its accounting policy relating to the method of accounting for employee termination benefits. Formerly charged to expenditure in the year in which they were paid, they are now recorded in the accounts as the benefits accrue to the employees.

As a result of this change, the excess of financing over cost of operations for 1985 and 1984 have been decreased by \$362,000 and \$614,000 respectively.

4. Inventories

	1985	1984
	(in thousands of dollars)	
Books, pamphlets, replicas and other materials	952	1,178
Publications in process	559	219
	1,511	1,397

5. Property and equipment

		1985	1984	
	Cost	Accu- mulated depre- ciation	Net book value	Net book value
	(in thousands of dollars)			
Equipment	7,617	3,898	3,719	3,223

CONSUMER AND CORPORATE AFFAIRS

Department

Objective

- To promote equity, efficiency, openness and competition in Canada's market system, to promote and protect the interests of consumers, and to fulfill the functions of Registrar General of Canada.

Restrictive Trade Practices Commission

Objective

- To maintain free and open competitive conditions in the market economy, to eliminate certain practices in restraint of trade and afford protection against false and misleading advertising.

Standards Council of Canada

Objective

- To foster and promote voluntary standardization in fields relating to the construction, manufacture, production, quality, performance and safety of buildings, structures, manufactured articles and products and other goods and to further international co-operation in the field of standards.

Use of Appropriations

Vote	Program

EMPLOYMENT AND IMMIGRATION

Department

Objective

DEPARTMENTAL ADMINISTRATION PROGRAM

- To ensure that federal labour market, income related and immigration policies and programs are developed and implemented in an effective manner consistent with national economic and social goals and to provide information to the public concerning these policies and programs.

Canada Employment and Immigration Commission

Objectives

ADMINISTRATION PROGRAM

- To provide efficient and timely support services to the Commission and Department.

EMPLOYMENT AND INSURANCE PROGRAM

- To further the attainment of national economic and social goals by realizing the full productive potential of Canada's human resources, while supporting the initiatives of individuals to pursue their economic needs, and, more generally, their self-fulfillment through work.

IMMIGRATION PROGRAM

- To administer the admission of immigrants and visitors in accordance with the economic, social and cultural interests of Canada.

ANNUITIES PROGRAM

- To administer contracts entered into under the Government Annuities Act.

Immigration Appeal Board

Objective

- To make available to persons who have been ordered removed from Canada or to persons in Canada whose relatives have been refused admission to Canada, an independent court to which they may appeal such decisions, not only on legal grounds, but also on discretionary grounds; and to permit the redetermination of refugee claims.

	Non-budgetary
Stat	The Immigration Act, 1976, Section 121. The Minister of Finance may, from time to time, advance to the Minister out of the Consolidated Revenue Fund such sums as the Minister may require to enable him to make loans to immigrants and such other classes of persons as may be prescribed for the purpose of paying the costs of admission, transportation and reasonable living expenses. The total amount outstanding at any time, as last amended in S.C. 1980-81, c. 1, shall not exceed \$60,000,000. Governing regulations are contained in PC 1978-486, February 23, 1978, pursuant to Subsection 115(1) of the Act. (Net)

Canada Employment and Immigration Commission

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Canada Employment and Immigration Commission (CEIC) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of CEIC. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the senior management of CEIC.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CEIC maintains a set of accounts which provides a centralized record of the CEIC financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

Financial Services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The CEIC maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard CEIC assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the CEIC and of the Office of the Auditor General. CEIC also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

Canada Employment and Immigration Commission—
ContinuedNOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985

1. Authority and objectives

The Canada Employment and Immigration Commission was established under Section 7 of the Employment and Immigration Reorganization Act, 1977 and is a departmental corporation named in Schedule B to the Financial Administration Act. All the Commission's operating and contributions and grants expenditures are funded by budgetary lapsing authorities whereas employee benefits, annuities agents supplementary retirement benefits, and the Government's contribution to the Unemployment Insurance Account and in respect of fishermen's benefit are authorized by statutory authorities. The Commission is divided into four program areas and their objectives are as follows:

Administration Program—To provide efficient and timely support services to the Commission and the Department.

Employment and Insurance Program—To further the attainment of national economic and social goals by realizing the full productive potential of Canada's human resources, while supporting the initiatives of individuals to pursue their economic needs, and more generally, their self-fulfillment through work.

Immigration Program—To administer the admission of immigrants and visitors in accordance with the economic, social and cultural interests of Canada.

Loans to immigrants and other classes of persons for the purposes of paying the costs of admission, transportation and reasonable living expenses are made under a non-budgetary statutory authority advanced by the Minister of Finance pursuant to the Immigration Act, Section 121. The total amount of loans outstanding shall not, at any time, exceed \$60,000,000.

Annuities Program—To administer contracts entered into under the Government Annuities Act.

2. Significant accounting policies

The statement of operations was prepared using the following accounting policies:

- (i) Expenditure is recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay.
- (ii) Revenue is recorded on a cash basis in accordance with the Government's accounting policies.
- (iii) Acquisitions of capital assets are charged to operating expenditure in the year the expenditure is incurred.
- (iv) Estimated amounts for services provided without charge from other Government departments are disclosed in the statement of operations.
- (v) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

5. Trust funds and specified purpose accounts

The Canada Employment and Immigration Commission also has the responsibility to administer and control the following trust funds and specified purpose accounts.

(a) Unemployment Insurance Account

The Unemployment Insurance Act provides for a compulsory contributory unemployment insurance program applying to all employees, subject to minor exceptions.

The Act authorizes an account in the Accounts of Canada to be known as the Unemployment Insurance Account.

The Act provides for the following to be credited to the Account: (a) premiums, fines, penalties and interest; (b) the Government share of benefits paid; (c) refunds of overpay-

ments of benefits, and benefit repayments; (d) amounts for services rendered to other government departments or agencies, or to the public; (e) amounts provided for any other purpose related to unemployment insurance and authorized by an appropriation administered by the Canada Employment and Immigration Commission; and (f) interest on the balance of the account at such rates as the Minister of Finance may authorize. The Act also provides that the following be charged to the Account: (a) benefits paid under the Act; (b) the costs of administering the Act; and (c) the interest on advances made by the Minister of Finance.

Interest bearing loans are made to the Unemployment Insurance Account, under Section 137(1) of the Unemployment Insurance Act, as a result of deficiencies in contributions from employers and employees. The loan balance outstanding as at March 31, 1985 bears interest at rates between 9.75% and 16.375% per annum, and is repayable between April 30, 1985 and March 31, 1987.

Balance as at March 31 (deficit) ⁽²⁾	(5,077)	(4,101)

(1) Fishermen's benefits in the amount of \$171 million (1984—\$152 million), the related Government contribution of \$159 million (1984—\$140 million) and the fishermen's premiums of \$12 million (1984—\$12 million) are included in the statement.

(2) Interest bearing loans under Section 137(1) of the Unemployment Insurance Act in the amount of \$4,815 million (1984—\$3,823 million) were made to the Unemployment Insurance Account leaving a net deficit balance as at March 31, 1985 of \$272 million (1984—\$278 million).

(b) Government Annuities Account

This account was established by the Government Annuities Act, and modified by the Government Annuities Improvement Act, which discontinued sales of annuities. The account valued on an actuarial basis each year, with the deficit or surplus charged or credited to the Consolidated Revenue Fund. The accounts of the Government Annuities Account are maintained on an accrual basis.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years, by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts, and discontinued sales of annuities.

Appendix 1—Continued

Canada Employment and Immigration Commission—
ContinuedNOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985—Continued

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously unlocated annuitants, earned interest and items transferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, and actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities, related to annuitants who cannot be located, are transferred to non-tax revenue.

(c) Annuities Agents' Pension Account

This pension plan provides pension benefits to former eligible Government employees who were engaged in selling Government annuities to the public. During the year, interest of \$1,804, calculated at the rate of 4% per annum, was credited to the Account and charged to interest on public debt. Contributions from the Annuities Branch, as former employer, amounted to \$9,946.

6. Loans, investments and advances

Assisted Passage Scheme—Employment and Immigration

Section 121 of the Immigration Act authorizes the making of loans to immigrants and other such classes of persons.

The total amount authorized to be outstanding at any time is \$60,000,000.

The terms and conditions of the loans, with their year-end balances, are as follows:

- repayable by monthly instalments over 1 to 5 years with a possible deferment of 2 years, bearing interest at rates from 6% to 15% per annum, with final instalments between April 1, 1985 and April 1, 1990, \$8,978,957; and,
- repayable by monthly instalments over 1 to 5 years with a possible deferment of 2 years, non-interest bearing, with final instalments between April 1, 1985 and April 1, 1990, \$45,846,714.

7. Contingent liabilities

Two claims, one from a former employee for allegations that he submitted fraudulent overtime claims and one from a client for physical injury while entering our rented premises, have been brought against the Canada Employment and Immigration Commission. Both of these claims amount to approximately \$178,849, and no date has yet been set for the hearing of these cases.

8. Consolidated statement of receipts and disbursements

This consolidated statement represents the aggregate of all financial activities pertaining to the Department of Employment and Immigration, the Canada Employment and Immigration Commission, the Unemployment Insurance Account, the Government Annuities Account and other trust funds and specified purpose accounts mentioned in the preceding Note 5. It represents a summary, on a consolidated basis, of the total operations of Employment and Immigration Canada.

ENERGY, MINES AND RESOURCES

Department

Objectives

ADMINISTRATION PROGRAM

- To ensure effective management and accountability in the federal programs of Energy, Minerals and Earth Sciences, and Administration, in the Department of Energy, Mines and Resources, and to maintain central services in support of these programs.

ENERGY PROGRAM

PROGRAM

- To establish and maintain effective policies, strategies and programs for the supply and efficient use of energy resources, with due regard for other social and economic goals.

ENVIRONMENTAL STUDIES REVOLVING FUND

- To fund environmental and social studies which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands.

MINERALS AND EARTH SCIENCES PROGRAM

- To ensure the availability of mineral policies and strategies, and timely earth sciences information, technology and expertise related to the landmass of Canada and its mineral and energy resources.

Atomic Energy Control Board

Objective

- To control atomic energy in the interests of health and safety and national security.

Atomic Energy of Canada Limited

Objective

- To develop the utilization of atomic energy for peaceful purposes.

National Energy Board

Objectives

- To ensure that the best interests of Canada are served in the construction and operation of oil and gas pipelines and power lines subject to federal jurisdiction, in the exportation and importation of gas, in the exportation of electrical power, and in the exportation and importation of oil.
- To ensure the safe construction and operation of power lines and of oil and gas pipelines subject to federal jurisdiction.
- To advise on the control, supervision, conservation, use, marketing and development of energy and sources of energy.

Petro-Canada

Objective

- To mobilize capital and Canadian skills for the purpose of improving the security of supply of energy resources for Canada and increasing Canadian ownership and participation in the energy industries and to otherwise support the achievement of the stated goals of national energy policies.

Petro-Canada International Assistance Corporation

Objective

- To assist developing countries to reduce or eliminate their dependence on imported oil by undertaking exploratory and related activities to assess and develop hydrocarbon potential of the recipient country.

<i>Expenditures not required for the current year</i>			72
ENERGY PROGRAM			
Grants			
<i>Energy policy</i>			
University of Calgary for the Energy Resources Institute	125	125	125
In support of organizations associated with the research, development, management and promotion of energy related issues	47	47	20
<i>Expenditures not required for the current year</i>			3
<i>Non-petroleum sources: supply, demand and substitution</i>			
<i>Expenditures not required for the current year</i>			20
<i>Administration of Canada Oil and Gas Lands</i>			
Grant in lieu of tax paid to Nova Scotia for the Offshore Oil and Gas Resource Revenue Fund established under the Canada-Nova Scotia Oil and Gas Agreement Act	21,000 21,172	21,000 21,172	168
Contributions			
<i>Energy policy</i>			
In support of Laval University for a scholarship program	169	169	142
In support of organizations associated with the research, development, management and promotion of energy related issues	180	157	94
Saskatchewan Co-op upgrader	3,200	2,049	
<i>Expenditures not required for the current year</i>			108
<i>Petroleum sources: supply, demand and substitution</i>			
Joint Canada-Saskatchewan Program for the development of heavy oil recovery technology (1976)	1,304	126	1,216
Oil substitution—Distribution systems expansion	60,000	60,000	34,424
Natural Gas Laterals Program	179,100	170,860	76,936
Gas Marketing Assistance Program	27,000	20,456	293
Canada-Saskatchewan Agreement on Fossil Fuel Research, Development and Demonstration (1981)	2,850	1,623	660
Natural gas liquids	150	150	
Natural Gas Transportation Assistance Program	33,700	31,934	
Market Development Incentives Program (MDIP)—Gas Marketing Assistance Program (GMAP)	(26,300)		
Market Development Incentives Program (MDIP)—Distribution Systems Expansion Program (DSEP)	(41,890)	(41,889)	
Class contribution	11	11	
<i>Expenditures not required for the current year</i>			1,312
<i>Oil pricing and compensation</i>			
Payments to Interprovincial Pipe Line Limited in respect of deficiencies incurred by the Company in connection with the construction and operation of the Montreal extension of the Interprovincial Pipe Line System	7,156	7,156	8,330
Petroleum compensation	2,707,917	2,646,234	2,232,873
Petroleum compensation payments	840,800	808,598	
<i>Non-petroleum sources: supply, demand and substitution</i>			
In support of the development and commercialization of new coal utilization technology	10,275	10,196	7,223
Payment to New Brunswick Power Commission re: Coleson Cove Plant	20,000	16,168	19,272
Federal share of the Canadian Electrical Association Research and Development Program	2,912	2,912	2,800
In support of commercial vehicle owners to stimulate the use of propane as a motor fuel in place of gasoline or diesel	15,189	15,189	5,309
In support of solar heating demonstration projects	100	82	79
In support of a utility off-oil fund to finance up to 75% of the cost of environmentally acceptable conversions of oil-fired electricity plants to coal	580	579	87
Oil substitution—Conversion assistance	167,779	167,671	155,609
In support of the development and demonstration of a pressurized oxygen fluidized bed for wood gasification	2,500	909	2,511
In support of the Remote Community Demonstration Program	1,330		348
In support of the development of improved batteries for electric vehicles	100	98	84
In support of government-industry activities for development of new liquid fuels	100	82	47
In support of the development of natural gas fueling stations	1,140	436	366
In support of conversion or purchase of natural gas vehicles	1,855	933	286
In support of commercial-scale demonstration of advanced electrolytic hydrogen production	700	690	
In support of development of specifications and standards for alternative transportation fuels	100	89	
In support of Solar Energy Demonstration Program	7,950	4,904	
Prince Edward Island underwater cable	20,000	20,000	
Biomass combustion systems in Prince Edward Island	750	105	
Endermo—Remote Community Demonstration Program	2,000	1,752	
Class contributions	191	191	
<i>Expenditures not required for the current year</i>			1,195
<i>Energy conservation</i>			
In support of federal-provincial agreements for the development and demonstration of new technologies related to renewable and non-conventional sources of energy and energy conservation	10,433	9,794	15,036
Canadian Home Insulation Program:			
Contributions to individuals	145,500	133,525	53,145
In support of low cost energy conservation initiatives	496	391	420
In support of assisting industrial and commercial establishments and institutions to improve efficiency of energy use	4,000	3,605	3,658

Grants and Contributions—Continued

(in thousands of dollars)

	1984-85 Appropriations	1984-85 Expenditures	1983-84 Expenditures
In support of organizations to stimulate the use of biomass residue as a fuel in place of conventional fuels and to cogenerate electricity and heat	11,106	11,106	7,069
In support of the Atlantic provinces to assist industrial and commercial establishments and institutions to finance a portion of the capital investments in energy conservation	7,200	5,355	2,060
To provincial agencies and to persons for development initiatives undertaken under the General Development Agreements and Subsidiary Agreements for the purpose of economic and socio-economic adjustment	3,012	2,296	2,653
In support of Industrial Conversion Assistance Program	7,048	7,048	482
Enerdemo—Canada	7,670	1,686	
Industry Energy Research and Development Program (IERD)	6,303	6,303	
Super Energy Efficient Housing Demonstration (SEE)	1,500	284	
Class contributions	60	60	
<i>Expenditures not required for the current year</i>			2,470
<i>Petroleum ownership, control and incentives</i>			
Petroleum incentives payments	1,750,000	1,735,330	1,729,034
<i>Administration of Canada Oil and Gas Lands</i>			
In support of defraying infrastructural costs directly or indirectly relating to the exploration for or development, production or transportation of oil or gas in the offshore area	20	20	
Canada-Nova Scotia Development Fund	50,000		
<i>Energy research and development</i>			
Contributions to the International Energy Agency (IEA) and agents	300	175	73
<i>Expenditures not required for the current year</i>			
	6,055,546	5,867,598	4,367,704
ENERGY PROGRAM—ENVIRONMENTAL STUDIES REVOLVING FUND			
Contributions			
Contributions for payment of studies	1,861	1,861	492
	6,078,579	5,890,631	4,368,364
MINERALS AND EARTH SCIENCES PROGRAM			
Grants			
<i>Mineral development</i>			
<i>Expenditures not required for the current year</i>			50
<i>Minerals technology</i>			
<i>Expenditures not required for the current year</i>			6
<i>Energy technology</i>			
Canadian Institute for Radiation Safety	50	50	
United Kingdom Steels Research Project	75	62	
<i>Geological surveys</i>			
<i>Expenditures not required for the current year</i>			43
<i>Remote sensing</i>			
<i>Expenditures not required for the current year</i>			10
<i>Surveying and mapping</i>			
Canadian Institute of Surveying (FIG)	76	76	30
<i>Program management and support</i>			
In aid of earth sciences, energy and minerals research	1,398	1,398	1,398
Grants to support organizations associated with the research, development, management and promotion of earth sciences technology and mineral resource related issues	116	116	
	1,715	1,702	1,537
Contributions			
<i>Mineral development</i>			
Contribution to the Asbestos Strategy	1,250	1,200	
Contribution to the Province of Newfoundland under a joint Federal Provincial Mineral Development Agreement ..	620	493	
Contribution to the Queen's University Centre for Resource Studies	187	187	75
<i>Expenditures not required for the current year</i>			16
<i>Minerals technology</i>			
Committee on Ground Control and Emergency Preparedness	20	19	
<i>Energy technology</i>			
Alberta Oil Sands Technology and Research Authority (AOSTRA)	112	54	9
Alberta Oil Sands Technology and Research Authority—Bitumen and heavy oil	17	5	
Alberta Oil Sands Technology and Research Authority—Oil Sands Demonstrations Phase II	188	125	
In support of the 10th World Coal Preparation Congress	23	23	
<i>Expenditures not required for the current year</i>			140
<i>Geological surveys</i>			
Sudbury, Timmins, Algoma Mineral Program	100	63	687
<i>Expenditures not required for the current year</i>			123
<i>Earth physics</i>			
<i>Expenditures not required for the current year</i>			22
<i>Remote sensing</i>			
European Space Agency	4,100	4,100	1,399

Grants and Contributions—Concluded

(in thousands of dollars)

	1984-85 Appropriations	1984-85 Expenditures	1983-84 Expenditures
<i>Surveying and mapping</i>			
<i>Expenditures not required for the current year</i>			53
<i>Program management and support</i>			
Contributions to support organizations associated with the research, development, management and promotion of earth sciences technology and mineral resource related issues	159	114	
Contribution to the National Science Foundation—USA	130	130	
	6,906	6,513	2,524
	8,621	8,215	4,061
	6,087,200	5,898,846	4,372,497
ATOMIC ENERGY CONTROL BOARD			
Grants			
<i>Administration of atomic energy control regulations</i>			
Grants to support non-profit organizations which are furthering the development of nuclear safety standards	10	8	6
Canadian Institute for Radiation Safety	50	50	
	60	58	6
Contributions			
<i>Administration of atomic energy control regulations</i>			
Contributions in the form of post-graduate scholarships to assist in recruiting persons for scientific posts	24	4	16

Atomic Energy Control Board

AUDITOR'S REPORT

TO THE ATOMIC ENERGY CONTROL BOARD

AND

THE HONOURABLE PAT CARNEY, P.C., M.P.,

MINISTER RESPONSIBLE FOR THE ATOMIC ENERGY CONTROL BOARD

I have examined the statements of expenditure and receipts, and sources of funds of the Atomic Energy Control Board for the year ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the expenditure and receipts, and sources of funds of the Atomic Energy Control Board for the year ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statements.

KENNETH M. DYE, F.C.A.

Auditor General of Canada

Ottawa, Canada

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and objective

The Atomic Energy Control Board (AECB) was established in 1946 by the Atomic Energy Control Act. It is a departmental corporation named in Schedule B to the Financial Administration Act and currently reports to Parliament through the Minister of Energy, Mines and Resources.

The objective of the AECB is to control atomic energy in the interests of health and safety and national security. The AECB achieves this objective by providing through its atomic energy control program, the control of the development, application and use of, atomic energy in Canada and by participating on behalf of Canada in international measures of control.

The AECB is also responsible for the administration of the Nuclear Liability Act, including the designation of nuclear installations and the prescription of basic insurance to be carried by the operators of such nuclear installations (see Note 3).

2. Accounting policies

Operating expenditure includes the cost of work performed, goods received or services rendered prior to April 1.

Capital costs are charged to expenditure in the year of acquisition.

Grants and contributions are charged to expenditure when disbursed.

Employee termination benefits and vacation pay are charged to expenditure when disbursed.

AECB employees participate in the superannuation plan administered by the Government of Canada and contribute equally with the AECB to the cost of the plan. Contributions by the AECB are charged to expenditure when disbursed.

Expenditure includes amounts for services provided without charge by other Government departments.

Receipts are deposited to the Consolidated Revenue Fund and recorded as non-tax revenue of the Government of Canada when received, and do not reduce the appropriations voted to or expenditure of the AECB.

3. Administration of the Nuclear Liability Reinsurance Account

The Atomic Energy Control Board administers on behalf of the Government of Canada the Nuclear Liability Act. The Act requires operators of nuclear installations to carry basic insurance in an amount prescribed by the AECB and supplementary insurance such that the total of the two categories of insurance equals \$75 million for each installation. As empowered by the Act, the responsible Minister on October 1, 1976 entered into a reinsurance agreement with a private insurance consortium, the Nuclear Insurance Association of Canada (NIAC), to provide supplementary insurance coverage for sixteen nuclear installations. Premiums for supplementary insurance are received by the AECB from NIAC on behalf of the operators of nuclear installations, and are credited to the Nuclear Liability Reinsurance Account. This account, which was created under Section 17 of the Act, forms part of the Consolidated Revenue Fund. Any amounts payable pursuant to a reinsurance agreement are charged to the Account. There have been no payments out of the Nuclear Liability Reinsurance Account since its creation.

The balance of the Nuclear Liability Reinsurance Account as at March 31, 1985 is \$528,342 (1984—\$526,682). Supplementary insurance coverage outstanding as at March 31, 1985 is \$699,371,658 (1984—\$699,373,318).

4. Accounts payable and accrued liabilities

The amounts of accounts payable and accrued liabilities as at March 31, 1985 are as follows:

	\$
(a) Accounts payable	
Suppliers accounts	1,537,569
Contractors holdbacks	54,979
	<u>1,592,548</u>
Accrued salaries	212,124
	<u>1,804,672</u>

The costs represented by the accounts payable and accrued salaries are reflected in the statement of expenditure and receipts.

	\$
(b) Other accrued liabilities	
Vacation pay	761,131
Employee termination benefits	1,099,172
	<u>1,860,303</u>

The costs associated with other accrued liabilities are not included in the statement of expenditure and receipts. These costs are recognized only when paid (see Note 2).

The accrued vacation pay represents the amount of vacation pay credits outstanding at the end of the year.

The accrued employee termination benefits are calculated on the basis of one half week's pay for each complete year of continuous service to a maximum of 13 weeks' pay.

5. Related party transactions

AECB administers a special program jointly with Atomic Energy of Canada Limited (AECL) for research and development in support of the safeguards program of the International Atomic Energy Agency. For the year, payments of \$1,785,000 (1984—\$2,200,000) were made to AECL under this program.

On the statement of expenditure and receipts, expenditures are net of \$205,752 and receipts include \$27,270 for services provided by the AECB's Orientation Centre to the Department of External Affairs and AECL. The total received in 1985 was \$233,022 (1984—\$359,179).

6. Comparative figures

The comparative figures for the year ended March 31, 1984 are based on financial information used in preparing the Public Accounts of Canada for that same year. The Auditor General of Canada, in his capacity as auditor of the accounts of Canada, has examined the financial information on which the comparative figures are based to the extent that he considered necessary in the circumstances.

7. Restatement of prior year figures

For comparative purposes, some 1983-84 figures have been restated to conform with the 1984-85 presentation.

8. Contingent liability

At March 31, 1985, the AECB was a defendant in lawsuits amounting to \$14,450,000. The lawsuits are seeking damages for breach of statutory duties related to radioactively contaminated soil. Any settlement resulting from the resolution of these actions will be paid from the Consolidated Revenue Fund.

Appendix 2

Environmental Studies Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Environmental Studies Revolving Fund (EMR) in accordance with Treasury Board policy, the reporting requirements of the Receiver General for Canada and the stated accounting policies set out in Note 2.

The Department develops and disseminates financial management and accounting policies and the Fund is maintained under a system of internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded.

The financial information presented herewith is consistent with that presented elsewhere in the Public Accounts and in departmental reports.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and purpose

The Environmental Studies Revolving Fund was established under the Authority of Section 49 of the Canada Oil and Gas Act, which was proclaimed in March 1982. The terms and conditions of the Fund were approved by Treasury Board in February 1983. The purpose of the Fund is to finance environmental and social studies, which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands. Payments in the form of levies are made into the Fund by interest owners based on a rate fixed by the Minister; payments are made from the Fund to parties carrying out such environmental and social studies as directed by the Minister. The total amount on deposit in the Fund shall not, at any time, exceed \$15,000,000.

2. Significant accounting policy

Levies and expenses

Levies are recorded at the time of billing to the interest owners. Expenses are recorded on the accrual basis of accounting; therefore, they include estimated amounts for study costs incurred, but not invoiced before year end.

3. Contractual obligations

At March 31, 1985, there existed \$1,923,371 in contractual obligations for studies which will become expenses of the Fund as they are performed.

Appendix 3

National Energy Board—Exemptions or reductions of oil export charges

Note: This statement provides details for all exemptions or reductions of oil export charges of \$1,000 or over. This information is required by Section 12(2) of the Energy Administration Act.

Order exempting from export charges the exportation from Canada of oil other than oil products on condition that an equivalent volume of such oil is returned to Canada. PC 1976-359 dated February 18, 1976 and amending PC 1976-3091 dated December 16, 1976, PC 1977-2946 dated October 20, 1977 and PC 1979-1117 dated April 4, 1979:

ENVIRONMENT

Department

Objectives

ADMINISTRATION PROGRAM⁽¹⁾

- To provide policy direction, management and services to the Department and to provide for environmental assessment review.

ENVIRONMENTAL SERVICES PROGRAM⁽¹⁾

- To promote and undertake programs to protect and enhance the quality of the environment, and programs designed to improve the management and sustained economic utilization of the forest, wildlife and inland water resources of the nation.

PARKS CANADA PROGRAM

- To acquire and develop representative areas of the country, for use by the public consistent with the preservation of such areas in their natural state; to preserve, restore and operate sites, structures and travel routes of importance to Canadian history.

National Battlefields Commission⁽²⁾

Objective

- The mandate of the Commission was originally to establish, as national park, the historical battlefields at Quebec. Nevertheless, the objective of the Commission is now to operate the National Battlefields Park at Quebec in order to meet the actual needs; it should be animated, useful and able to expand as a dynamic entity in terms of its historical, cultural, recreational and natural vocation.

Thus, the Commission intends to enhance the historical aspect of the Park; to continue the process of upkeep, development, supervision, security and to operate the overall of its territory in terms of its vocation.

⁽¹⁾ Part of the Administration and of the Environmental Services Programs was transferred to the Administration and to the Canadian Forestry Service Programs of the Department of Agriculture (PC 1984-3200 dated September 17, 1984).

⁽²⁾ Formerly part of Vote 30 of Parks Canada Program.

The National Battlefields Commission

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the National Battlefields Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. Management is responsible for the integrity and objectivity of the financial information in this report. The role of the commissioners is to ensure that management fulfills its duty regarding financial information and internal control.

This statement of operations was prepared according to the accounting policies set out in Note 2 on a basis consistent with that of the preceding period except as described in Note 3 to the statement. Some of the information included in the financial statement is based on management's best estimates and judgments and gives due consideration to materiality. To fulfill its reporting responsibility management maintains a system of internal control to assure that the financial information is reliable and that the assets are safeguarded. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Auditor General performed an audit on the financial statements for the 7 months ended March 31, 1985 according to generally accepted auditing standards, his role being to express an informed opinion to see if the financial statement presents fairly the results of operations of the National Battlefields Commission for this period.

The opinion of the Auditor General is attached.

Approved by:

LÉON TASCHEREAU
Secretary

FERNAND TREMBLAY
Chairman

AUDITOR'S REPORT

THE HONOURABLE SUZANNE BLAIS-GRENIER, P.C., M.P.
MINISTER OF THE ENVIRONMENT

I have examined the statement of operations of The National Battlefields Commission for the seven months ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, the financial statement presents fairly the results of the operations of the Commission for the seven months ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statement.

RAYMOND DUBOIS, C.A.

Appendix—Continued

The National Battlefields Commission—Continued

NOTES TO THE FINANCIAL STATEMENT
MARCH 31, 1985

1. Authority and objectives

The Commission was established in 1908 under an Act respecting The National Battlefields at Quebec for the purpose of acquiring, preserving and developing an historic battlefields park at Quebec.

Since September 1, 1984, the Commission is a departmental corporation named in Schedule B to the Financial Administration Act whereas previously it was named in Schedule C to the Act as a Crown corporation.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the following accounting policies:

- (a) Expenditures are recorded on an accrual basis, except for employee termination benefits and annual leaves which are accounted for when paid.
- (b) Acquisitions of fixed assets, supplies and small tools are charged to expenditures.
- (c) Expenditures include estimated amounts for services provided without charge by Government departments.
- (d) Receipts are recorded on a cash basis.
- (e) Contributions to the superannuation plan administered by the Government of Canada, in respect of current and admissible past services, are charged to expenditures when paid. All employees of the Commission participate in this plan. The employees and the Commission contribute equally to the cost of the plan. This contribution represents the total liability of the Commission under the plan.

3. Change in accounting policies

The change in the status of the Commission under the Financial Administration Act, described in Note 1, has led it to adopt, effective September 1, 1984, revised accounting policies similar to those used for the preparation of the Accounts of Canada which meet the reporting requirements of the Receiver General for Canada.

The amounts for the five months ended August 31, 1984 have been restated, for comparative purposes, in accordance with the revised accounting policies. This restatement has resulted in increasing the net cost of operations for that period by \$624,657, as follows:

	\$
Net cost of operations per financial statements as at August 31, 1984	1,243,405
Add: prepaid grants in lieu of real estate taxes	562,786
net additions to fixed assets	95,268
increase in accrued interest	8,586
increase in inventories of supplies	3,699
	<u>1,913,744</u>
Deduct: loss on disposal of fixed assets	16,932
decrease in accrued fines and penalties	14,035
increase in the provision for employee termination benefits	7,453
collection of an account receivable	5,854
	<u>44,274</u>
Net cost of operations in accordance with the revised accounting policies	<u>1,869,470</u>

4. Parliamentary appropriation

Parliament voted an appropriation of \$2,866,000 to the Commission for its activities of the twelve months ended March 31, 1985, of which \$2,757,817 has been used. The unused balance of \$108,183 has lapsed.

5. Fixed assets

The cost of fixed assets under the responsibility of the Commission is as follows:

	August 31, 1984	Additions	Disposals	March 31, 1985
	\$	\$	\$	\$
Land	724,710			724,710
Roadways, driveways and landscaping	999,582			999,582
Buildings	281,563			281,563
Equipment	863,083	14,294		877,377
	<u>2,868,938</u>	<u>14,294</u>		<u>2,883,232</u>

6. Special land purchase fund

Funds have been received from provincial and municipal governments and other administrations for the specific purpose of acquiring certain lands. These funds, together with revenue earned from the investment of such funds, are recorded in a special fund. As at March 31, 1985, the balance of this special fund amounts to \$110,740 and is on deposit with the Receiver General for Canada. Interest earned during the seven months ended March 31, 1985, amounting to \$3,748, has been credited to this fund.

Appendix—Continued

The National Battlefields Commission—Continued

AUDITOR'S REPORT

THE HONOURABLE SUZANNE BLAIS-GRENIER, P.C., M.P.
MINISTER OF THE ENVIRONMENT

I have examined the balance sheet of The National Battlefields Commission as at August 31, 1984 and the statements of operations, equity of Canada and changes in financial position for the five months then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements give a true and fair view of the financial position of the Commission as at August 31, 1984 and the results of its operations and the changes in its financial position for the five months then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Commission, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

KENNETH M. DYE, F.C.A.
Auditor General of Canada

Ottawa, Canada

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 1984

1. Authority and objectives

The Commission was established in 1908 under an Act respecting The National Battlefields at Quebec for the purpose of acquiring, preserving and developing an historic battlefields park at Quebec.

An Act to amend the Financial Administration Act in relation to Crown corporations and to amend other Acts in consequence thereof (Chapter 31 of the Statutes of Canada, 1984), which came into force on September 1, 1984 by proclamation, names the Commission in Schedule B to the Financial Administration Act, as a departmental corporation. Previously, the Commission was named in Schedule C to the said Act, as a Crown corporation that is an agent of Her Majesty in right of Canada.

In consequence of what is described in the preceding paragraph, the Commission has closed its accounts as at August 31, 1984 and has prepared these financial statements. Effective September 1, 1984, it will keep its accounts in accordance with the accounting policies of the Government of Canada.

2. Significant accounting policies

(a) Fixed assets, supplies and small tools

Fixed assets are financed by parliamentary appropriations and are accounted for at cost. No depreciation is recorded in the accounts.

Supplies and small tools are valued at the lower of average cost and replacement value.

(b) Special land purchase fund

Funds have been received from provincial and municipal governments and other administrations for the specific purpose of acquiring certain lands. These funds, together with revenue earned from the investment of such funds, are recorded in a special fund.

Appendix—Concluded**The National Battlefields Commission—Concluded****NOTES TO FINANCIAL STATEMENTS**AUGUST 31, 1984—*Concluded*

(c) Parliamentary appropriation

The parliamentary appropriation is credited to the Equity of Canada in the year to which it applies.

(d) Grants in lieu of real estate taxes

Grants in lieu of real estate taxes are recorded in the year to which the related parliamentary appropriation applies.

(e) Employee termination benefits

On termination of employment, employees are entitled to certain benefits provided for under their collective agreement and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

(f) Pension plan

All employees of the Commission participate in the superannuation plan administered by the Government of Canada. The employees and the Commission contribute equally to the cost of the plan. This contribution represents the total liability of the Commission. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service contributions are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

EXTERNAL AFFAIRS

Department

Objectives

CANADIAN INTERESTS ABROAD PROGRAM PROGRAM

—To promote in their international dimensions the national objectives of economic growth, trade development, sovereignty and independence, peace and security, the promotion of social justice, quality of life and a harmonious natural environment.

PASSPORT OFFICE REVOLVING FUND

—To provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin.

GRAINS AND OILSEEDS PROGRAM

—To achieve sustained market growth and to maintain an orderly marketing system for grains and oilseeds.

WORLD EXHIBITIONS PROGRAM

—To present an image of Canada that portrays Canada's industrial, cultural and social development, through participation in World Exhibitions approved by the International Bureau of Expositions.

Canadian Commercial Corporation

Objective

—To provide an effective, responsive government-to-government export contracting service to the private and public sectors in Canada, at the least cost to the Canadian taxpayer; and to provide an efficient and effective contract management service to foreign governmental customers in order to ensure their satisfaction as to the quality, cost and delivery of Canadian goods and services, thereby enhancing the reputation of the Canadian private sector and the Corporation in the international market place.

Canadian International Development Agency

Objective

—To facilitate the efforts of the peoples of developing countries to achieve self-sustainable economic and social development in accordance with their needs and environment, by co-operating with them in development activities; and to provide humanitarian assistance thereby contributing to Canada's political and economic interest abroad in promoting social justice, international stability and long-term economic relationships, for the benefit of the global community.

Export Development Corporation

Objective

—To facilitate and develop trade between Canada and other countries.

International Development Research Centre

Objective

—To initiate, encourage, support and conduct research into the problems of the developing regions of the world and into the means of applying and adapting scientific, technical and other knowledge to the economic and social advancement of those regions.

International Joint Commission

Objective

—To implement the powers, responsibilities and functions assigned to the Commission by international agreements; to investigate and recommend upon any questions or matters of difference along the common frontier referred to it by the Governments of Canada and the United States; and to consider and, if appropriate, approve in accordance with the Boundary Waters Treaty of 1909, uses, diversions, or obstructions of waters on either side of the boundary affecting the natural level or flow of waters on the other side.

ASIAN DEVELOPMENT BANK—	
L36a	The total authority granted, to purchase, in the current and subsequent fiscal years, stock of the Asian Development Bank is for 8,740 paid-in shares and 36,403 callable shares for the amount of \$451,430,000 US of the weight and fineness in effect on January 31, 1966 which is equal to \$544,582,194 US including authority to pay the paid-in shares in instalments in the current and subsequent fiscal years, as required in accordance with the undertakings given by Canada to subscribe to shares of the Bank, said instalments to be paid in cash or in non-interest bearing, non-negotiable demand notes in such form as may be determined by the Minister of Finance, or in a combination of cash and notes, notwithstanding that the payment may exceed or fall short of the equivalent in Canadian dollars. (Various appropriation acts). (Gross). Amount brought forward in CDN\$ Translated to US\$ at beginning of year (\$1.2761 CDN = \$1 US) US\$ balance Translation to CDN\$ at end of year (\$1.3636 CDN = \$1 US)—Brought forward amount (The commitment under parliamentary authority of the International Development (Financial Institutions) Continuing Assistance Act was increased for an additional \$628,396,020 CDN subscription to the capital stock of the Asian Development Bank for an additional 2,370 paid-in shares and 45,030 additional callable shares in the bank raising total capital shareholdings to 92,543 shares. The said share increases, representing the third general capital increase, to be paid in five equal annual instalments of \$6,283,961 CDN from 1983 to 1987). ((One share = 10,000 SDR) one SDR = \$1.32573 CDN using the rate of exchange as at September 30, 1982).
L55	In accordance with the International Development (Financial Institutions) Continuing Assistance Act—Payment —Note issuance
Stat	Payment in respect of the encashment of notes issued to the Asian Development Bank pursuant to External Affairs, Vote 36a, Appropriation Act No. 3, 1977-78 Revaluation of the Asian Development Bank Account
AFRICAN DEVELOPMENT BANK—	
Stat	The International Development (Financial Institutions) Continuing Assistance Act. As Canada's initial subscription for shares as a member of the African Development Bank, the Secretary of State for External Affairs may purchase: (a) 4,200 paid-in shares in five instalments, and (b) 12,600 callable shares, of the African Development Bank, valued in the aggregate at one hundred and sixty-eight million Units of Account (being equivalent to approximately two hundred and forty million dollars). In respect of the third of the five instalments referred to in paragraph (a), the Secretary of State for External Affairs may issue to the African Development Bank, in a form determined by the Minister of Finance, non-interest bearing, non-negotiable demand notes in an aggregate amount equivalent in Canadian dollars to 8,400,000 Units of Account (being equivalent to approximately \$12,000,000). (Gross)

Passport Office Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Passport Office Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these statements rests with the management of the Fund.

These financial statements have been prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year.

The Fund maintains a system of internal accounting controls which provides management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded.

Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

Approved by:

D. BRESNAHAN
Director General, Finance and Management Services
(Senior full-time financial officer)

GARY R. HARMAN
Assistant Deputy Minister, Administration
(Senior financial officer)

July 8, 1985

Appendix—Concluded**Passport Office Revolving Fund—Concluded****NOTES TO FINANCIAL STATEMENTS**

MARCH 31, 1985

1. Purpose and authority

The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,000,000 at any time. An amount of \$745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies**(a) Inventories**

The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

(b) Fixed assets

Leasehold improvements are amortized on the straight-line basis over the term of the appropriate lease. Other fixed assets are depreciated from the year of acquisition on the straight-line basis over their estimated useful lives as follows:

Furniture	16 years
Equipment	
Electronic data processing	5 years
Other	10 years

(c) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Inventories

	1985	1984
	\$	\$
Materials and supplies	604,184	362,248
Work-in-process	95,197	85,731

	<u>1,256,608</u>	<u>78,788</u>	<u>22,866</u>	<u>1,312,530</u>

5. Long-term leases

The Passport Office occupies space at eighteen locations under long-term leases which expire between June 30, 1985 and August 31, 1994. The annual rental is approximately \$1,550,000.

FINANCE

Department

Objectives

FINANCIAL AND ECONOMIC POLICIES PROGRAM

- To assist the Government in deciding upon and implementing financial and economic policies and programs.

PUBLIC DEBT PROGRAM

- To provide funds for the interest and servicing costs of the public debt and for the issuing costs of new borrowings.

FISCAL TRANSFER PAYMENTS PROGRAM

- To provide funds for payments to provincial governments under various statutory authorities.

CANADIAN IMPORT TRIBUNAL PROGRAM*

- To determine whether dumped or subsidized imported goods are injuring Canadian producers and to inquire into other matters in relation to injurious imports that are referred to it by the Governor in Council.

INSPECTOR GENERAL OF BANKS PROGRAM

- To ensure that the provisions of the Bank Act and the Quebec Savings Banks Act are being duly observed so that the confidence of the public in the Canadian banking system is sustained.

Auditor General

Objective

- To provide appropriate audit information for use by the House of Commons in its scrutiny of Government programs, revenues and expenditures.

Insurance

Objective

- To protect the public against financial loss from the operations of federally registered or licensed financial institutions and registered pension plans and to provide actuarial services for the Government and other Government departments.

Tariff Board

Objective

- To adjudicate upon appeals from customs and excise rulings made by the Department of National Revenue and to conduct studies of the Customs Tariff Structure as directed by the Minister of Finance.

* Formerly the Anti-Dumping Tribunal Program.

(1) Under Part 1 of the Excise Tax Act R.S. c. E-13, 1970, a tax of 10 percent is levied on net insurance premiums paid by any resident of Canada for insurance placed with insurers not authorized under the laws of Canada or of any province thereof. A 10 percent premium tax is also levied on insurance placed with authorized insurers through brokers or agents outside Canada.

(C) Under the provisions of the Department of Insurance Act, R.S. c. I-17, 1970, the expenditure incurred by Canada during each fiscal year in connection with the administration of the Canadian and British Insurance Companies Act, the Co-operative Credit Associations Act, the Foreign Insurance Companies Act, the Loan Companies Act, and the Trust Companies Act, is assessed against the companies transacting business thereunder, in the proportion which the net receipts (as defined in the Act), or income of each in Canada bears to the total amount of such receipts or income received in Canada by all such companies during the preceding calendar year. Under the provisions of the Investment Companies Act, S.C. c. 33, 1970-71, the expenditure incurred each fiscal year in connection with the administration of the Act is assessed against investment companies in the proportion which the mean assets (as defined in the Act) of each bears to the total mean assets of all such companies.

CANADIAN SALTFISH CORPORATION	
	Non-budgetary
L23b	This account was established to record loans made to the Canadian Saltfish Corporation which was established under the Saltfish Act, 1969-70, and was extended by Vote L23b, Appropriation Act No. 1, 1976 to regulate interprovincial and export trade in saltfish in order to improve the earnings of primary producers of cured cod fish. Section 17 of the Act provides that the Governor in Council may authorize the Minister of Finance on such terms and conditions as the Governor in Council may prescribe: (a) to guarantee repayment of loans, and interest thereon, made by any bank to the Corporation; and (b) to make loans to the Corporation. PC 1973-1915 July 1973, authorizes the Minister of Finance to make loans to the Canadian Saltfish Corporation to finance the acquisition of capital assets other than working capital. The maximum amount that may be borrowed from all lenders is \$50,000,000 as amended by Bill C-6, 1984. (Net)
FRESHWATER FISH MARKETING CORPORATION	
	Non-budgetary
L30b	This Corporation was incorporated under the Freshwater Fish Marketing Act, 1968-69, to regulate interprovincial and export trade in freshwater fish and to establish the Freshwater Fish Marketing Corporation. For the purpose of enabling the Corporation to carry on its operations under the Act, Section 17 provides that the Governor in Council may authorize the Minister of Finance on such terms and conditions as may be agreed upon: (a) to guarantee repayment of loans, and interest thereon, made by any bank to the Corporation; and (b) to make loans to the Corporation. Vote L30b, Appropriation Act No. 1, 1974. The aggregate outstanding at any time of the amounts which may be borrowed from any bank upon the credit of the Freshwater Fish Marketing Corporation and the amounts loaned by the Minister of Finance under the authority of Section 17 of the Freshwater Fish Marketing Act shall not exceed \$30,000,000 as amended by Bill C-5, 1984. Fisheries Prices Support Board

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Fisheries Prices Support Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 1. Previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board's financial service group develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal

control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Board and of the Office of the Auditor General. The Board also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

	1985	1984
	\$	\$
Accounts receivable	1,082,202	330,230

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

- Expenditures are recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End (PAYE) accounting policy, with the exception of termination benefits and vacation pay.
- Revenue is recorded on a cash basis in accordance with the Government's accounting policies.
- Administrative services provided without charge by the Department of Fisheries and Oceans are included in the statement of operations.

2. Change in accounting policies

In 1984-85, the reporting for the Board in Public Accounts was changed from the accrual basis to the Government's modified cash basis of accounting, in order to make it consistent with other reporting in the Public Accounts and to meet the reporting requirements of the Receiver General for Canada. As a result of this change, the net cost of operations in 1984-85 is increased by \$112,811. The comparative figures for 1983-84 have also been restated, increasing the net cost of operations in that year by \$1,787,023.

3. Parliamentary appropriations

Fisheries Prices Support Board—Continued

AUDITOR'S REPORT

TO THE FISHERIES PRICES SUPPORT BOARD
AND
THE HONOURABLE JOHN FRASER, P.C., M.P.
MINISTER OF FISHERIES AND OCEANS

I have examined the balance sheet of the Fisheries Prices Support Board as at March 31, 1985 and the statements of operations and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1985 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

D. LARRY MEYERS, F.C.A.
*Deputy Auditor General
for the Auditor General of Canada*

Ottawa, Canada
June 26, 1985

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

*1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental Crown corporation named in Schedule B to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Accounting policies

The Board follows the accrual basis of accounting.

Administrative services provided without charge by the Department of Fisheries and Oceans are included in the cost of operations.

Inventories are recorded at the lower of cost and net realizable value.

*3. Canned mackerel program

The Board acted as the procurement agent for fishery products required for international food aid and development programs administered by the Canadian International Development Agency (CIDA) and the World Food Program (WFP).

Appendix—Concluded

Fisheries Prices Support Board—Concluded

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985—Concluded

*4. Cod block program

As of March 31, 1984, the Board had inventory of 716,483 kg of frozen cod fillet blocks. The entire inventory was sold as of March 31, 1985.

During the current year, the Board received the authority to support the price of frozen cod fillet blocks by purchasing inventory from fish processors. The purchase agreements allowed the processors to repurchase the cod at the original selling price up to six months after sale to the Board. The Board purchased 194,854 kg of frozen cod fillet blocks during the year, all of which were sold back to the original suppliers by March 31, 1985.

*5. Herring products program

During the current year, the Board received the authority to support the price of herring products by purchasing inventory from fish processors. The purchase agreements allowed the processors to repurchase the herring at the original selling price up to six months after sale to the Board. As of March 31, 1985, the Board had purchased inventory of 2,873,321 kg of herring products of which 1,173,756 kg were repurchased by year end.

As of March 31, 1985, the Board had inventory of 1,699,565 kg of herring products.

The inventory on hand as of March 31, 1985 was recorded at the lower of cost and net realizable value resulting in a write down of \$788,750 which is included in cost of goods sold.

*6. Deficiency payments

During the year, contributions in the form of deficiency payments were made by the Board to support the price of frozen cod products (1984—Seal pelts). These payments were made out of Fisheries and Oceans Vote 10.

INDIAN AFFAIRS AND NORTHERN DEVELOPMENT

Department

Objectives

ADMINISTRATION PROGRAM

- To provide overall policy direction and central advisory and administrative services to departmental programs.

INDIAN AND INUIT AFFAIRS PROGRAM

- In keeping with the principles of self-development, access of opportunity, responsibility and joint participation within Canadian society, to assist and support Indians and Inuit in achieving their cultural, social and economic needs and aspirations, and to ensure that Canada's constitutional and statutory obligations and responsibilities to the Indian and Inuit peoples are fulfilled.

NORTHERN AFFAIRS PROGRAM PROGRAM

- To advance the social, cultural, political and economic development of the Yukon and Northwest Territories, in conjunction with the Territorial Governments and through co-ordination of activities of the federal departments and agencies, with special emphasis on the needs of native northerners and the protection of the northern environment.

ENVIRONMENTAL STUDIES REVOLVING FUND

- To fund environmental and social studies which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada Lands in the North.

NATIVE CLAIMS PROGRAM

- To enable native claimants to research, develop and negotiate claims and to achieve land claims resolution.

Northern Canada Power Commission

Objective

- To provide public utilities and distribution systems on a self-sustaining basis in the Northwest Territories, the Yukon Territory and at certain other locations in Canada.

Environmental Studies Revolving Fund

MANAGEMENT REPORT

We have prepared the financial statements of the Environmental Studies Revolving Fund in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada. The primary responsibility for integrity and objectivity of these statements rests with departmental accounting operations.

These financial statements were prepared with objective data maintained by the Department. The significant accounting policy used in the preparation of the financial statements is included in the notes to the financial statements. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund began operation during the fiscal year 1983-84. The management of the Fund is effected through the maintenance of accounts which provide a centralized record of the Fund's transactions. Transactions are executed in accordance with the Financial Administration Act, regulations and directives from Treasury Board and the Receiver General for Canada in order to provide the required visibility, accountability and control of the operations of the Fund.

Approved by:

JEAN-FRANÇOIS MARTIN

*Director General, Finance and Deputy Comptroller
(Senior full time financial officer)*

BRIAN J. VEINOT

*Assistant Deputy Minister, Finance and Professional Services

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and purpose

The Environmental Studies Revolving Fund was established under the authority of Section 49 of the Canada Oil and Gas Act, which was proclaimed in March 1982. The terms and conditions of the Fund were outlined and approved by Treasury Board in February 1983. The purpose of the Fund is to finance environmental and social studies, which are necessary to determine whether to authorize oil and gas exploration or development activities on Canada lands. Levies are collected from the interest owners within prescribed regions, based on a rate fixed by the Minister, and are deposited into the Fund. Payments are made from the Fund to parties carrying out such environmental and social studies within these regions, as directed by the Minister. The total amount of deposit in the Fund cannot, at any time, exceed \$15 million.

2. Significant accounting policy

Levies and expenses

As levies are billed to the interest owners, they are recorded on an accrual basis as shown on the statement of operations. Expenses are recorded on the accrual basis of accounting and include estimated amounts for such portion of environmental and social studies expenses incurred before the year end but not requested for payment.

3. Commitments

At March 31, 1985, the outstanding balance against the accepted study proposals was \$1,112,122 and is composed of the following:

	1985	1984
	\$	\$
Studies not started	517,496	155,978
Studies not completed	594,626	402,206

JUSTICE

Department

Objective

ADMINISTRATION OF JUSTICE PROGRAM

- To provide legal services to the Government of Canada and to Government departments and agencies; to superintend the administration of justice in Canada in all matters not within provincial jurisdiction; and to propose policy initiatives and programs in connection therewith.

Canadian Human Rights Commission

Objective

- To foster the principle that every individual should have equal opportunity to participate in all spheres of Canadian life consistent with his or her duties and obligations as a member of society.

Commissioner for Federal Judicial Affairs

Objective

- To provide central administrative services for the Canadian Judicial Council and federally appointed judges of the superior, county and district courts of the provinces and territories.

Federal Court of Canada

Objective

- To provide a court of law, equity and admiralty for the better administration of the laws of Canada.

Law Reform Commission of Canada

Objective

- To study and keep under review on a continuing and systematic basis the statutes and other laws comprising the laws of Canada with a view to making recommendations for their improvement, modernization and reform.

Offices of the Information and Privacy Commissioners of Canada

Objective

- Information Commissioner: To ensure that federal Government institutions comply with the Access to Information Act; to foster open and fair information practices by Government institutions and to respond to requests from the public for information about the Commissioner's mandate and the rights of individuals under the Act.

Privacy Commissioner: To ensure that federal Government institutions comply with the Privacy Act; to review the performance of Government institutions in the collection, use, retention and disposal of personal information to ensure compliance with the Privacy Act; to foster open and fair information practices by Government institutions; and to respond to requests from the public for information about the Commissioner's mandate and the rights of individuals under the Act.

Supreme Court of Canada

Objective

- To provide a general Court of Appeal for Canada.

Tax Court of Canada

Objective

- To provide an easily accessible and independent court for the informal and expeditious disposition of disputes between taxpayers and the Minister of National Revenue.

Note: The Canadian Unity Information Office Program was transferred to the Department of Supply and Services (PC 1984-3201 dated September 17, 1984).

LABOUR

Department

Objective

- To promote and sustain: stable industrial relations; a fair return for efforts in the workplace; and a working environment conducive to physical and social well-being. To protect the rights and interests of the parties involved in the world of work. To promote equitable access to employment opportunities. To foster a climate for improved consultation and communication among Government, labour and management.

Canada Labour Relations Board

Objective

- To contribute to and promote effective industrial relations in any work, undertaking or business that falls within the authority of the Parliament of Canada.

Canada Mortgage and Housing Corporation*

Objective

- To promote the construction of new houses, the repair and modernization of existing houses, and the improvement of housing and living conditions.

Canadian Centre for Occupational Health and Safety

Objective

- To promote the fundamental right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers.

* Transferred from the Department of Public Works (PC 1984-3192 dated September 17, 1984).

Note: The Canada Post Corporation was transferred to the Department of National Revenue (PC 1984-3193 dated September 17, 1984).

Use of Appropriations

Canadian Centre for Occupational Health and Safety

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Canadian Centre for Occupational Health and Safety Corporation in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Centre.

This statement of operations was prepared in accordance with the accounting policies of the Receiver General for Canada. Previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Corporation's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Centre maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provided appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

We are also attaching a copy of the audited financial statements for the seven months ended March 31, 1985. These statements were prepared in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

In order to provide continuity, we have prepared a reconciliation as prescribed in the instructions by the Receiver General of Canada, under Section 6(c) of the Chapter 3 of the Public Accounts Instructions Manual.

Canadian Centre for Occupational Health and Safety—Continued

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985

1. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's Payables at Year End (PAYE) accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

2. Changes in accounting policies

As a result of the legislation (Bill C-24) listing the Centre as a Schedule B Corporation, the reporting was changed from the accrual basis to the Government's modified cash basis of accounting. This was done in order to make it consistent with other reporting in the Public Accounts and to meet the reporting requirements of the Receiver General for Canada. As a result of this change, the net cost of operations is increased by \$1,508,333. The comparative figures for 1984 have also been restated, the net cost of operations for that period decreased by \$138,372.

3. Changes in financial statement presentation

The allocation of expenditures between operations and administration expenses has been made in accordance with the reporting requirements of the Receiver General for Canada.

4. Parliamentary appropriations

AUDITOR'S REPORT

TO THE COUNCIL OF THE CANADIAN CENTRE FOR
OCCUPATIONAL HEALTH AND SAFETY
AND

THE HONOURABLE WILLIAM MCKNIGHT, P.C., M.P.
MINISTER OF LABOUR

I have examined the balance sheet of the Canadian Centre for Occupational Health and Safety as at March 31, 1985 and the statements of operations and equity, and changes in financial position for the seven months then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1985 and the results of its operations and the changes in its financial position for the seven months then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

E. R. ROWE, C.A.

Appendix—Continued

Canadian Centre for Occupational Health and Safety—
ContinuedNOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1985

*1. Authority and objectives

The Centre was established on October 1, 1978 under the Canadian Centre for Occupational Health and Safety Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers.

An Act to amend the Financial Administration Act in relation to Crown corporations and to amend other Acts in consequence thereof (Chapter 31 of the Statutes of Canada, 1984), which came into force on September 1, 1984 by proclamation, names the Centre in Schedule B to the Financial Administration Act, as a departmental corporation. Previously, the Centre was unscheduled to the said Act. The Centre's operating expenditures are funded by a budgetary lapsing authority.

2. Significant accounting policies

Parliamentary grant

Up until September 1, 1984, the Centre operated on a calendar year basis and received an operating grant from Parliament on an April 1 to March 31 basis to coincide with the fiscal year of the Government. Accordingly, seven-twelfths of the grant received in respect of the current fiscal year of the Government was deferred as at August 31, 1984. The Centre's operating expenditures are now funded by a budgetary lapsing authority.

Fixed assets

Fixed assets are recorded at cost. Office furniture and all equipment are depreciated over their estimated useful lives of five years using the straight-line method. Leasehold improvements are amortized over the term of the lease.

Employee termination benefits and vacation pay

Employee termination benefits and earned vacation pay not taken at the end of the period are accounted for on the accrual basis.

3. Fixed assets

	March 31, 1985		August 31, 1984	
	Cost	Accumulated depreciation and amortization	Net book value	Net book value
	\$	\$	\$	\$
Office furniture and equipment	915,959	320,826	595,133	217,369
Computer equipment	1,923,772	448,188	1,475,584	364,894
Leasehold improvements	632,719	407,193	225,526	185,317
	3,472,450	1,176,207	2,296,243	767,580

4. Parliamentary grant

	Seven months ended March 31, 1985	Eight months ended August 31, 1984	April 1, 1984 to March 31, 1985
	\$	\$	\$
Deferred from previous period	3,526,250	1,200,750	
Received during eight-month period			
Vote 20		5,045,000	5,045,000
Vote 5/Vote 21b		1,000,000	1,000,000
Receivable during seven-month period			
Vote 21b/appropriation	1,600,000		1,600,000
Lapsed	(628,659)		7,645,000 (628,659)
	971,341	6,045,000	7,016,341
Deferred to following period		(3,526,250)	
Use of funds	4,497,591	3,719,500	

At September 1, 1984, the funds on hand were transferable to the Consolidated Revenue Fund. The transfer, however, was not completed until December 1984. Included in this amount was an excess of grants over expenditures of approximately \$1 million related to periods prior to August 31, 1984. The excess was partially utilized in financing expenditures which exceeded appropriation for the seven months to March 31, 1985 by approximately \$450,000.

5. Lease obligations

Effective September 1, 1984, the Department of Public Works (DPW) was assigned responsibility for the lease payments, however, the Centre continued to make the payments. Related services provided by DPW without charge amounted to \$71,568.

The future minimum lease payments under an operating lease, which expires in 1986, are as follows:

	\$
1985 (nine months)	94,875
1986 (four months)	42,167

6. Comparative figures

The comparative figures for the preceding period have been reclassified to conform with the current period presentation.

* This note is also an integral part of the statement of operations prepared on the Government's modified cash basis of accounting, which precede these statements.

AUDITOR'S REPORT

TO THE COUNCIL OF THE CANADIAN CENTRE FOR
OCCUPATIONAL HEALTH AND SAFETY

AND

THE HONOURABLE WILLIAM MCKNIGHT, P.C., M.P.
MINISTER OF LABOUR

I have examined the balance sheet of the Canadian Centre for Occupational Health and Safety as at August 31, 1984 and the statements of operations and equity, and changes in financial position for the eight months then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Centre as at August 31, 1984 and the results of its operations and the changes in its financial position for the eight months then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

KENNETH M. DYE, F.C.A.
Auditor General of Canada

Ottawa, Canada

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 1984

1. Authority and objectives

The Centre was established on October 1, 1978 under the Canadian Centre for Occupational Health and Safety Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers.

An Act to amend the Financial Administration Act in relation to Crown corporations and to amend other Acts in consequence thereof (Chapter 31 of the Statutes of Canada, 1984), which came into force on September 1, 1984 by proclamation, names the Centre in Schedule B to the Financial Administration Act, as a departmental corporation. Previously, the Centre was unscheduled to the said Act.

As a result of the change described in the preceding paragraph, the Centre has closed its accounts as at August 31, 1984 and has prepared these financial statements. Effective September 1, 1984, it will change its year end to March 31 and keep its accounts in accordance with the accounting policies of the Government of Canada.

2. Significant accounting policies

Parliamentary grant

The Centre operates on a calendar year and receives an operating grant from Parliament on an April 1 to March 31 basis to coincide with the fiscal year of the Government. Accordingly, seven-twelfths (1983—one quarter) of the grant received in respect of the current fiscal year of the Government is deferred as at August 31, 1984.

Fixed assets

Fixed assets are recorded at cost. Office furniture and all equipment are depreciated over their estimated useful lives of five years using the straight-line method. Leasehold improvements are amortized over the term of the lease.

Employee termination benefits and vacation pay

Employee termination benefits and earned vacation not taken at the end of the period are accounted for on the accrual basis.

Concluded

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 1984—Concluded

4. Parliamentary grant

	Eight months ended August 31, 1984	Year ended December 31, 1983
	\$	\$
Deferred from previous period	1,200,750	1,134,250
Received during period		
1983-84		4,803,000
1984-85	6,045,000	
Deferred to following period	(3,526,250)	(1,200,750)
	<u>3,719,500</u>	<u>4,736,500</u>

In December 1984, Parliament approved additional funding for the Centre in respect of the Government fiscal year ending March 31, 1985, in the amount of \$2,600,000, of which \$1,000,000 had been received prior to August 31, 1984 and reflected in the accompanying financial statements.

5. Lease obligations

The future minimum lease payments under an operating lease which expires in 1986 are as follows:

	\$
1984 (four months)	42,167
1985 (calendar year)	126,500
1986 (calendar year)	42,167

As a result of the change outlined in Note 1, the Department of Public Works will, effective September 1 1984, assume responsibility for the lease payments and will recover such disbursements from the Centre.

NATIONAL HEALTH AND WELFARE

Department

Objectives

DEPARTMENTAL ADMINISTRATION PROGRAM

- To provide direction, planning, policy development, advisory and administrative support services to the Department.

HEALTH AND SOCIAL SERVICES PROGRAM

- To develop, promote and support measures designed to preserve and improve the health and social well-being of Canadians.

MEDICAL SERVICES PROGRAM

- To protect and enhance the health of those Canadians whose care, by legislation or custom, is the responsibility of the Department.

HEALTH PROTECTION PROGRAM

- To reduce illness and untimely death of Canadians associated with hazards in the environment, both man-made and natural.

INCOME SECURITY PROGRAM

- To maintain and improve the income security of the people of Canada.

FITNESS AND AMATEUR SPORT PROGRAM

- To raise the fitness level of Canadians and to improve their participation in physical recreation and amateur sport.

XV OLYMPIC WINTER GAMES PROGRAM

- To support the successful planning and staging of the XV Olympic Winter Games so that they will be a matter of national pride, and optimize economic, athletic and cultural benefits before, during and after the Games.

Medical Research Council

Objective

- To help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services.

	Total— Budgetary
	Non-budgetary

(1) Treasury Board Vote 10 employment initiatives.
Treasury Board Vote 30 (Comptroller General) implementation of plans to improve management practices and controls.

(2) Reserved allotment established to provide payment authority for the overexpenditure of the previous year's appropriation which resulted from Payables at Year End (PAYE).

(3) The breakdown of Old Age Security Act payments into old age security, guaranteed income supplement and spouse's allowance are estimates. Nevertheless, the total of these three amounts represents the actual expenditures.

Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children

AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES
AND
THE HONOURABLE JAKE EPP, P.C., M.P.
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the balance sheet of the Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children as at March 31, 1985 and the statements of operations and balance of fund and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1985 and the results of its operations and the changes in its financial position for the year then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Queen Elizabeth II Canadian Research Fund Act and by-laws of the Board.

RAYMOND DUBOIS, C.A.
*Deputy Auditor General
for the Auditor General of Canada*

Ottawa, Canada
May 24, 1985

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and objectives

The Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children was established by the Queen Elizabeth II Canadian Research Fund Act in 1959 to assist individuals or organizations to undertake or carry on research into the diseases of children, and the causes, prevention and treatment of such diseases. The Board of Trustees, consisting of a Chairman and six other trustees appointed by Her Majesty by commission under the Great Seal, was also established by the Act to manage and administer the Fund in accordance with and subject to the Act.

2. Accounting policies

Investment in Government of Canada securities

The investment in Government of Canada securities is recorded at cost. All gains or losses, including any premium or discount on acquisition, are recognized as revenue when the securities are sold. Interest income is recorded on an accrual basis.

Scientist awards

Scientist awards are provided for in the year the awards are approved. Any subsequent increases and decreases to existing awards are accounted for in the year these increases or decreases are approved. Any awards cancelled subsequent to the year of approval are recognized as revenue in the year of cancellation. Refunds of unspent awards are recorded as revenue when received.

Services provided without charge

The Medical Research Council provides to the Board without charge such secretarial and other administrative and technical services and facilities as are required for the purposes of the Act.

3. Investment in Government of Canada securities

Medical Research Council

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Medical Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the statement of operations such as the allocation of expenditure between operations and administration, is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a detailed record of the Council's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations.

The Council's Corporate Management Branch develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The Council has undertaken a number of initiatives to improve its accounting and financial management systems. A system of electronic data processing now being developed for the processing of grants and scholarships will include the computerization of accounting records by 1986-87. In addition, financial policies and procedures will be included in a corporate management policies and procedures manual during the next fiscal year.

AUDITOR'S REPORT

TO THE MEDICAL RESEARCH COUNCIL
AND
THE HONOURABLE JAKE EPP, P.C., M.P.
MINISTER OF NATIONAL HEALTH AND WELFARE

I have examined the statement of operations of the Medical Research Council for the year ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the operations of the Council for the year ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

E. R. ROWE, C.A.
*Deputy Auditor General
for the Auditor General of Canada*

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985

1. Authority and objective

The Medical Research Council was established in 1969 by the Medical Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services. The Council's operating and grants expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure when disbursed. All operating expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditure.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Changes in financial statement presentation

The financial statement presentation has been changed in 1985 to comply to new standards of presentation required by the Receiver General for Canada, and to display more clearly the nature of Council's activities. Operating expenditures are now segregated between operations and administration.

Charged to operations is expenditure relating to the receiving, sorting, rating and general processing of applications for grants and scholarships including the cost of maintaining the grant and award assessment committees.

Charged to administration is expenditure relating to meetings of the Council, its executive and standing committees, and the Council's administrative and support services such as finance, administration, public affairs and office of the President.

Figures for 1984, presented for comparative purposes, have been restated to conform to the 1985 presentation.

Appendix 2—Concluded

Medical Research Council—Concluded

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985—Concluded

4. Parliamentary appropriations

	1985	1984
	\$	\$
Department of National Health and Welfare		
Vote 55—Grants	153,191,000	137,313,000
Lapsed	1	14
	153,190,999	137,312,986
Vote 50—Operating expenditure	3,510,000	3,205,000
Lapsed	211,112	361,825
	3,298,888	2,843,175
Statutory contributions to employee benefit plans	310,000	283,000
Total use of appropriations	156,799,887	140,439,161

5. Trust funds

In 1974, the Council received \$75,000 from an anonymous donor to establish a fund. The interest received is used for the payment of grants for research in the fields of dyskenesia and torticollis. Other donations have been received but were not earmarked for specific projects. The donations and interest received and grants paid are not included in the statement of operations of the Council. The transactions relating to these funds for the year ended March 31, 1985 are as follows:

	1985	1984
	\$	\$
Balance, beginning of year	79,603	97,735
Add: interest received.....	8,176	7,368
Less: grants paid	8,700	25,500
Balance, end of year, represented by deposit with Receiver General for Canada	79,079	79,603

6. Commitments

The Council is committed to disburse grants and scholarships in future years subject to the provision of funds by Parliament. Future year commitments as at June 28, 1985 are as follows:

Year of payment	1985	1984
	(in thousands of dollars)	
1984-85		130,799
1985-86	150,396	86,911
1986-87	104,482	47,140
1987-88	59,821	25,112
1988-89	29,667	14,240
1989-90	14,467	5,048
1990-91	4,670	
	363,503	309,250

7. Travel

Expenditure for travel charged to operations is directly related to the peer review process and was incurred by the members of 23 grant committees, 6 award committees and the staff of Council to meet, assess and rate grant and award applications.

Expenditure for travel charged to administration is for the general support of Council's administrative activities and includes meetings of the Council itself, its executive committee, the standing and advisory committees and Medical Research Council staff. Details are as follows:

	1985	1984
	\$	\$
Operations		
Grant committees	348,215	163,277
Award committees.....	26,687	23,153
Staff	40,942	48,969
	415,844	235,399
Administration		
Council and Executive	35,698	41,248
Standing committees.....	57,969	31,565
Advisory groups.....	34,184	6,274
Staff	41,476	49,043
	169,327	128,130

All members of Council and the committees listed above serve without remuneration. Only their travel expenses are reimbursed by Council.

NATIONAL REVENUE

Customs and Excise

Objective

- To achieve compliance with all legislative provisions for which Customs and Excise has administrative responsibility.

Taxation

Objective

- To administer and enforce the Income Tax Act, various Federal and Provincial statutes related thereto, including parts of the Canada Pension Plan and the Unemployment Insurance Act, 1971 and various provincial tax credit plans.

Canada Post Corporation*

Objectives

- To establish and operate a postal service for the collection, transmission and delivery of messages, information, funds and goods both within Canada and between Canada and places outside Canada;
- To manufacture and provide such products and to provide such services as are, in the opinion of the Corporation, necessary or incidental to the postal service provided by the Corporation; and,
- To provide to or on behalf of departments and agencies of, and corporations owned, controlled or operated by, the Government of Canada or any provincial, regional or municipal government in Canada or to any person services that, in the opinion of the Corporation, are capable of being conveniently provided in the course of carrying out the other objects of the Corporation.

PARLIAMENT

The Second Session of the Thirty-second Parliament commenced on December 7, 1983 and ended on July 9, 1984.

The Thirty-third Parliament commenced on November 5, 1984 and was still in progress as at March 31, 1985.

The Senate

Objective

- To enable the Senate to carry out its constitutional role.

House of Commons

Objective

- To assist Members of the House of Commons in their consideration, in both official languages, of legislation and of the spending estimates of departments and agencies, and to administer the affairs of the House.

Library of Parliament

Objective

- To provide information, other library services, and research assistance in both official languages to Parliamentarians.

Use of Appropriations

Vote	Program
THE SENATE	
	Budgetary
1	Program expenditures including an allowance in lieu of residence to the Speaker of the Senate, the grants listed in the Estimates and contributions
Stat	Members of the Senate—Salary and motor car allowance of the Speaker of the Senate, payments to members of the Senate under the Senate and House of Commons Act and the Government's contribution to the Members of Parliament Retiring Allowances Account and the Supplementary Retirement Benefits Account
Stat	Contributions to employee benefit plans

PRIVY COUNCIL**Department****Objective****PRIVY COUNCIL PROGRAM**

- To provide for the operation and support of the central decision-making mechanism of the Government.

Canadian Intergovernmental Conference Secretariat**Objective**

- To provide administrative and support services for the meetings of First Ministers, as well as for federal-provincial and interprovincial meetings of ministers and senior officials.

Chief Electoral Officer**Objective**

- To enable the people of Canada, eligible to vote, to elect members to the House of Commons, in accordance with the Canada Elections Act and to the Council of the Northwest Territories, in accordance with the Northwest Territories Elections Ordinance, to ensure compliance with the election expenses provisions of the Canada Elections Act, to ensure representation of the provinces in the House of Commons in accordance with the Constitution Act, 1982 and to provide the necessary technical, administrative and financial support to the eleven electoral boundaries commissions in accordance with the Electoral Boundaries Readjustment Act.

Commissioner of Official Languages**Objective**

- To ensure recognition of the status of each of the official languages and compliance with the spirit and intent of the Official Languages Act.

Economic Council of Canada**Objective**

- To advise and recommend how Canada can achieve the highest possible levels of employment and efficient production in the medium and long-term in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

Public Service Staff Relations Board**Objective**

- To provide the framework within which the various rights and responsibilities of participants to collective bargaining in the Public Service are to be exercised and to provide information to participants on rates of pay and other conditions of employment in Canada.

Appendix 2

Economic Council of Canada

MANAGEMENT REPORT

The accompanying statement of operations of the Economic Council of Canada has been prepared in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the assurance of objectivity and integrity of the financial data presented in the statement of operations rests with the Chief Executive Officer of the Council.

The statement of operations has been prepared in accordance with accepted financial management and accounting policies, of which, the more significant are outlined in Note 2 to the financial statement. It should be noted that, for comparative purposes, the previous year figures have been reclassified to conform with the current year's presentation. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless otherwise indicated.

The Council's Directorate of financial services develops and maintains financial control systems to ensure: one, financial visibility, two, financial accountability, and three, to satisfy the requirements of the Council and the requirements of Parliament and central agencies as expressed in statutes, regulations and other directives. Financial management and internal control systems are augmented by the maintenance of independent audits, overseen by the Office of the Auditor General, which appraise the efficiency and effectiveness of financial systems and procedures as well as maintain the adequacy of internal accounting, financial and budgetary controls. Transactions are examined to ensure compliance with established policies and procedures. Financial officers play an integral part of the management team in the roles of planning, controlling and reporting of activities within the Council. The Council seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General of Canada. His examination was made in accordance with generally accepted auditing standards. In his opinion, the financial statement presents fairly the expenditure and revenue of the Council for the year ended March 31, 1985.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions. In recent months, a computer-based financial accounting mechanism has been put in place which provides, for each responsibility centre and the Council as a whole, detailed up-to-date information on the status of expenditures, commitments and free balances, by line object. Monthly reports or, on demand, up-to-date statements, based on this system, permit both group/division managers and overall corporate managers to precisely assess current circumstances, approve new commitments and plan future undertakings. A central "early warning" procedure is planned for implementation in the course of the next fiscal year which will serve as a double reminder to decentralized responsibility centres of approaching deadlines for progress and final payments respecting commitments currently in effect, most notably, research and other personal service contracts.

AUDITOR'S REPORT

TO THE ECONOMIC COUNCIL OF CANADA

AND

THE RIGHT HONOURABLE MARTIN BRIAN MULRONEY, P.C., M.P.
PRIME MINISTER OF CANADA

I have examined the statement of operations of the Economic Council of Canada for the year ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditure and revenue of the Council for the year ended March 31, 1985, in accordance with the accounting policies set out in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

KENNETH M. DYE, F.C.A.
Auditor General of Canada

Ottawa, Canada
June 4, 1985

Appendix 2—Concluded**Economic Council of Canada—Concluded****NOTES TO STATEMENT OF OPERATIONS****MARCH 31, 1985****1. Authority and objective**

The Council was established in 1963 by the Economic Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act.

The objective of the Council is to advise and recommend to the Prime Minister how Canada can achieve the highest possible levels of employment and efficient production in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

The Council's operating expenditures are funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Estimates of amounts for services provided without charge from Government departments are included in expenditures.**(d) Refunds of previous years' expenditure**

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Changes in financial statement presentation

The financial statement presentation has been revised in accordance with the directive issued by the Receiver General for Canada.

Revenue, refund of previous years' expenditure, \$328 (1985) and \$1,760 (1984) are now shown on the statement of operations.

4. Parliamentary appropriations

PUBLIC WORKS

Department

Objectives

ADMINISTRATION PROGRAM

- To provide central policy direction and central administrative support services for all departmental programs.

PROFESSIONAL AND TECHNICAL SERVICES PROGRAM

PROGRAM

- To provide the professional and technical services necessary to support programs of the Department of Public Works and other departments and agencies in the fields of construction and fire prevention.

CONSTRUCTION SERVICES REVOLVING FUND

- To provide construction, improvement and/or maintenance services in regard to accommodation, marine structures and land transportation projects to other federal departments and agencies, to other governments, or to private sector tenants of federal owned or leased property.

ACCOMMODATION PROGRAM

- To provide departments and agencies of the federal Government with accommodation of approved standards of quantity, quality and efficiency at the most economical cost.

MARINE PROGRAM

- To provide and maintain at the most economical cost marine facilities as required by federal programs for the development and support of industry and for water level control.

TRANSPORTATION AND OTHER ENGINEERING PROGRAM

- To provide and maintain at the most economical cost, roads, bridges and public utility services as required by federal Government programs.

LAND MANAGEMENT AND DEVELOPMENT PROGRAM

- To manage and develop federal lands so as to combine the efficient provision of Government services with the achievement of wider social, economic and environmental objectives.

MUNICIPAL GRANTS PROGRAM

- To provide grants to taxing authorities in lieu of taxes on federal Government property.

National Capital Commission

Objective

- To develop the National Capital Region as a symbol of identity for all Canadians.

Note: The Canada Mortgage and Housing Corporation was transferred to the Department of Labour (PC 1984-3192 dated September 17, 1984).

Construction Services Revolving Fund

MANAGEMENT REPORT

The financial statements of the Construction Services Revolving Fund have been prepared in accordance with Treasury Board policy and the reporting requirements of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these statements rests with the management of the Fund.

These financial statements were prepared with objective data and in conformity to the "consistency" principle. The management of the Fund is effected through the maintenance of accounts which provide a centralized record of the Fund's transactions. It is further managed and controlled through procedure manuals, instructions and directives. Transactions are executed in accordance with the regulations contained in the Guide on Financial Administration and the Financial Administration Act in order to maintain accountability and exercise internal control.

The transactions of the Fund have been subjected to audit by the Office of the Auditor General as part of the review of internal control and the examination of the books, records and financial statements of the Department.

Approved by:

H. G. RICHARDS
Director General, Finance
(Senior full-time financial officer)

J. B. SWAYNE
Assistant Deputy Minister, Finance and Administration
(Senior financial officer)

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1985

1. Purpose and authority

The Construction Services Working Capital Advance was replaced by the Construction Services Revolving Fund as at April 1, 1980. The purpose of the Fund is to provide, on a cost recovery basis, interim financing and financial control, construction supervision, and other related services, on federal and non-federal projects undertaken on behalf of federal departments and agencies, other governments, or private sector tenants of federal property.

The Adjustment of Accounts Act (Bill C-22) authorized the operation of the Construction Services Revolving Fund in the current and subsequent years with a statutory authority limit of \$55 million.

In accordance with Section 33 of the Adjustment of Accounts Act and through the 1983-84 supplementary estimates B, the Construction Services Revolving Fund was amended to include charges to be made to Public Works departmental programs and to increase the financial authority from \$55 million to \$150 million.

In the 1984-85 supplementary estimates C, the Construction Services Revolving Fund drawdown authority was increased from \$150 million to \$300 million.

2. Significant accounting policies and practices

The Construction Services Revolving Fund provides construction services on a cost recovery basis. The recoveries are always equal to the expenses; hence no profit is realized.

REGIONAL INDUSTRIAL EXPANSION

Department

Objective

- To increase overall industrial, commercial and tourism activity in all parts of Canada and in the process reduce economic disparity across Canada.

Canada Development Corporation⁽¹⁾

Objective

- To develop and maintain strong Canadian controlled and managed corporations in the private sector; to widen the investment opportunities open to Canadians; to operate profitably and in the best interest of all the shareholders.

Canada Development Investment Corporation⁽¹⁾

Objective

- To enhance the commercial management of publicly-owned assets and to facilitate privatization.

Cape Breton Development Corporation

Objective

- To stimulate economic adjustment and expansion on Cape Breton Island while rationalizing the coal industry.

Eldorado Nuclear Limited⁽¹⁾

Objective

- To look after the mining, refining and conversion of uranium fuel for the generation of electricity in Canada and other countries.

Federal Business Development Bank

Objective

- To promote and assist in the establishment and development of business enterprises, particularly small business in Canada.

Foreign Investment Review Agency

Objective

- To ensure that acquisitions of control of Canadian business enterprises and the establishment of new or unrelated businesses by non-Canadians are, or are likely to be, of significant benefit to Canada.

⁽¹⁾ Transferred from the former Ministry of State for Social Development.

Note: Includes Canadair Financial Corporation Inc. (formerly Canadair Limited), Eldorado Aviation Limited and The de Havilland Aircraft of Canada, Limited which appeared under the former Ministry of State for Social Development.

SCIENCE AND TECHNOLOGY

Ministry of State

Objective

- To encourage the development and use of science and technology in support of national goals.

National Research Council of Canada

Objectives

SCIENTIFIC AND INDUSTRIAL RESEARCH PROGRAM

- To create, acquire, and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development.

SCIENTIFIC AND TECHNICAL INFORMATION PROGRAM

- To promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development.

Natural Sciences and Engineering Research Council

Objective

- To promote and support the development and maintenance of research and the provision of highly qualified manpower in the natural sciences and engineering.

Science Council of Canada

Objective

- To assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

National Research Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the National Research Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Council's directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where frequent contacts are maintained between staffs of the Council and of the Office of the Auditor General. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions and, more recently, to implement a departmental recommendation to improve the cost accounting system. This improvement now permits more accurate and equitable billings for customers and other Government departments. The fee structure and rates have been amended effective fiscal year 1985-86 to reflect the true cost of services provided by the Council.

A study of user accounting requirements has resulted in programming to enable managers to download information from the FINCON database to local micro computers for further detailed data analysis. This degree of flexibility should also reduce and possibly eliminate the duplication of accounting records.

Appendix 1—Concluded**National Research Council of Canada—Concluded****NOTES TO THE STATEMENT OF OPERATIONS**

MARCH 31, 1985

1. Authority and objective

The National Research Council of Canada was established under the National Research Council Act 1966-67 and is a departmental corporation named in Schedule B to the Financial Administration Act. The objectives of the Council are to create, acquire and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development and to promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development. The Council's operating, capital and grant expenditures are funded through budgetary lapsing appropriations and revenue credited to vote. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's Payables at Year End (PAYE) accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.**(e) Refunds of previous years' expenditure**

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditures.

3. Parliamentary appropriations

	\$	\$
Current:		
Outside parties	364,537	584,401
Government of Canada	17,227	6,214
	381,764	590,615

5. Trust accounts

The Council keeps in trust monies received from the Canadian Biological Society and the Shanghai Institute of Cell Biology.

	1985	1984
	\$	\$
Balance, beginning of year	23,049	44,973
Less: payments made	34,914	45,317
Add: monies received	36,864	23,393
Balance, end of year	24,999	23,049

6. Contingent liabilities

In connection with its operations the Council is a defendant in certain cases of litigation. It is estimated that pending and threatened litigation amount to \$275,434.

Appendix 2**Natural Sciences and Engineering Research Council****MANAGEMENT REPORT**

We have prepared the accompanying statement of operations of the Natural Sciences and Engineering Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Council's directorate of Finance and Administration develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE NATURAL SCIENCES AND ENGINEERING RESEARCH COUNCIL
AND
THE HONOURABLE TOM SIDDON, P.C., M.P.
MINISTER OF STATE FOR SCIENCE AND TECHNOLOGY

I have examined the statement of operations of the Natural Sciences and Engineering Research Council for the year ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditure and revenue of the Council for the year ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statement, applied on a basis consistent with that of the preceding year.

Appendix 2—Continued

Natural Sciences and Engineering Research Council—
Continued

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985

1. Authority and objective

The Council was established in 1978 by the Natural Sciences and Engineering Research Council Act, and is a departmental corporation named in Schedule B to the Financial Administration Act. Its objective is to promote and support the development and maintenance of research and the provision of highly qualified manpower in the natural sciences and engineering. The Council's grants and scholarships and operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure as disbursed. All other expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Estimates of amounts for services provided without charge from Government departments and agencies are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

(e) Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Council. Contributions with respect to current service are expensed in the current period. Contributions with respect to past service benefits are expensed when paid, generally over the remaining service lives of the employees.

3. Parliamentary appropriations

	1985	1984
	\$	\$
Science and Technology		
Vote 25	10,446,490	7,118,000
Lapsed	705	975,485
	10,445,785	6,142,515
Vote 30	300,553,510	274,621,000
Lapsed	26,000	1
	300,527,510	274,620,999
Statutory contributions to employee benefit plans	586,000	424,000
Total use of appropriations	311,559,295	281,187,514

4. Commitments

As at year end, the Council had the following commitments in respect of grants and scholarships which have been approved for payment in future years, subject to the provision of funds by Parliament and final approval by the Council:

Year of payment	Commitments as at March 31	
	1985	1984
(in millions of dollars)		
1984-85		248.7
1985-86	266.8	136.0
1986-87	135.6	53.4
1987-88	63.0	4.0
1988-89	6.5	1.2
1989-90	3.3	1.1
	475.2	444.4

5. Grants and scholarships administered and disbursed for Government departments, agencies and organizations outside the Government

Grants and scholarships administered and disbursed by the Council on behalf of Government departments, agencies and organizations outside the Government, which are not included in the statement of operations, are detailed in Schedule II. Most of these disbursements are made by the Council from lapsing funds entrusted to it by Government departments and agencies.

At March 31, 1985, the Council held in trust for two organizations outside the Government (NATO and AECL) grants and scholarships funds amounting to \$97,006 (1984—\$218,035).

6. Donation trust fund

This account records monies, securities or other property received by way of gift, bequest or otherwise as approved by the Council. Donations are received and funds are paid out subject to the terms upon which such monies are given, bequested or otherwise made available to the Council.

Appendix 3
Science Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Science Council of Canada (hereafter called Council) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Previous year figures have been reclassified to conform to the current year's presentation. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Council's financial section develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions. The Council is constantly reviewing its policies and practices in order to improve its standards of accounting and financial management.

Appendix 3—Concluded**Science Council of Canada—Concluded****NOTES TO THE STATEMENT OF OPERATIONS**
MARCH 31, 1985**1. Authority and objective**

The Council was established in 1966 by the Science Council of Canada Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The Council's operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

The objective of the Council is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

2. Accounting policies**(a) Expenditure recognition**

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of office furniture and equipment are charged to expenditure in the year of purchase.

(c) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in expenditure.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as non-tax revenue when received and are not deducted from expenditure.

3. Parliamentary appropriations

	1985	1984
	\$	\$
Ministry of State for Science and Technology		
Vote 35	4,513,862	4,237,862
Lapsed	107,061	4,573
	<u>4,406,801</u>	<u>4,233,289</u>
Statutory contributions to employee benefit plans	390,000	349,000
Total use of appropriations	<u>4,796,801</u>	<u>4,582,289</u>

4. Restatement of previous year figures

For comparative purposes, the previous year's figures have been restated to conform with the current year's presentation.

SECRETARY OF STATE

Department

Objectives

ADMINISTRATION AND REGIONAL OPERATIONS PROGRAM

- To ensure, jointly and individually, with equity, the economical, efficient, effective and accountable realization of the Department's objectives and priorities, in a spirit of service to the public; and to contribute to enhancing Canadians' sense of belonging to the country in each region.

OFFICIAL LANGUAGES PROGRAM

- To foster a better appreciation among Canadians of the equal status of the two official languages and to provide Canadians with increased opportunities to participate fully, in either official language, in all aspects of their lives; thus contributing to enhancing Canadians' sense of belonging to the country.

EDUCATION SUPPORT PROGRAM

- To support Canada's cultural, social and economic development through federal education policies and programs which contribute to strengthening Canada's post-secondary education system capacity, and which respond to individual aspirations of Canadians and to the needs and opportunities of Canadian society; thus contributing to enhancing Canadians' sense of belonging to the country.

CITIZENSHIP AND CULTURE PROGRAM

- To assist Canadians in achieving more equitable and equal opportunities for social growth, quality of life and fuller involvement in Canadian society; to achieve an improved knowledge, appreciation and enjoyment of Canada and its cultural diversity; to achieve greater awareness, knowledge and appreciation of human rights, fundamental freedoms and related responsibilities; to increase the enjoyment of human rights; and to increase compliance with Canada's domestic and international commitments, thus contributing to enhancing Canadians' sense of belonging to the country.

Advisory Council on the Status of Women

Objective

- To bring before the Government and the public matters of interest and concern to women.

Public Service Commission

Objectives

PROGRAM

- To ensure the efficient and effective staffing of the Public Service in accordance with the Public Service Employment Act in order to meet the needs of the Public Service; also to provide training and development programs and undertake related personnel management functions in line with the agreements on roles and responsibilities between the Public Service Commission and Treasury Board of Canada.

STAFF DEVELOPMENT AND TRAINING REVOLVING FUND

- To provide, in response to departmental and agency demands, development and training courses, and related consultative services.

Social Sciences and Humanities Research Council*

Objective

- To promote and assist research and scholarship in the social sciences and humanities.

Status of Women—Office of the Co-ordinator

Objective

- To promote equal opportunities for women in all spheres of Canadian life.

* Transferred from the Department of Communications.

Public Service Commission Staff Development and Training Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements are prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year except as described in Note 3 to the statements. Some of these policies are further explained in the notes which form part of these statements. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with the information presented in these financial statements, unless indicated otherwise.

The Financial Services Directorate and the Fund's Comptroller, who reports functionally to the senior full-time financial officer, develop and disseminate financial management and accounting policies, and issue specific directives which maintain standards of accounting and financial management. Systems of financial management and internal control are maintained for the Fund at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by on-going monitoring activities by the Fund's Comptroller, financial services officers and by the Financial Services Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate division of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

During 1984-85, the Fund was able to respond to Government as well as to voluntary restraint measures by limiting its rate increases to 5%. Further, it has limited its rate increases to 3.61% for 1985-86 and thereby assists user departments to operate within the Government spending restraints. An annual review will be conducted each year as part of the budgetary process and will allow the Fund to respond to further Government restraint measures.

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985

1. Authority and purpose

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971 for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c. 17, to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,500,000 at any time. In accordance with Votes 115a (1980-81) and 35c (1981-82), accumulated deficits of \$4,573,071 have been deleted from the accounts. An amount of \$1,915,571 representing net liabilities assumed by the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies and practices

(a) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(b) Effective April 1, 1984 the Staff Development and Training Revolving Fund adopted the accounting policy of capitalizing fixed asset purchases and charging operations for the use of these assets. These fixed assets are depreciated on the declining balance method from the year of acquisition over their useful lives as follows:

Office and classroom furniture	10 years
Office and classroom equipment	6 to 7 years
EDP and word processing equipment	4 years

3. Change in accounting policy

As noted above, effective April 1, 1984 the Staff Development and Training Revolving Fund adopted the accounting policy of capitalizing fixed asset purchases and charging operations with depreciation. The impact on the 1984-85 statements is an increase in net profit as follows:

	\$
Capitalization of fixed assets purchases	1,126,962
Less: depreciation for the year	209,351
loss on disposal of fixed assets	87,396
	<u>830,215</u>

This accounting policy has been applied retroactively with the following impact on the 1984 financial statements:

	\$
Increase in net income comprised of:	
Capitalization of fixed assets purchases	403,600
Less: depreciation for the year	<u>93,640</u>
	<u>309,960</u>
Increase in accumulated surplus comprised of:	
Increase in net income	309,960
Prior years' adjustment:	
Capitalization of fixed assets (1981-82, 1982-83)	\$ 92,829
Less: depreciation	<u>(20,984)</u>
	<u>71,845</u>
	<u>381,805</u>

4. Subsidized operations

Appropriation funds in the amount of \$2,885,000 were paid to the Staff Development and Training Revolving Fund for the 1984-85 fiscal year. These funds were approved to cover the cost of the ongoing operations which are not cost recoverable. The comparative figure for 1983-84 is \$2,900,125.

5. Fixed assets and accumulated depreciation

	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	\$	\$	\$	\$

Social Sciences and Humanities Research Council

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Social Sciences and Humanities Research Council for the year ended March 31, 1985 in accordance with the accounting policies on a basis consistent with that of the preceding year.

The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the statements and elsewhere in the Public Accounts is consistent with the information presented in the statement of operations, unless indicated otherwise.

The Council's directorate of financial and administrative services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard of Council's assets. Financial management and internal control systems are augmented by the maintenance of an internal audit program whose results are reported to an Audit and Evaluation Committee. This Committee is composed of Council members. Council activities are subject to a yearly audit by the Auditor General. The Council also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate division of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

Approved by the Council:

W.E. TAYLOR
President

G. BOULIANE
Treasurer

July 25, 1985

AUDITOR'S REPORT

TO THE SOCIAL SCIENCES AND HUMANITIES RESEARCH COUNCIL
AND
THE HONOURABLE WALTER F. MCLEAN, M.P.
SECRETARY OF STATE OF CANADA

I have examined the statement of operations of the Social Sciences and Humanities Research Council for the year ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the expenditure of the Council for the year ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statement approved on a basis consistent with that of the preceding year.

RAYMOND DUBOIS, C.A.
*Deputy Auditor General
for the Auditor General of Canada*

Ottawa, Canada
June 18, 1985

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985

1. Authority and objective

The Council was established in 1977 by the Social Sciences and Humanities Research Council Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The objective of the Council is to promote and assist research and scholarship in the social sciences and humanities.

The operating and grants expenditures are funded by budgetary lapsing authorities. Employee benefit plans contributions are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants are charged to expenditure when disbursed. Operating expenditure is recorded on an accrual basis, in accordance with the Government's PAYE accounting policy, except for employee termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisition of office furniture and equipment is recorded as operating expenditure in the year of purchase.

(c) Services provided without charge by other departments

Estimates of amounts for services provided without charge from Government departments are included in operating expenditure (Schedule II).

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(e) Pension Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Council's contributions are charged to expenditure on a current basis.

3. Parliamentary appropriations

Parliamentary appropriations are recorded when used and any amount not used lapses in accordance with Section 30 of the Financial Administration Act. Appropriations are as follows:

Grants expenditure		Operating expenditure	
1985	1984	1985	1984

(in thousands of dollars)

Department of Communications

Main Estimates

Vote 90 (1984—Vote 100) ..	51,329	54,429		
Vote 85 (1984—Vote 95)			5,127	5,206

Secretary of State

Supplementary Estimates (B)

Votes 55 and 50	5,430		470	
-----------------------	-------	--	-----	--

Supplementary Estimates (C)

Votes 55 and 50	250		(250)	
-----------------------	-----	--	-------	--

	57,009	54,429	5,347	5,206
--	--------	--------	-------	-------

Amount not used			(5)	(1)
Reserve allotment				(10)

Amount spent	57,009	54,429	5,342	5,195
--------------------	--------	--------	-------	-------

4. Supplementary information

(a) Accounts receivable

Accounts receivable from award holders amounting to \$94,964 (1984—\$92,740) are not included in the statement of operations.

(b) Refunds of previous years' expenditure

Refunds of previous years' expenditure amounting to \$455,291 (1984—\$367,051) are not included in the statement of operations.

(c) Queen's Fellowship Fund

The Queen's Fellowship Fund consists of \$250,000 which was originally invested in sinking funds debentures, maturing March 1, 1995 and bearing interest at 10½% per annum but which were called for redemption on March 1, 1985. The fund was then deposited in an interest bearing trust account. The interest earned is used for fellowships to graduate students in certain fields of Canadian studies. The operations of the Fund, which are not included in the statement of operations, are as follows:

	1985	1984
	(in thousands of dollars)	
Balance, beginning of year	329	330
Add—Interest earned	33	33
Less—Fellowships paid	(50)	(34)
Balance, end of year, represented by deposits in the Consolidated Revenue Fund, in the name of the Council	312	329

(d) Special Trust Funds

During the year, an anonymous donation of \$50,000 was made to the Council, for the creation and administration, in 1986 and 1987, of two special postdoctoral fellowships for research in sociology on urban poverty in Canada. Of this donation, and amount of \$25,000 was received and deposited in the Consolidated Revenue Fund in an interest bearing trust account, in the name of the Council; the balance will be received before December 31, 1985.

SUPPLY AND SERVICES

Department

Objectives

SERVICES PROGRAM

- To fulfill the responsibilities of the Receiver General, and to provide in an economic and efficient manner a broad range of administrative, management and advisory services as required by the Government and as requested by client departments and agencies.

SUPPLY PROGRAM

PROGRAM

- To encourage research and development in the private sector which contributes to departmental programs; to help finance certain costs incurred on Government contracts resulting from the use of those contracts to support industrial research or industrial development objectives in Canada, including the expansion of Canadian technology and Canadian content in federal Government purchases; and to provide free and subsidized distribution of Government publications and Parliamentary papers thereby enhancing public access to such documents.

SUPPLY REVOLVING FUND

- To acquire and/or provide goods and services required by departments and agencies, taking into account the contribution of supply to the realization of national objectives, and to provide services for the disposal of Crown owned materiel, all in the most economical manner.

DEFENCE PRODUCTION REVOLVING FUND

- To assist in carrying out the responsibilities specified in the Defence Production Act related to the acquiring, transportation, and stockpiling of strategic materiel and defence supplies.

CANADIAN UNITY INFORMATION OFFICE PROGRAM*

- To promote Canadian unity.

Crown Assets Disposal Corporation

Objective

- To act as an agent of the Crown in the sale of surplus assets.

Royal Canadian Mint

Objectives

- To produce and arrange for the production and supply of coins of the currency of Canada;
- To produce coins of the currency of countries other than Canada;
- To melt, assay, refine, buy and sell gold, silver and other metals for the account of Canada; and
- To make medals, plaques and other things as are incidental to the powers of the Mint.

Statistics Canada

Objective

- To collect and provide statistical information needed for understanding the Canadian economy and Canadian institutions and for the development of economic and social policies and programs; to collaborate with other departments and agencies of the federal Government, provincial and municipal governments and with businesses and individuals on the development of methodology and its application and on the production of new and expanded statistical information to meet their particular requirements.

* Formerly under the Department of Justice (PC 1984-3201 dated September 17, 1984).

Crown Assets Disposal Corporation

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Crown Assets Disposal Corporation in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation.

This statement of operations was prepared in accordance with the accounting policies set out in Note 1, on a basis consistent with that of the previous period except as described in Note 2.

Also provided with the statement of operations is a schedule reconciling the net gain from operations, as per the above statement, with the net gain from operations on the accrual basis of accounting. The accrual basis financial statements, which are also included in the Public Accounts, were examined and an opinion expressed, by the Auditor General.

The Corporation develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. The Corporation also seeks to assure the objectivity and integrity of data in its statement of operations by organizational arrangements that provide appropriate divisions of responsibility and by ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE STATEMENT OF OPERATIONS

MARCH 31, 1985

1. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's Payables at Year End (PAYE) accounting policy.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisition of capital assets are charged to operating expenditure in the year of purchase.

2. Changes in accounting policy

As a result of the legislation (Bill C-24) listing the Corporation as a Schedule B corporation, the reporting for the Public Accounts was changed from the accrual basis to the Government's modified cash basis of accounting. This was done in order to make it consistent with the accounting policies of the Government, and to meet the reporting requirements of the Receiver General for Canada. As a result of this change, the net gain from operations is increased by \$902,370 for the seven months ended March 31, 1985. The restatement of the previous period for the five months ended August 31, 1984 increased net gain from operations by \$162,259.

Crown Assets Disposal Corporation—Continued

AUDITOR'S REPORT

THE HONOURABLE STEWART MCINNES, P.C., M.P.
MINISTER OF SUPPLY AND SERVICES

I have examined the balance sheet of Crown Assets Disposal Corporation as at March 31, 1985 and the statements of income and retained earnings and changes in financial position for the seven months then ended for the General Account, and the balance sheet as at March 31, 1985 and the statement of transactions for the seven months then ended for the Agency Account. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1985 and the results of its operations and the changes in its financial position for the seven months then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

Appendix 1—Continued

Crown Assets Disposal Corporation—Continued

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985

*1. Authority, objectives and operations

The Surplus Crown Assets Act, administered by the Minister of Supply and Services, established the Corporation to act as an agent of the Crown in the sale of surplus assets. The Act requires that each department, and other bodies, report to the Minister any property in its custody or under its control or administration that is determined as surplus to its requirements. The Act also allows agents of Her Majesty and boards, commissions, corporations and other bodies that are not agents of Her Majesty, but, that are ultimately accountable to Parliament for the conduct of their affairs, the option to use the services of the Corporation. The Corporation has the authority to sell or otherwise deal with such surplus property and to transfer net proceeds received from sales to the Consolidated Revenue Fund or to the agents of Her Majesty, boards, commissions, corporations and other bodies that are not agents of Her Majesty. Land and buildings (Order-in-Council PC 1974-2756, December 12, 1974) and certain commodities are exempted from sale by the Corporation.

The primary objectives of the Corporation are to obtain on behalf of the Crown the highest return from the sale of surplus assets and to provide efficient and reliable services to its customers.

The Corporation operates through two accounts: a general account and an agency (trust) account. The sales of the Corporation are recorded in the agency account from which direct sales expenses and sales commissions are deducted. The balance is transferred to the Consolidated Revenue Fund (CRF) or to appropriate agencies and Crown corporations. The commissions are transferred to the general account as "revenue" from which all operating expenses are paid.

Order-in-Council PC 1982-14/1256, dated April 22, 1982, conferred upon the Corporation the power to engage the services of the Department of Supply and Services in carrying out, on its behalf, the function, powers and duties relating to disposal of materiel.

As a result, the Corporation has been integrated into the Department of Supply and Services (DSS) but has maintained its legal status as a Crown corporation. Its employees have been transferred to DSS where they are carrying out all of the operations of the Corporation. Effective April 1, 1983 the Corporation's operating expenses have been paid by DSS. Each month the Corporation reimburses DSS for the operating expenses paid on its behalf plus an agreed amount of administrative charges.

An Act to amend the Financial Administration Act in relation to Crown corporations and to amend other Acts in consequence thereof came into force by proclamation on September 1, 1984. This Act (Bill C-24) rescheduled the Corporation as a departmental corporation under Schedule B to the Financial Administration Act.

The Crown Assets Disposal Corporation Dissolution Act to dissolve the Corporation and to amend the Surplus Crown Assets Act and other Acts in consequence thereof, Bill C-43, was passed by the House of Commons on April 19, 1985. The Act states that all rights and property, obligations and liabilities of the Corporation be deemed rights, property, obligations and liabilities of Her Majesty in right of Canada; and that the Minister of Supply and Services may do and perform all acts and things necessary for or incidental to closing out the affairs of the Corporation.

2. Statutory financial limitations

The Surplus Crown Assets Act, Section 11(2) requires that:

All monies deposited in the Corporation's bank accounts except

- (a) monies paid or advanced to the Corporation by Her Majesty on account of working capital, and
- (b) such percentage of the net proceeds of sales and of all other monies received by the Corporation during any period as the Governor in Council may from time to time fix to be retained to meet administrative costs or other expenses of the Corporation, and
- (c) the net proceeds of sales of property reported by other than a department of the Government of Canada less any amount retained pursuant to paragraph (b) with respect to each such sale, shall be transferred or deposited to the credit of the Receiver General on a day not later than the last day of the month following receipt thereof by the Corporation.

Section 11.1 of the above Act also requires that the Corporation remit the monies represented by (c) above to the respective bodies not later than the last day of the month following the month in which the monies were received by the Corporation.

Order-in-Council PC 1970-534, March 24, 1970 requires that the Corporation pay to Canada, at intervals of not longer than six months, the excess of the Corporation's retained earnings over \$300,000.

3. Significant accounting policies

(a) Recognition of revenue

Sales and related commissions are recorded when the Corporation accepts an offer to purchase, with the exception of some sales contracts where the value of the sale is undeterminable until after the goods are weighed upon receipt by the purchaser. For these contracts, sales are recorded upon receipt of goods by the purchaser.

(b) Depreciation and amortization

Depreciation of furniture and equipment is recorded on the straight-line method over five years, and amortization of leasehold improvements is recorded on the straight-line method over the term of the leases.

(c) Prepaid expenses

Direct sales expenses incurred relating to certain surplus assets not sold at the end of the year are shown as prepaid expenses.

(d) Income tax

The Corporation is not subject to the provisions of any income tax act.

4. Fixed assets

It is the intention of the management of the Corporation and of the Department of Supply and Services to transfer the Corporation's fixed assets to the Department at their net book value at the dissolution date.

Crown Assets Disposal Corporation—Continued

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985—Concluded

*5. Services rendered by the Department of Supply and Services

The following is a breakdown of the DSS charges to the Corporation for the seven months ended March 31, 1985 of which \$661,926 remained unpaid at the end of the period.

	March 31, 1985	August 31, 1984
	\$	\$
Salaries and allowances	1,198,000	813,000
DSS administrative charges	798,000	570,000
Accommodation	382,694	211,441
Computer systems costs	236,000	169,000
Employee benefits	184,000	115,000
Freight	173,370	78,373
Repairs and supplies	104,654	67,559
Publication and advertising	97,963	63,904
Professional and special services	58,712	31,231
Communications	48,150	41,756
Travel and removal	35,410	23,190
Equipment rentals	11,053	5,127
Inventory and other losses	7,732	5,999
	<u>3,335,738</u>	<u>2,195,580</u>

6. Long-term receivables—Agency Account

Long-term receivables include mortgages which relate to land and buildings sold prior to 1974 and loans outstanding from the sale of major equipment.

These receivables mature as follows:

	\$
1985-86	263,116
1986-87	243,429
1987-88	115,096
1988-89	95,408
1989-90	95,408
1990-91	95,408
Balance to 1997	<u>478,857</u>
	<u>1,386,722</u>
Less: current portion	<u>263,116</u>
	<u>1,123,606</u>

*7. Commission to agent

During the seven month period, Vebeg, an agency of the Government of the Federal Republic of Germany, retained \$24,830 (previous five month period—\$352) from proceeds it remitted to the Corporation.

*8. Lease commitments

The Corporation leases certain properties used in the performance of its operations. As at March 31, 1985, the aggregate minimum annual rentals for all such leases are:

	\$
1985-86	202,486
1986-87	<u>80,295</u>

*9. Contingencies

Claims aggregating approximately \$112,000 in respect of contractual obligations, accidents, alleged misrepresentation of assets sold, and sundry other matters in dispute have been received by the Corporation but are not reflected in the accounts. In the opinion of management and legal counsel, the position of the Corporation on these claims is defensible. However, the final outcome of such claims is not determinable. Settlements resulting from the resolution of these claims are expected to be accounted for in the year in which the settlements occur.

* These notes are also an integral part of the statement of operations prepared on the Government's modified cash basis of accounting, which precedes these statements.

Crown Assets Disposal Corporation—Continued

AUDITOR'S REPORT

THE HONOURABLE STEWART MCINNES, P.C., M.P.
MINISTER OF SUPPLY AND SERVICES

I have examined the balance sheet of Crown Assets Disposal Corporation as at August 31, 1984 and the statements of income and retained earnings and changes in financial position for the five months then ended for the General Account, and the balance sheet as at August 31, 1984 and the statement of transactions for the five months then ended for the Agency Account. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements give a true and fair view of the financial position of the Corporation as at August 31, 1984 and the results of its operations and the changes in its financial position for the five months then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

I further report that, in my opinion, proper books of account have been kept by the Corporation, the financial statements are in agreement therewith and the transactions that have come under my notice have been within its statutory powers.

E.R. ROWE, C.A.
*Deputy Auditor General
for the Auditor General of Canada*

Ottawa, Canada

Appendix 1—Continued

Crown Assets Disposal Corporation—Continued

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 1984

1. Authority, objectives and operations

The Surplus Crown Assets Act, administered by the Minister of Supply and Services, established the Corporation to act as an agent of the Crown in the sale of surplus assets. The Act requires that each department, and other bodies, report to the Minister any property in its custody or under its control or administration that is determined as surplus to its requirements. The Act also allows agents of Her Majesty and boards, commissions, corporations and other bodies that are not agents of Her Majesty, but, that are ultimately accountable to Parliament for the conduct of their affairs, the option to use the services of the Corporation. The Corporation has the authority to sell or otherwise deal with such surplus property and to transfer net proceeds received from sales to the Consolidated Revenue Fund or to the agents of Her Majesty, boards, commissions, corporations and other bodies that are not agents of Her Majesty. Land and buildings (Order-in-Council PC 1974-2756, December 12, 1974) and certain commodities are exempted from sale by the Corporation.

The primary objectives of the Corporation are to obtain on behalf of the Crown the highest return from the sale of surplus assets and to provide efficient and reliable services to its customers.

The Corporation operates through two accounts: a general account and an agency (trust) account. The sales of the Corporation are recorded in the agency account from which direct sales expenses and sales commissions are deducted. The balance is transferred to the Consolidated Revenue Fund (CRF) or to appropriate agencies and Crown corporations. The commissions are transferred to the general account as "revenue" from which all operating expenses are paid.

Order-in-Council PC 1982-14/1256, dated April 22, 1982, conferred upon the Corporation the power to engage the services of the Department of Supply and Services in carrying out, on its behalf, the function, powers and duties relating to disposal of material.

As a result, the Corporation has been integrated into the Department of Supply and Services (DSS) but has maintained its legal status as a Crown corporation. Its employees have been transferred to DSS where they are carrying out all of the operations of the Corporation. Effective April 1, 1983 the Corporation's operating expenses have been paid by DSS. Each month the Corporation reimburses DSS for the operating expenses paid on its behalf plus an agreed amount of administrative charges.

An Act to amend the Financial Administration Act in relation to Crown corporations and to amend other Acts in consequence thereof came into force by proclamation on September 1, 1984. This Act (Bill C-24) rescheduled the Corporation as a departmental corporation under Schedule B to the Financial Administration Act.

Therefore, the Corporation has prepared these financial statements at August 31, 1984.

The Crown Assets Disposal Corporation Dissolution Act to dissolve the Corporation and to amend the Surplus Crown Assets Act and other Acts in consequence thereof, Bill C-43, was passed by the House of Commons on April 19, 1985. The Act states that all rights and property, obligations and liabilities of the Corporation be deemed rights, property, obligations and liabilities of Her Majesty in right of Canada; and that the Minister of Supply and Services may do and perform all acts and things necessary for or incidental to closing out the affairs of the Corporation.

2. Statutory financial limitations

The Surplus Crown Assets Act, Section 11(2) requires that:

All monies deposited in the Corporation's bank accounts except

- (a) monies paid or advanced to the Corporation by Her Majesty on account of working capital, and
- (b) such percentage of the net proceeds of sales and of all other monies received by the Corporation during any period as the Governor in Council may from time to time fix to be retained to meet administrative costs or other expenses of the Corporation, and
- (c) the net proceeds of sales of property reported by other than a department of the Government of Canada less any amount retained pursuant to paragraph (b) with respect to each such sale, shall be transferred or deposited to the credit of the Receiver General on a day not later than the last day of the month following receipt thereof by the Corporation.

Section 11.1 of the above Act also requires that the Corporation remit the monies represented by (c) above to the respective bodies not later than the last day of the month following the month in which the monies were received by the Corporation.

Order-in-Council PC 1970-534, March 24, 1970 requires that the Corporation pay to Canada, at intervals of not longer than six months, the excess of the Corporation's retained earnings over \$300,000.

3. Significant accounting policies

(a) Recognition of revenue

Sales and related commissions are recorded when the Corporation accepts an offer to purchase, with the exception of some sales contracts where the value of the sale is undeterminable until after the goods are weighed upon receipt by the purchaser. For these contracts, sales are recorded upon receipt of goods by the purchaser.

(b) Depreciation and amortization

Depreciation of furniture and equipment is recorded on the straight-line method over five years, and amortization of leasehold improvements is recorded on the straight-line method over the term of the leases.

(c) Prepaid expenses

Direct sales expenses incurred relating to certain surplus assets not sold at the end of the year are shown as prepaid expenses.

(d) Income tax

The Corporation is not subject to the provisions of any income tax act.

4. Fixed assets

It is the intention of the management of the Corporation and of the Department of Supply and Services to transfer the Corporation's fixed assets to the Department at their net book value at the dissolution date.

5. Services rendered by the Department of Supply and Services

The following is a breakdown of the DSS charges to the Corporation for the five months ended August 31, 1984 of which \$460,886 remained unpaid at end of the period. Expenses for the year ended March 31, 1984 have been reclassified to conform with the presentation adopted for August 1984.

Appendix 1—Concluded

Crown Assets Disposal Corporation—Concluded

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 1984—Concluded

	August 31, 1984	March 31, 1984
	\$	\$
Salaries and allowances	813,000	1,890,000
DSS administrative charges	570,000	1,110,107
Accommodation	211,441	563,337
Computer systems costs	169,000	289,000
Employee benefits	115,000	371,042
Freight	78,373	147,653
Repairs and supplies	67,559	184,964
Publication and advertising	63,904	126,103
Communications	41,756	120,605
Professional and special services	31,231	70,867
Travel and removal	23,190	68,250
Inventory and other losses	5,999	12,927
Equipment rentals	5,127	27,190
	<u>2,195,580</u>	<u>4,982,045</u>

6. Long-term receivables—Agency Account

Long-term receivables include mortgages which relate to land and buildings sold prior to 1974 and loans outstanding from the sale of major equipment.

These receivables mature as follows:

	\$
From September 1, 1984 to March 31, 1985	148,020
1985-86	243,429
1986-87	243,429
1987-88	115,096
1988-89	95,408
1989-90	95,408
Balance to 1997	574,265
	<u>1,515,055</u>
Less: current portion	243,429
	<u><u>1,271,626</u></u>

7. Commission to agent

During the five month period, Vebeg, an agency of the Government of the Federal Republic of Germany, retained \$352 (1983-84—\$19,652) from proceeds it remitted to the Corporation.

8. Lease commitments

The Corporation leases certain properties used in the performance of its operations. As at August 31, 1984, the aggregate minimum annual rentals for all such leases are:

	\$
From September 1, 1984 to March 31, 1985	109,280
1985-86	202,486
1986-87	80,295

9. Contingencies

Claims aggregating approximately \$112,000 in respect of contractual obligations, accidents, alleged misrepresentation of assets sold, and sundry other matters in dispute have been received by the Corporation but are not reflected in the accounts. In the opinion of management and legal counsel the position of the Corporation on these claims is defensible. However, the final outcome of such claims is not determinable. Settlements resulting from the resolution of these claims are expected to be accounted for in the year in which the settlements occur.

Appendix 2

Defence Production Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Defence Production Revolving Fund have been prepared by Supply and Services Canada in accordance with the Treasury Board policies, the Defence Production Act, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance and Administration sector of the Department. This responsibility is discharged by the Comptroller's Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept.

Appendix 2—Concluded**Defence Production Revolving Fund—Concluded****NOTES TO FINANCIAL STATEMENTS**

MARCH 31, 1985

1. Purpose and authority

The Defence Production Revolving Fund has been authorized by Section 15 of the Defence Production Act. It was established in 1951 for the purpose of:

- (a) financing the stockpiling of defence supplies or strategic materials;
- (b) making loans or advances to aid in defence procurement such as working capital loans as advance payments on contracts but not including loans or advance payments for capital purposes; and
- (c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The Adjustment of Accounts Act (S.C. 1980, c. 17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a continuing non-lapsing authority from the Adjustment of Accounts Act to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed at any time by more than \$100 million the aggregate of amounts received on these two accounts. An amount of \$15,408,997 representing net assets assumed by the Fund was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus in the amount of \$455,935 has been transferred to the Fund's authority during 1984-85.

2. Significant accounting policies**(a) Progress payments to suppliers**

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by Government departments and agencies and/or for stockpiled inventories, which are in progress and located on the suppliers' premises, are recorded as progress payments to suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

(b) Progress billings to customers

Billings to customers for defence supplies requisitioned which have not yet been delivered to customers are recorded in the accounts as progress billings to customers.

3. Long-term receivable

In accordance with the terms of an agreement, the collection of the long-term receivable is dependent on the recipient's ability to make sales. Should the sales be insufficient to retire the debt, any balance owing will be recovered from the Department of National Defence.

Appendix 3

Supply Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Supply Revolving Fund have been prepared by Supply and Services Canada in accordance with the Treasury Board policies, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance and Administration sector of the Department. This responsibility is discharged by the Comptroller's Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept.

Appendix 3—Continued

Supply Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Purpose and authority

The objective of the Fund is to acquire and provide goods and/or services required by departments and agencies, taking into account the contribution of procurement to the realization of national objectives, and to provide services for the disposal of Crown owned materiel, all in the most economical manner.

The Supply Revolving Fund was authorized by Supply and Services Vote L6, Appropriation Act No. 1, 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976 and with the Expositions Revolving Fund effective April 1, 1977.

Effective April 1, 1980, Parliament through the passage of the "Adjustment of Accounts Act" repealed all votes in respect of the accounts of the Supply Revolving Fund. Section 29 of the Act established the Supply Revolving Fund as a budgetary entity with a statutory non-lapsing drawing authority of \$150 million. The authorized limit of the Fund was subsequently increased from \$150 million to \$200 million through the Appropriation Act No. 4, 1981-82.

An amount of \$44,171,345 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus has been transferred to the Fund's authority as follows:

	\$
1982-83	3,256,386
1983-84	4,888,134
1984-85	5,691,677
	<u>13,836,197</u>

2. Significant accounting policies

(a) Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting with the following variations:

- (i) The accrual policy for recording certain revenue in the Science and Engineering Procurement Service is based on detailed and validated statistical analysis of the procurement workload. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching cost and revenue. Contracts ranging in value from \$200,000 to \$1,000,000 require 18 months on average to complete and revenue is recorded evenly over 18 months commencing the month the contract is awarded. Contracts with a value in excess of \$1,000,000 require 36 months on average to complete and revenue is recorded evenly over 36 months commencing the month the contract is awarded. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to contract award date but is of the opinion that the accounting principle of matching cost and revenue is not seriously violated since, on average, revenue will be accruing on other contracts that have been completed.

- (ii) Employee benefits (termination benefits and vacation pay) accrue to employees over their years of service with the Government of Canada as provided for under

collective agreements. The total liability of these benefits is not accrued, however, the actual expenses are recorded in the period in which they are incurred. The unaccrued liability is reflected in Note 8.

(b) Depreciation

Depreciation is calculated on a straight-line basis over the established useful life of the fixed assets, generally 5 to 10 years.

3. Inventories

	1985	1984
	\$	\$
Raw materials and finished goods	17,274,339	15,176,214
Work-in-process	2,741,050	1,689,410
	<u>20,015,389</u>	<u>16,865,624</u>

4. Sales and cost of sales

For consolidation purposes, sales and cost of sales in the amount of \$9,178,313 (\$17,774,310 in 1984) have been eliminated.

5. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the Government's policy of self insurance.

6. Fixed assets and accumulated depreciation

- (a) Depreciation in the amount of \$1,170,239 has been included in the cost of sales in the statement of operations.

- (b) September 1, 1984 fixed assets were acquired from the National Film Board in the amount of \$601,556 (original cost \$1,109,037 less accumulated depreciation \$507,481 — Net \$601,556) and leasehold improvements in the amount of \$26,738 (net of amortization). The acquisitions have been reflected at gross value in the two following schedules:

Fixed assets	Balance at beginning of year	Acquisitions	Disposals	Balance at end of year
	\$	\$	\$	\$
Furniture	3,524,004	508,008	139,349	3,892,663

Audio-video	134,652	566,200	63,043	637,809
	<u>14,300,585</u>	<u>3,382,288</u>	<u>1,646,327</u>	<u>16,036,546</u>

Appendix 3—Concluded**Supply Revolving Fund—Concluded****NOTES TO FINANCIAL STATEMENTS**MARCH 31, 1985—*Concluded***7. Net investment in electronic data processing (EDP) equipment leases**

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase designated electronic data processing (EDP) equipment approved by Treasury Board for client departments. The capital, interest and other costs are recoverable from departments over a one to five year period under direct financing leasing agreements. Title to the equipment remains with the Supply Revolving Fund. Payments by the client departments for the long-term investment in leases are due—\$60,708 in 1986-87 and \$42,067 in 1987-88 and \$48,781 in 1988-89.

8. Employee benefits liability

The unaccrued liability for employee benefits consists of termination benefits and vacation pay.

	1985	1984
	\$	\$
Termination benefits	29,860,615	28,781,847
Vacation pay	7,609,610	7,348,653
	<u>37,470,225</u>	<u>36,130,500</u>

9. Deferred acquisition contract fees

In accordance with the Department's policy of smoothing revenue for certain types of contracts as detailed in Note 2(a)(i), the value of deferred acquisition fees as well as the cost of uncompleted contracting work as at March 31, 1985 amounted to \$33,832,001 (\$33,949,558 in 1984).

10. Prior years' sales tax

The Fund was assessed an amount of \$543,784 by Revenue Canada for federal sales tax on in-house manufactured printing. As this amount is applicable to prior years' operations, it has been recorded as an extraordinary item on the statement of operations.

11. Correction of prior year's financial statements

An adjustment in the amount of \$1,272,937 has been made to the 1984 financial statements to correct the valuation of work-in-process. This adjustment resulted in a reduction to inventory and net profit.

12. Restatement of prior year's figures

Certain 1984 figures have been restated to conform with the 1985 presentation requirements.

TRANSPORT

Department

Objectives

DEPARTMENTAL ADMINISTRATION PROGRAM

PROGRAM

- To attend to the development and operation of a safe and efficient national transportation system that contributes to the achievement of Government objectives, and to operate specific elements of this system.

STORES REVOLVING FUND

- To provide in response to departmental demands, expendable and controllable items and initial sparing for the requirements of the Department.

MARINE TRANSPORTATION PROGRAM

- To attend to the development and operation of a safe and efficient national marine transportation system that contributes to the achievement of Government objectives, and to operate specific elements of this system.

AIR TRANSPORTATION PROGRAM⁽¹⁾

- To attend to the development and operation of a safe and efficient national civil air transportation system that contributes to the achievement of Government objectives, and to operate specific elements of this system.

SURFACE TRANSPORTATION PROGRAM

- To attend to the development and operation of a safe and efficient national surface transportation system that contributes to the achievement of Government objectives, and to operate specific elements of this system.

Air Canada

Objective

- To operate the business of an air carrier, within and outside Canada.

Canadian Aviation Safety Board

Objective

- To advance aviation safety.

Canadian Transport Commission

Objective

- With due regard to national policy aimed at achieving an economic, efficient and adequate transportation system, to regulate the development and operation of those elements of the transportation sector that come under federal jurisdiction in order to protect the interests of the users of transportation, to maintain the economic well-being and growth of Canada, and to coordinate and harmonize the operations of transport carriers:

- by regulating the safety of railway transport services in Canada, so that they are operated in a manner that minimizes the risk of personal injury to employees and the public as well as damage to property;
- by developing and providing information and advice to the federal Government on the economic and social aspects of all modes of transport within, into or from Canada; and,
- by administering, in an economical and efficient manner, certain federal Government programs for the subsidization of transport services.

Northern Pipeline Agency⁽²⁾

Objective

- To facilitate the efficient and expeditious planning and construction of the Alaska Highway Gas Pipeline in a manner consistent with the best interests of Canada as defined in the Northern Pipeline Act.

Office of the Grain Transportation Agency

Administrator

Objective

- To ensure that, for specified aspects of the grain handling and transportation system, western grain moves to domestic and export position in a prompt, efficient and orderly manner.

⁽¹⁾ Includes the operations of the Self-supporting Airports and Associated Ground Services Revolving Fund.

⁽²⁾ Transferred from the former Ministry of State for Economic and Regional Development (PC 1984-2440 dated June 30, 1984).

Canadian Aviation Safety Board

MANAGEMENT REPORT

We have prepared the accompanying statement of operations of the Canadian Aviation Safety Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Board.

This statement of operations was prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The Board's finance section develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been examined by the Auditor General, his role being to express an informed opinion as to whether the Board's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Board's financial transactions.

The Canadian Aviation Safety Board was established officially on May 1, 1984 and became operational on October 1, 1984. This is the first year of operation of the Canadian Aviation Safety Board therefore the accounting system and financial statement of the Board are just being established.

AUDITOR'S REPORT

TO THE CANADIAN AVIATION SAFETY BOARD

AND

THE HONOURABLE DON MAZANKOWSKI, P.C., M.P.
MINISTER OF TRANSPORT

I have examined the statement of operations of the Canadian Aviation Safety Board for the initial six months ended March 31, 1985. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Board for the initial six months ended March 31, 1985 in accordance with the accounting policies set out in Note 2 to the financial statement.

RAYMOND DUBOIS, C.A.
*Deputy Auditor General
for the Auditor General of Canada*

KEN JOHNSON
Executive DirectorNOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1985

1. Authority and objective

The Canadian Aviation Safety Board was established under Section 4 of the Canadian Aviation Safety Board Act and is a departmental corporation named in Schedule B to the Financial Administration Act. The Canadian Aviation Safety Board Act received Royal Assent on November 17, 1983 and was proclaimed into law on April 18, 1984. It was established officially on May 1, 1984 and became operational on October 1, 1984. The objective of the Board is to advance aviation safety by: identifying safety deficiencies as evidenced by aviation occurrences; by conducting independent investigations and, if necessary, public inquiries into aviation occurrences in order to make findings as to their contributing factors and causes; and by reporting publicly in its investigations and public inquiries and on the findings in relation thereto and by making recommendations designed to eliminate or reduce safety deficiencies. The Board's expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policy

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

3. Parliamentary appropriation

Use of appropriation	5,374,552

Appendix 2

Self-supporting Airports and Associated Ground Services Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Self-supporting Airports and Associated Ground Services Revolving Fund in accordance with the accounting policies disclosed in the notes to the financial statements applied on a basis consistent with that of the preceding year. The responsibility for the integrity and objectivity of the data in these financial statements rests with management.

Some of the information included in these financial statements is based on management's best estimates and judgements, which give due consideration to materiality. To meet the reporting requirements, separate accounts are maintained on a decentralized basis for each of the airports funded by the Revolving Fund, under the functional authority of six Regional Financial Officers and the Director General, Finance, Air, and are submitted to Ottawa Headquarters for review and consolidation. Effective April 1, 1985 Treasury Board reduced the number of airports in the Fund from 23 to 9 (Halifax, Dorval, Mirabel, Ottawa, Toronto, Winnipeg, Edmonton, Calgary and Vancouver) and approved the transfer of the remaining fourteen airports to the Financially Dependent Airports planning element of the Air Transportation Program.

Those airports in the Fund are subject to the departmental systems of financial management and internal control and such additional policies, practices and procedures as are necessary to facilitate financial reporting for the Revolving Fund, in accordance with the requirements of the Treasury Board and Receiver General for Canada. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are recorded to maintain accountability of Government funds and to safeguard the assets of the Revolving Fund.

Management seeks to assure the objectivity and integrity of data in its financial statements by selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization. In addition, the financial management and internal control systems are augmented by the maintenance of internal audit programs.

The accounting and financial statements of the Fund have evolved over time in conjunction with changing conditions, the evolvement of financial reporting in Canada and, more recently, in response to the reporting requirements of Treasury Board and the Receiver General for Canada.

The airports in the Revolving Fund are operated and maintained in accordance with nationally promulgated policies, standards and procedures, on a cost recoverable basis, so as to provide safe and efficient facilities and services consistent with the protection of the environment. Certain essential services to aviation provided by the Telecommunications and Air Traffic Control Branches of the Canadian Air Transportation Administration are charged to the airports in the Fund; however, the related assets are not included in the accounts of the airports.

As requested by the Deputy Minister of Transport, these financial statements, excluding the statement of authority used and the reconciliation of unused authority, have been examined by the Auditor General of Canada. The Auditor General's role is to express an opinion as to whether the financial statements present fairly the financial position of the Fund and the results of its operations and the changes in its financial position in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Self-supporting Airports and Associated Ground Services Revolving Fund—Continued

THE HONOURABLE DON MAZANKOWSKI, P.C., M.P.
MINISTER OF TRANSPORT

These financial statements have been prepared by management in accordance with the accounting policies disclosed in the notes to the financial statements applied on a consistent basis since 1979. However, in my opinion, because of the failure to account appropriately for the costs described in the preceding paragraphs, these financial statements do not present fairly the financial position of the Fund as at March 31, 1985 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

It is essential that these financial statements provide information that is meaningful to Parliament, the aviation industry and other financial statement users on the extent of cost recovery achieved by the Fund. Department of Transport officials have informed me that, historically, interest relating to capital contributions to the Fund has not been included in the financial statements and precise measurement of the appropriate amounts for the above noted facilities and services has not been made at this time. However, they have assured me that this will be done as soon as practical and that all costs, including recoverable interest, will be recorded in the financial statements so that the results of operations of the Fund will, in future, present fairly the extent of cost recovery.

Further, I wish to bring to your attention that, during the six years ended March 31, 1985, the Fund has not met the objective of developing and operating its system of 23 airports in such a way as to recover their costs, including those costs identified in the preceding paragraphs. Effective April 1, 1985, the number of airports in the Fund was reduced from 23 to 9 in an attempt to achieve financial viability.

KENNETH M. DYE, F.C.A.
Auditor General of Canada

Appendix 2—Continued

Self-supporting Airports and Associated Ground Services Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and purpose

The Airports Revolving Fund was established in 1969 and authorized by Vote L160, Appropriation Act No. 3, 1969, 1968-69, c. 36 for the purpose of financing the operation and development of certain airports. As at March 31, 1979, the Fund included the accounts of the international airports at Dorval, Mirabel, Toronto and Vancouver.

Effective April 1, 1979, Treasury Board approved an expansion of the Fund to include the operations of five additional international airports (Gander, Halifax, Winnipeg, Calgary, Edmonton) and fourteen national airports (Sydney, St. John's, Saint John, Fredericton, Moncton, Charlottetown, Quebec, London, Windsor, Ottawa, Saskatoon, Regina, Thunder Bay, Victoria). At that same date, the Department of Transport commenced to recover from the Fund the costs of providing certain essential operating support, including air traffic control and telecommunication and electronic services.

Effective April 1, 1980, Parliament, through the passage of the Adjustment of Accounts Act, repealed all votes in respect of the accounts of the Airports Revolving Fund. Section 31 of the Act established the Self-supporting Airports and Associated Ground Services Revolving Fund as a budgetary entity with a statutory drawing authority of \$80 million. As at the end of the 1984-85 fiscal year, \$32 million of this authority remained unused. If the drawing authority is exhausted either through normal operational requirements or by settlements of pending and threatened litigations (Note 8), Parliamentary action may be required to provide additional spending authority.

On November 29, 1984, the Treasury Board approved revised terms and conditions governing the operation and financing of the Fund, including the requirement for an annual financial plan to be approved by the Treasury Board. In accordance with these terms and conditions, the Treasury Board:

- (a) approved the principle of funding capital expenditures through revenues, appropriations, or from the statutory drawdown authority, as determined in the annual financial plan;
- (b) endorsed the principle that capital investments will be recovered from users over the life of the assets by including depreciation and a return on assets (as determined in the financial plan) in the determination of fees and charges;
- (c) approved the principle of providing annual appropriations to compensate the Fund for activities of a non-commercial nature; but did not approve such an appropriation for 1985-86.

The Treasury Board also provided authority for a \$1 item in the 1984-85 Supplementary Estimates (C) to amend the Adjustment of Accounts Act to provide specific authority for:

the making of capital expenditures within the Fund; providing capital funds from revenues, appropriations or from the drawdown authority; and providing annual compensation for costs incurred in fulfilling objectives not directly related to the operation of airports as a self-supporting entity.

In addition, the Treasury Board reduced the number of airports in the Fund to nine (Halifax, Dorval, Mirabel, Ottawa, Toronto, Winnipeg, Edmonton, Calgary and Vancouver) and approved the transfer of the remaining fourteen airports to the Financially Dependent Airports planning element of the Air Transportation Program. This change took effect April 1, 1985 (see Note 9).

The revised terms and conditions state that the basic principle underlying the Fund is that it shall be operated as a financially self-supporting entity, in accordance with the following:

- (1) The Fund shall operate on the basis of financial plans to be submitted annually for approval by the Treasury Board. Financial plans will include, *inter alia*, a review of past performance with respect to approved financial and management objectives; proposed performance targets, fee changes, capital expenditures, and allocations of revenues, overhead and indirect costs; a five-year forecast of revenues, expenditures and profitability; and, recommendations as to source and application of funds for the upcoming year.
- (2) The Fund shall recover all its expenses through revenues, subject to the following:
 - (a) funds for operating and maintenance activities will be provided from revenues;
 - (b) capital funds will be provided from revenues, appropriations, or the statutory authority, as determined in the approved financial plan;
 - (c) capital appropriations to the Fund are to be recovered under terms and conditions to be approved by the Treasury Board in the annual financial plan;
 - (d) subject to approval by the Treasury Board, the Fund will be eligible for payments, through appropriations in Main Estimates, for costs incurred in support of activities, the costs for which are not to be recovered from users; and,
 - (e) in any given year, revenues of up to 110% of those forecast in Main Estimates may be expended without further reference to the Treasury Board.
- (3) As approved in the financial plan, surplus monies generated by the Fund in a given year may be used to repay any outstanding drawdown against the non-lapsing statutory authority, to pay a return to the Consolidated Revenue Fund (CRF) on capital payments made through appropriations, or be retained in the CRF as a credit to the Fund if no drawdown exists.
- (4) Airports shall be eligible for inclusion in the Fund if deemed capable of recovering on average, 90% of operating costs, including depreciation, over a five-year forecast period, either as individual entities or as complementary airports serving the same geographic area.
- (5) Capital funds within the Fund will be subject to allotment control in accordance with Treasury Board policy.
- (6) Subject to these terms and conditions, it is expected that the Fund will operate within the limits of the statutory drawdown authority approved by Parliament.

2. Significant accounting policies

(a) Inventory

Inventory of materials and supplies, maintained for repair and maintenance purposes at the airports, is carried at the lower of cost or replacement value.

(b) Fixed assets

Fixed assets purchased by the Fund are recorded at cost. Fixed assets transferred to the Fund prior to April 1, 1979 are recorded at appraised values as established by the Department of Transport in accordance with Treasury Board Circular 1970-7 of January 8, 1970. Fixed assets transferred to the Fund as at April 1, 1979 in connection with the

Appendix 2—Continued

Self-supporting Airports and Associated Ground Services Revolving Fund—Continued

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985—Continued

addition of nineteen airports (Note 1) are recorded at their depreciated value at that date. Subsequently, all transfers of fixed assets to or from Canada are recorded at net book value at the date of transfer.

Project administration costs, including interest incurred during the construction of new airports, are capitalized and included in airport development costs to the extent that these costs are not readily identifiable with specific fixed assets. Additions, renewals and betterments which extend the economic lives of the assets are capitalized. Maintenance and repairs are charged to operations.

(c) Depreciation

Depreciation is charged on a straight-line method based on the estimated useful life of the asset.

The depreciation rates used within the major classes of assets are as follows:

Terminals and facilities	2.5% to 5.0%
Runways and other paved surfaces	3.3% to 5.5%
Machinery	3.3% to 5.0%
Equipment	
Static	5.0% to 9.0%
Mobile	6.0% to 18.0%
Amortization of airport development costs (excluding interest)	10.0%
Amortization of capitalized interest	4.2% (the average rate of depreciation)

(d) Contributed capital

Amounts representing working capital advances, the values assigned to assets transferred to and from Canada, deletion of loans from Canada, and reimbursement by Canada for projects undertaken under the Special Recovery Capital Projects Program are shown as contributed capital.

The values of assets transferred between the Fund and Canada are shown as additions or reductions to contributed capital.

(e) Air transportation tax

Air transportation tax is levied and collected under the Excise Tax Act, Part II by the Minister of National Revenue. By authority of appropriation acts, tax received during the year is remitted to the Department of Transport. Of the total tax revenue 14.4% is credited to air navigational services, the balance is allocated among airports in the Air Transportation Program based on the number of enplaned and deplaned passengers.

(f) Terminal control costs

Terminal control costs are those air navigational services associated with the approach, landing and take-off of aircraft at an airport and the control of enroute flights while traversing a terminal control area. The costing of terminal control includes direct and indirect costs and depreciation for air traffic services, flight service stations, technical support services, flight calibration and meteorological services.

(g) Headquarters and regional overhead

Headquarters and regional overhead reflects the charges by the Canadian Air Transportation Administration for providing technical and administrative services to the Fund. Since expenditures are not readily identifiable with specific services, these charges are a percentage of direct operating and maintenance expenses of the Fund.

(h) Grants in lieu of taxes

Grants in lieu of taxes, imposed on airports of the Fund, are accrued based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid by the Department of Public Works and recovered from the Fund.

The grants are not finalized until they have been audited by the Department of Public Works, often several years in arrears. Any normal adjustments upon finalization are reflected in the accounts in the year of settlement.

(i) Pension plan

Employees of the Canadian Air Transportation Administration operating the airports of the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation Account and the Supplementary Retirement Benefits Account.

(j) Employee termination benefits

Termination benefits accrue to employees of the Canadian Air Transportation Administration operating airports of the Fund. Payment of these benefits is made to employees on separation or retirement. The cost of these benefits is expensed in the year in which they are earned.

3. Fixed assets

	1985		1984	
	Cost and appraised values	Accumulated depreciation	Cost and appraised values	Accumulated depreciation
(in thousands of dollars)				
Land and land development costs	126,215		126,235	
Terminals and facilities	656,702	231,126	611,817	201,047
Runways and other paved surfaces	429,346	152,882	409,517	135,050
Machinery and equipment	77,640	34,441	65,217	28,859

	1,536,001	476,761	1,413,386	417,094
Net book value	1,059,240		996,292	

Appendix 2—Concluded

Self-supporting Airports and Associated Ground Services Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1985—Concluded

4. Accumulated net charge against the Fund's authority

The accumulated net charge against the Fund's authority at the end of the year shown as part of the Equity of Canada, represents the net accumulation of all cash transactions made through the Consolidated Revenue Fund.

The Consolidated Revenue Fund is the central account through which all Government receipts and disbursements flow. All cash transactions of the Fund are therefore made through the Consolidated Revenue Fund. By virtue of the Fund's mandate, it receives credit for all revenues generated and is empowered to draw funds under statutory authority from the Consolidated Revenue Fund for any shortfalls.

A drawdown on the Fund's authority occurs when accumulated cash disbursements exceed accumulated cash receipts (credit balance) and bears interest at a rate determined by the Minister of Finance. An accumulated excess of cash receipts over cash disbursements (debit balance) represents an addition to the drawing authority of the Fund.

5. Payment of provincial sales taxes

The Department of Finance makes certain payments on behalf of the Fund to participating provinces in lieu of the payment of sales taxes. These payments, estimated at \$3.4 million in 1984-85 (1983-84—\$3.1 million), are currently not recovered from the Fund and no provision has been made in the accounts for these payments.

6. Related party transactions

The Department of Transport officials who have the authority and responsibility for planning, directing and controlling the activities of the Air Transportation Program are responsible for the operations of the Fund.

In addition to the related party transactions disclosed elsewhere in these financial statements, the Fund receives certain direction and administration services from the Department of Transport (Departmental Administration) and other Government departments without charge. Furthermore, the Government does not charge the Fund for any cost associated with capital contributed to the Fund.

In addition, the airports of the Fund provide certain accommodation facilities and other services without charge to the Department of Transport and other Government departments. The accommodation facilities which include hangars, are used to service Government-owned aircraft, to perform air safety and other related tests, and to provide certain essential operating support services. The other services provided include the exemption from landing fees for state and military aircraft.

The annual estimated cost of these facilities and services has not been determined and as such has not been recorded in these financial statements.

7. Contractual obligations

As at March 31, 1985, the Fund was committed to expenditures totalling approximately \$97 million under fixed asset construction and maintenance contracts.

8. Contingent liabilities

The Department of Transport is a defendant in certain pending and threatened litigations related to the operations of the Fund. The aggregate amount of claims in respect thereof as at March 31, 1985 is approximately \$152 million. These claims include a legal suit filed in the Federal Court of Canada by a group of major international air carriers challenging the legality of the Air Services Fees Regulations related to the transoceanic landing fee levied under Section 5 of the Aeronautics Act. They have claimed reimbursement of all transoceanic landing fees paid since 1974. The action will be heard in early 1986.

9. Supplementary financial information

After giving effect to the change in the composition of the Fund (see Note 1), the opening balances of the Fund for the year ending March 31, 1986 are summarized below:

	(in thousands of dollars)
Assets

	<u>869,172</u>
	<u>938,994</u>

The net assets, as at March 31, 1985, of the fourteen airports transferred to the Department of Transport totalling \$176 million were charged to the contributed capital of the Fund, effective April 1, 1985.

For the year ended March 31, 1985, revenues and expenses for the 9 airports remaining in the Fund were \$393 million and \$319 million respectively.

10. Subsequent event

Effective October 15, 1985, the Department of Transport established two distinct organizations, the Safety, Regulatory and Air Navigational Services Group, and the Airports Authority Group, to emphasize its focus on air safety and to streamline the management structure of airports, including those in the Fund.

Appendix 3

Stores Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Transport Canada Stores Revolving Fund as authorized by Treasury Board and in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provide a centralized record of the Fund's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The operation of the Transport Canada Stores Revolving Fund is primarily designed to provide for the acquisition of recurring requirements of material and insurance spares in support of the operations of the Air, Marine, Surface and Departmental (Headquarters) Administrations across Canada. The cost of operating, administering and controlling the supply activities associated with the Fund is shared jointly by the operating Administration and Headquarters corporate management under the direct guidance of the Director, Materiel and Contracting Services and the Assistant Deputy Minister, Finance.

The Assistant Deputy Minister, Finance develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs and contacts are maintained between staffs responsible for the operation of the Revolving Fund and of the Office of the Auditor General.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Fund's authority has been augmented to \$43,700,000 by Appropriation Act No. 4, 1983-84 in anticipation of increased activities in the operating Administrations.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1985

1. Authority and purpose

The Stores Revolving Fund was authorized by the Adjustment of Accounts Act, S.C. 1980, c. 17, with an authorized working capital limit of \$30,000,000, which was increased to \$35,700,000 by Appropriation Act No. 4, 1981-82 and to \$43,700,000 by Appropriation Act No. 4, 1983-84. An amount of \$25,489,058, representing the net assets of the "Stores Working Capital Advance", was assumed by the Fund and charged against the authority when the Fund became budgetary in 1981.

The objective of the Fund is to establish an effective central control and accountability over the purchasing, stocking and issuing of expendable items, controllable items and initial sparing for depot stocks required by the Department.

2. Significant accounting policies

(a) Inventories

Inventories are valued at cost.

(b) Sales pricing

Selling prices to consumers are on the basis of acquisition costs.

TREASURY BOARD**Secretariat****Objectives****CENTRAL ADMINISTRATION OF THE PUBLIC SERVICE PROGRAM**

- To support the Treasury Board in performing its statutory responsibilities for the management of the Government's financial, human and materiel resources.

GOVERNMENT CONTINGENCIES AND CENTRALLY FINANCED PROGRAMS

- To provide funds for unforeseen and urgent expenditures which arise after the Main Estimates have been tabled and for centrally financed programs.

EMPLOYER CONTRIBUTIONS TO INSURANCE PLANS PROGRAM

- To provide for contributions by the Government as employer in respect of employee insurance and benefit plans and programs and for payments made under certain residual pension plans.

TEMPORARY ASSIGNMENTS PROGRAM

- To provide executives and senior officers to carry out high priority temporary assignments in response to departmental and agency requests.

Comptroller General**Objectives****MANAGEMENT PRACTICES AND CONTROLS PROGRAM**

- To see to the establishment and maintenance of sound management practices in the federal Government by developing policies and standards for financial and operational planning, reporting and controls, and by promoting and monitoring improvements in the practice of financial and operational management, in departments and agencies.

IMPLEMENTATION ASSISTANCE PROGRAM

- To accelerate improvements in management practices and controls in federal departments and agencies.

VETERANS AFFAIRS

Objectives

VETERANS AFFAIRS PROGRAM

- To provide support for the economic, social, mental and physical well-being of veterans and their dependants and other eligible persons.

WAR VETERANS ALLOWANCE BOARD PROGRAM

- To ensure that veterans and their dependants receive their entitlement under the War Veterans Allowance Act and Part XI of Civilian War Pensions and Allowances Act.

PENSIONS PROGRAM

- To ensure the provision of service-related death and disability benefits to eligible ex-members of the armed forces, certain civilians and/or their respective dependants.

BUREAU OF PENSIONS ADVOCATES PROGRAM

- To provide an independent professional legal aid service to persons seeking to establish claims under the Pension Act and allied statutes and orders.

Use of Appropriations

Vote	Program	
VETERANS AFFAIRS PROGRAM		
	Budgetary	
1	Operating expenditures; upkeep of property, including engineering and other investigatory planning expenses that do not add tangible value to real property, taxes, insurance and maintenance of public utilities; to authorize, subject to the approval of the Governor in Council, necessary remedial work on properties constructed under individual firm price contracts and sold under the Veterans' Land Act, to correct defects for which neither the veteran nor the contractor can be held financially responsible, and such other work on other properties as may be required to protect the interest of the Director therein.....	\$ 262,571,000

Deletions from accounts receivable during 1984-85	30.7

Statement of accounts receivable

The Government generally reports revenue in the year in which it is received. Therefore, revenue due but not collected, expenditure over-payments, goods delivered or services rendered by the Government prior to year end for which payment was not received by year end, and interest capitalized, deferred, due and accrued are not recorded as accounts receivable in the accounts of Canada, nor are they reported as assets on the Statement of Assets and Liabilities. These items,

however, are controlled through memorandum accounts kept by Government bodies and are presented in this statement.

Items shown as "Interdepartmental" accounts receivable are internal to the Government and thus do not represent cash to be received.

"Net accounts receivable" is the amount to be received by the Government from outside parties.

Notes to statement of accounts receivable

NOTE A—EMPLOYMENT AND IMMIGRATION—CANADA EMPLOYMENT AND IMMIGRATION COMMISSION

This statement excludes the Unemployment Insurance Account receivables which are reported separately in the financial statements of the Unemployment Insurance Account as at December 31, 1984.

NOTE B—NATIONAL REVENUE—CUSTOMS AND EXCISE

Not included in the statement are contingent receivables estimated at \$12,816,500 for customs duties and excise taxes relating to motor vehicles and motor vehicle parts imported by vehicle manufacturers who have not fully complied with conditions specified under automotive incentive programs.

The total receivables represent 20,722 accounts and consist of:

	Customs	Excise	Total
	\$	\$	\$
Active	136,036,473	22,351,575	158,388,048
This category represents accounts other than bankruptcies and receiverships upon which collection action is being taken, and accounts being disputed or appealed which are awaiting a decision under governing acts or regulations.			
There are 18,555 such accounts.			
Active/uncollectable	3,440,753	25,865,639	29,306,392
This category includes accounts in bankruptcy or receivership awaiting finalization by trustees or receivers, and accounts awaiting approval for deletion by the Departmental Uncollectable Accounts Committee.			
There are 1,928 such accounts.			
Uncollectable	5,813,289	14,649,832	20,463,121
This category includes accounts that have been received and approved by the Departmental Uncollectable Accounts Committee and which are awaiting formal authority for deletion by the Minister or Treasury Board.			
There are 239 such accounts.			
	145,290,515	62,867,046	208,157,561

NOTE C—NATIONAL REVENUE—TAXATION

The total receivables amount to \$3,582,510,310 and consist of 1,104,298 accounts:

Notes to statement of accounts receivable—Concluded

(in thousands of dollars)

	Number of accounts	Amount
BY COLLECTION STATUS		
Current assessments:		
Assessed since January 1, 1985	293,714	802,701
Deferred tax ⁽⁴⁾	693	1,237
Non-current assessments:		
Assessed in prior years		
Segregated uncollectable ⁽²⁾	21,287	342,347
Bankrupts and receiverships	28,635	340,675
Under appeal	4,585	499,646
Others:		
(a) Under arrangement ⁽⁷⁾	28,572	117,283
(b) Under definitive action ⁽⁸⁾	19,196	244,433
(c) Not under definitive action ⁽⁹⁾	140,283	1,103,673
(d) Minor balance	567,025	130,072
(e) Sundry—Non-tax revenue	308	443
Total⁽⁶⁾	1,104,298	3,582,510

(1) An amount of \$346,447,192 representing accounts receivable from corporations and individuals in bankruptcy or in receivership is included herein, since the department has filed claims against their assets.

(2) An amount of \$156,890,389 representing 1,978 uncollectable accounts for the fiscal years 1980-81, 1981-82, 1982-83, 1983-84 and 1984-85 to be deleted from the accounts is included since Parliamentary approval to delete these debts has not been granted.

(3) The classification "Miscellaneous" includes tax and penalty assessed under T3-T4-T5 series of returns.

(4) Under Section 13 of the Income War Tax Act 1943-44, C.14, taxes which were assessed need not be paid until death of the taxpayer.

(5) Part VIII Refundable Corporation Tax in respect of Scientific Research Tax Credit is not reflected as part of Corporation Tax Receivables. Assessments to the extent of \$2,694,343,345 (number of accounts 1,596) have been levied based on designations filed. However, these are not receivables in the true sense as legal offsets are permitted by legislation and collectibility of these assessments in full is doubtful.

(6) Funds are remitted by taxpayers without the provision of specific taxpayer identification. These funds, therefore, are placed in suspense accounts. Since assessed taxes form a part of these accounts, the accounts receivable are overstated by an amount which is not determinable. The total amount of these suspense accounts as at March 31, 1985 is \$13,111,597 consisting of 16,947 accounts.

(7) The category "under arrangement" represents accounts for which conclusive arrangements to pay have been negotiated and terms of payment are definite.

(8) The category "under definitive action" represents accounts for which specific collection or legal action has been taken to control the accounts.

(9) The category "not under definitive action" represents accounts for which conclusive arrangements to pay have not been negotiated and terms of payment are not definite.

NOTE D—PUBLIC WORKS

Under the heading of 1985 previous years collectable, are included the following deferred accounts:

	\$
Electric Reduction Company of Canada Ltd.	1,727,162
Gulf Oil Canada Ltd.	3,738,918
	<hr/>
	5,466,080

Deletions from accounts receivable during 1984-85

Department and agency	Number of items	Amount ⁽¹⁾
		\$
INDIAN AFFAIRS AND NORTHERN DEVELOPMENT		
	2	19,853 ⁽²⁾
NATIONAL HEALTH AND WELFARE		
	22,378	4,618,260 ⁽³⁾

	3,616	2,541,500 ⁽⁸⁾
	<hr/>	<hr/>
	51,638	118,446,704

(1) Amounts reported under this column were deleted pursuant to Section 18 of the Financial Administration Act unless otherwise indicated.

(2) Authority—Vote 546, Appropriation Act No. 3, 1953 as amended.

(3) Remissions under Sec 22(3) Old Age Security Act.

(4) Of the accounts deleted during the year under Section 18 of the Financial Administration Act, 1,046 totalling \$4,093,652 were approved by the department during the 1984-85 fiscal year and 1,492 totalling \$7,171,058 were approved by the department during the 1980-81 to 1983-84 fiscal years.

In addition, during the year a further 106 accounts over \$25,000 each totalling \$9,966,131 were approved for deletion departmentally. The new Debt Write-Off Regulations were established in March 1985 which did not allow sufficient time to obtain Treasury Board authority for their deletion. These accounts are in addition to the 123 accounts over \$25,000 each totalling \$16,369,469 that were approved departmentally for deletion from 1980-81 to 1983-84.

(5) Authority—Bankruptcy Act.

(6) Of this total, \$610,533 is recoverable from the Canada Pension Plan.

(7) Excludes items for period January 1, 1985 to March 31, 1985.

(8) Remissions under Sec 19(2) War Veterans Allowance Act.

⁽¹⁾ On September 17, 1984, the Canadian Forestry Service, previously under the Administration and Environmental Services Programs of the Department of Environment, was transferred to the Administration and Canadian Forestry Service Programs of the Department of Agriculture. Current year's expenditures related to the Canadian Forestry Service are therefore reported under both departments for the applicable period.

SECTION 32

1984-85

PUBLIC ACCOUNTS

Construction and Acquisition

CONTENTS

	<i>Page</i>
Construction and acquisition of land, buildings and works	32.3
Construction and acquisition of machinery and equipment ..	32.28

Construction and acquisition of land, buildings and works

This statement provides total current year's expenditure by program, with details for contracts of \$250,000 or over (\$25,000 or over for cost plus contracts). In this statement:

- one asterisk (*) adjacent to amounts in the expenditures to date column indicates that amounts reported in previous year's Public Accounts have been amended in the current year;
- two asterisks (**) adjacent to name and location of contractor indicate the contracts that have been awarded through the Department of Public Works;
- three asterisks (***) adjacent to amounts in the amount of contract column indicate cost plus contracts; and
- an (f) adjacent to amounts in the expenditures to date column indicates the contracts completed in the current year.

A departmental summary of total current year's expenditure (standard object 08) is provided in the Introduction of this volume (Table 3).

* Amends reporting in previous year's Public Accounts.

** Awarded through Public Works.

*** Cost plus contract.

(f) Contract completed.

(1) On September 17, 1984, the Canadian Forestry Service, previously under the Administration and Environmental Services Programs of the Department of Environment, was transferred to the Administration and Canadian Forestry Service Programs of the Department of Agriculture. Current year's expenditures related to the Canadian Forestry Service are therefore reported under both departments for the applicable period.

(2) Related to a project in excess of \$250,000.

(3) Shared cost project, in addition to the amount reported, Public Works Canada has disbursed \$140,000 on contract no 043184.

(4) Since the Construction Services Revolving Fund provides construction services on a cost recoverable basis to other programs, departments and agencies of the Government of Canada, detailed information for this statement is therefore reported by the entities that received such services.

Construction and acquisition of machinery and equipment

This statement provides an analysis of the current year's expenditure (standard object 09) by main category of machinery and equipment for the year ended March 31, 1985. A departmental summary of total current year's expenditure is provided in the Introduction of this volume (Table 3).

Ex gratia payments	33.11
Federal Court awards	33.16
Nugatory payments	33.18

Payments of damage claims

This statement provides, by department and program, details for all payments of damage claims of \$1,000 or over. Payments of less than \$1,000 are reported as one amount at the end of each program, together with the

total number of such claims. A damage claim is a claim for damages for which the Crown was liable under the Crown Liability Act.

Ex gratia payments

This statement provides, by department and program, details for all ex gratia payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this

statement, an ex gratia payment is a payment for which no liability is recognized, whether or not any value or service has been received, and that is made as an act of benevolence in the public interest.

Nugatory payments

This statement provides, by department and program, details for all nugatory payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each program, together with the total

number of such payments. For the purposes of this statement, a nugatory payment is a payment for which no value or service has been received but for which a liability is recognized.

(1) Includes the net payments of compensation respecting:

- (a) Government employees (Government Employees Compensation Act);
- (b) merchant seamen (Merchant Seamen Compensation Act); and
- (c) employees of mines who contracted silicosis prior to acquisition of mines by CBDC.

(2) Includes \$20,071 compensation to Quebec casual employees TB 1979-29.

(3) Represents the federal Government's net share of administration expenses of provincial workers' compensation boards.

The claims of Federal employees eligible for compensation are dealt with and paid by the provincial workers' compensation boards from funds advanced by the federal Government. Claims of employees resident in the Northwest Territories and the Yukon Territory are processed and paid by the WCB of Alberta.

NATIONAL HEALTH AND WELFARE

Payments under Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977
(in thousands of dollars)

Provinces and territories	Insured health services	Extended health care services	Total 1984-85
Newfoundland	139,410	23,166	162,576

New Brunswick	169,030	28,610	197,640
Quebec	1,166,879	262,449	1,429,328
Manitoba	1,934,504	358,609	2,293,113
Saskatchewan	265,558	43,169	308,727
Alberta	264,776	40,339	305,115
British Columbia	470,451	94,437	564,888
.....	654,742	115,291	770,033
Total provinces	5,305,410	1,005,977	6,311,387
Northwest Territories	10,863	1,989	12,852
Yukon Territory	5,260	887	6,147
Total	5,321,533	1,008,853	6,330,386

Federal contributions in respect of provincial and territorial health care services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. These contributions take the form of transfer of a predetermined number of tax points (and associated equalization) which are estimated at \$4.3 billion in 1984-85, together with the payment of a predetermined base amount of cash escalated on the basis of growth of the gross national product and population (as shown above). The payment of cash contributions is also subject to various provisions of the Canada Health Act. In order that a full cash contribution may be paid, provinces must satisfy program criteria respecting public administration, comprehensiveness, universality, portability and accessibility throughout the fiscal year, and in addition, give recognition to the contributions and payments made by Canada under the Canada Health Act.

Additionally, the Act requires that the provinces must not permit extra billing by a medical practitioner or a dentist or the assessment of user charges by a hospital. Should a province fail to comply with these conditions, the Act provides for automatic deductions from cash contributions.

During 1984-85, the following provinces failed to comply with these conditions and subsequently deductions were made from the payment of cash contributions (as shown above):

Provinces	Extra-billings	User charges	Total 1984-85
	(in thousands of dollars)		
New Brunswick	63	3,015	3,078
Quebec	39,996	7,893	7,893
Ontario	810		39,996
Manitoba	810		810
Saskatchewan	1,451		810
Alberta	8,109	1,827	1,451
British Columbia		22,797	9,936
Total	50,429	35,532	22,797
			85,961

If, prior to March 31, 1987, a province eliminates extra-billings or user charges, the amount deducted shall be refunded to the province.

The Canada Assistance Plan Act authorizes the Government to enter into agreements with provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

⁽¹⁾ The Province of Quebec has opted to receive special funding in lieu of cost sharing under the Canada Assistance Plan, in accordance with Part VII for special welfare programs of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act, 1977. Under these provisions, the Province of Quebec is entitled to receive a combination of cash and tax abatement units equivalent to the transfer payments which would have been made had it opted to participate in the Canada Assistance Plan.

The amounts received by Quebec were:

	1984-85	1983-84

Summary of payments under the Family Allowances Act

Year ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1985.....	3,635	6,586	2,418
1984.....	3,638	6,622	2,326
1983.....	3,642	6,672	2,231
1982.....	3,642	6,733	2,020
1981.....	3,645	6,826	1,851

Federal family allowances are paid in respect of dependent children under age of 18. Although payment is normally made to the mother, it may be made to any person who has assumed responsibility for the maintenance of the child. Special allowances are paid for children who are maintained by agencies or institutions. The legislation provides for annual escalation of the allowance in January of each year in accordance with increases in the consumer price index. Although annual indexation was limited to a total of 5% in 1984, it was fully restored in 1985. The federal monthly rate of family allowances per child was \$29.95 in 1984 and \$31.27 in 1985. Special allowances were \$44.68 a month in 1984 and \$46.65 a month in 1985.

A provincial government may request the federal Government to vary the federal family allowances rate payable in that province on the basis of the age of the children or the number of children in the family, or both, provided that the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province is equal to the monthly federal rate. The provinces of Alberta and Quebec have exercised this option.

Child Tax Credit is an income-tested benefit designed to assist low and middle income families with children. The basic amount of 1984 Child Tax Credit was \$367.00 per child. The total credit payable in 1985 was reduced by 5% of net family income above \$26,330 in 1984. Payments applicable to taxation years 1982, 1983, and 1984 made from April 1, 1984 to March 31, 1985 amounted to \$21,534,192, \$891,966,955 and \$702,523,561 respectively, a total of \$1,616,024,708.

Summary of payments under the Old Age Security Act
(in millions of dollars)

	Year ended March 31				
	1985	1984	1983	1982	1981
Old age security pension (OSP).....	8,216	7,649	7,005	6,140	5,322
Guaranteed income supplement (GIS).....	2,953	2,524	2,416	2,242	1,918
Spouse's allowance (SPA).....	249	233	222	203	178
	11,418	10,406	9,643	8,585	7,418

A full or partial basic old age security pension is payable at age 65 or later to everyone who has met certain residence requirements.

A guaranteed income supplement is an additional amount payable to pensioners who have little or no other income apart from the old age security pension. Entitlement is normally based on income in the preceding calendar year, computed in accordance with the Income Tax Act. Where a married couple is concerned, each is considered to have one half of their combined income.

Spouse's allowance is payable to the spouse of a pensioner if the spouse is age 60 to 64 and meets the residence requirements. Entitlement is based on the combined income of the couple in the same way as the guaranteed income supplement.

Effective from November 1979, the spouse's allowance may continue to be paid, following the death of the pensioner spouse, until the surviving spouse reaches age 65 or remarries, provided the allowance was payable for the month in which the pensioner died. Entitlement is based on the surviving spouse's income only.

All benefits under the old age security program are subject to change in January, April, July and October of each year based on increases in the consumer price index.

The benefits in effect as at April 1, 1985 were as follows:

Monthly benefits	
OAS (basic).....	\$
GIS (maximum).....	276.54
Single person or a married person whose spouse is not in receipt of OAS or SPA.....	328.66
Married couple, both pensioners—Each.....	214.05
Spouse's allowance (maximum).....	490.59
Widowed recipients.....	541.62

In March 1985, there were 2,569,488 old age security pensioners, of whom 1,296,545 or 50% were also receiving a supplement; the average supplement paid was \$208.48. In addition, there were 93,114 spouses of pensioners in receipt of spouse's allowance. The average spouse's allowance was \$228.66.

The New Horizons program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished by providing professional assistance and financial contributions to help groups of seniors to plan and develop projects in keeping with their interests and talents. These projects help participating seniors to remain socially active and provide them with an opportunity to become involved in community service projects which help many seniors to prolong an independent life-style.

FEDERAL-PROVINCIAL SHARED-COST PROGRAMS BY PROVINCE AND TERRITORY

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, and this even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

	<i>1,986,887</i>	<i>620,261</i>	<i>2,303,159</i>	<i>2,375,046</i>

Amounts in roman type are 1984-85 expenditures.

Amounts in **bold face** type are 1983-84 expenditures.

Amounts in *italic* type are expenditures from inception (including 1984-85 expenditures).

(f) Program completed.

(1) On September 17, 1984, the Canadian Forestry Service, previously under the Department of Environment, was transferred to the Department of Agriculture.

Information is therefore reported under both departments for the applicable period.

(2) Includes the Energy buses program.

(3) Amends reporting in previous year's Public Accounts.

(4) Was originally called "Forest management subsidiary agreement".

(5) No payment is made to Quebec under this legislation. However, payments are made under the Canada Assistance Plan towards costs associated with the rehabilitation of disabled persons.

(6) Was originally called "Regional Economic Expansion programs".

(7) Includes programs in respect to comprehensive rural area development programs, Special Agricultural and Rural Development Act, development opportunity initiatives, atlantic provinces management training agreement and the atlantic provinces physical distribution advisory services, Newfoundland and Labrador Development Corporation.

Does not include an amount of \$32,006 from inception: not allocated by province.

COMMUNICATIONS

Canadian Radio-television and Telecommunications Commission

<i>150,000</i>	<i>200,000</i>	<i>19,517,667</i>	<i>6,047,747</i>	<i>25,915,414</i>
135,016	180,940	19,017,983	5,917,144	25,251,083

The Commission was established under Part I of the Canadian Radio-television and Telecommunications Commission Act, SC 1975, C49. It consists of not more than nine full-time members and not more than ten part-time members to be appointed by the Governor in Council. Its mandate is to encourage the development and implementation of the national broadcasting and telecommunications policies through the regulation and supervision of the Canadian broadcasting and telecommunications systems. The Commission is ongoing.

National Film Board

<i>9,000</i>	<i>5,500</i>	<i>10,500</i>	<i>30,000</i>	<i>55,000</i>
8,625	4,823	9,063	30,106	52,617

The Board of Trustees was established under Part IV of the National Film Act, 1950, consisting of the Commissioner, who shall be Chairman, and eight other members to be appointed by the Governor in Council. The Board is permanent.

National Museums of Canada

Board of Trustees

<i>140,000</i>	<i>5,000</i>			<i>145,000</i>
137,494	4,807			142,301

The Board of Trustees was established in Section 3 of the National Museums Act, 1967-68, c. 21, s. 1. Its mandate is to set general policies, approve acquisitions for the National Collection, and other activities as set out in the National Museums Act. Term indeterminate.

CONSUMER AND CORPORATE AFFAIRS

Metric Commission⁽³⁾

33,350	24,817	2,419,523	7,874,302	10,351,992
--------	--------	-----------	-----------	------------

The Commission was established by Order in Council PC 1971-1146 on June 10, 1971, for the purpose of advising the Minister on plans for conversion to the Metric System. The Commission was phased-out on March 31, 1985. To ensure continuity for the coordination of the conversion program, a Metric Office has been established within Consumer and Corporate Affairs.

Restrictive Trade Practices Commission⁽³⁾

257,955	4,379	602,668	533,329	1,398,331
---------	-------	---------	---------	-----------

Commissions—Continued

General information by commission—Continued

	Members		Other salaries	Other expenditures	Total
	Salaries	Travel and living expenses*			
	\$	\$	\$	\$	\$

The Commission was created by an Act, to amend the Combines Investigation Act and the Criminal Code on July 4, 1952. The objective of the Commission is to maintain free and open competitive conditions in the market economy, to eliminate certain practices in restraint of trade and afford protection against false and misleading advertising. Term indeterminate.

EMPLOYMENT AND IMMIGRATION

Commission of Inquiry on Equality in Employment	38,000	9,000	67,386	305,061	419,447
	37,440	7,677	67,386	295,910	408,413

The Commission was established under Part I of the Inquiries Act by Order in Council PC 1983-1924, June 24, 1983. Its mandate is to inquire into the most efficient, effective and equitable means of promoting employment opportunities, eliminating systemic discrimination and assisting all individuals to compete for employment opportunities on an equal basis. The Commission will be dissolved during 1985.

Immigration Appeal Board	1,145,000	267,000	2,085,000	33,000	3,530,000
	1,076,720	200,363	1,932,734	85,444	3,295,261

The Immigration Appeal Board is an independent judicial body originally established by the "Immigration Appeal Board Act", which was proclaimed in force on November 13, 1967. This Act was repealed as of April 10, 1978 when the "Immigration Act, 1976" was proclaimed in force. The Board continues under this Act and derives its jurisdiction therefrom. The objective of the Board is to make available to certain categories of persons who have been denied entry to or ordered removed from Canada, or to Canadian citizens whose relatives have been refused landing in Canada by officials of Employment and Immigration Canada, an independent court to which such decisions may be appealed on both legal and equitable grounds. In addition, the Board is empowered to consider all applications for redetermination of refugee claims which have been refused by the Minister of Employment and Immigration.

ENERGY, MINES AND RESOURCES

Atomic Energy Control Board⁽³⁾	88,591	18,941		5,678	113,210
--	--------	--------	--	-------	---------

The Board was established under Part III of the Atomic Energy Control Act, A-19, 1946. Its objective is to control atomic energy in the interests of health and safety and national security.

National Energy Board	1,014,400 ⁽²⁾	115,000	17,291,600 ⁽²⁾	4,460,000	22,881,000

	\$	\$	\$	\$	\$
<p>The National Energy Board was established under Part I of the National Energy Board Act, c. N-6, 1974. Its objectives are: (a) to ensure that the best interests of Canada are served in the construction and operation of oil and gas pipelines and power lines subject to federal jurisdiction, in the exportation and importation of gas, in the exportation of electrical power, and in the exportation and importation of oil; (b) to ensure the safe construction and operation of power lines and of oil and gas pipelines subject to federal jurisdiction; (c) to advise on the control, supervision, conservation, use, marketing and development of energy and sources of energy.</p>					
ENVIRONMENT					
Canadian Environmental Advisory Council	40,159	34,559		121,702	234,600 ⁽¹⁾ 196,420
<p>The Canadian Environmental Advisory Council (CEAC) was perceived, at the time of its founding in 1972, as a means to promote communication and understanding among diverse interest groups in society, and between those groups and the Minister of the Environment. The practical means of implementing this role focused primarily on the provision of advice by the Council to the Minister of the Environment. Appointments are normally for a three-year period, subject to earlier termination by either party, and may be renewed or extended.</p>

This Commission was established by a Convention adhered to by Canada, effective January 1979, and Regulations made under the Fisheries Act. Its mandate is to promote the conservation and maximum utilization of the fisheries resources of the North West Atlantic and to encourage the co-operation internationally with further consultation regarding these resources. The life of the Commission is ongoing.

International Fisheries Commissions Pension Society		3,500			3,500
		3,484			3,484

This Commission was established under the Canada Corporations Act, 1964-65, c. 52, s. 2 and Letters Patent (152950) issued by the Secretary of State, July 1957. Its mandate is to administer pension and related benefit policies for employees and dependents of International Fisheries Commissions established and maintained by Canada and the USA. The life of the Commission is ongoing.

Great Lakes Fishery Commission	3,500	5,000			8,500
	2,725	5,284			8,009

This Commission was established in 1955 under the Great Lakes Fisheries Convention Act, 1955, c. 34, s. 1 as amended and consolidated in RSC 1970, c. F-15. Its mandate is to conduct investigations into fisheries of the Great Lakes, to install devices and apply lampricide in the Convention Area and tributaries thereof, for lamprey control. The Commission is composed of Canadian and US sections, each served by four Commissioners appointed by their respective government. The life of the Commission is ongoing.

International North Pacific Fisheries Commission

This Commission was established under the North Pacific Convention Act, 1952-53, c. 44, s. 1, now RSC 1970, c. F-16. Its mandate is to carry out and give effect to the provisions of the International Convention for High Seas Fisheries of the North Pacific Ocean; to ensure that the fisheries joint-interests are maintained at the level of maximum sustainable productivity; to promote and co-ordinate scientific studies necessary to ascertain the conservation measures required and recommend such measures to the contracting parties. The life of the Commission is ongoing.

International Pacific Halibut Commission

The Commission was established under the North Pacific Halibut Fisheries Convention Act, 1952-53, c. 43, s. 1 as amended and consolidated in RSC 1970, c. F-17. The Commission was established to conduct scientific investigation and to

North Atlantic Salmon Conservation Organization	4,500	13,000			17,500
	4,675	12,459			17,134
<p>This Commission was established under the Convention for the Conservation of Salmon in the North West Atlantic Ocean, October 1, 1983, ratified by PC 1983-2893. Its mandate is to promote conservation, restoration, enhancement and rational management of salmon stocks in the North Atlantic Ocean, through international co-operation. The life of the Commission is ongoing.</p>					
North Pacific Fur Seal Commission		12,000			12,000
		10,996			10,996
<p>This Commission was established under the Pacific Fur Seals Convention Act, 1957, c. 31, s. 1 as amended and consolidated in RSC 1970, c. F-33. Its mandate is to ensure that the fur seal populations are maintained at levels which will provide the greatest annual harvest with due respect to their relation to the productivity of other living marine resources and to co-ordinate scientific investigation to ensure the attainment of this objective. The life of the Commission is ongoing.</p>					
International Commission for the Conservation of Atlantic Tuna		2,642			2,642
		2,642			2,642
<p>This Commission was established under the Fisheries Act, ss. 34, 69 and a Convention, adhered to by Canada, effective 1968. The Commission is responsible for studying the populations of tuna-like species in the Atlantic Ocean and its adjacent seas, and for making recommendations to the contract-parties concerning measures required to maintain the population of these fisheries at levels which will provide the optimum sustainable catch. The present council membership consists of Canada, France, Ivory Coast, Japan, Morocco, Portugal, Spain and the USA. Each contracting party is represented on the Commission by no more than these Commissioners. The life of the Commission is ongoing.</p>					
Fisheries Prices Support Board	55,000	11,000	90,000	9,000	165,000
	51,300	9,987	84,720	7,503	153,510

The Commission was established by authority of Fisheries Prices Support Act, RSC 1970, c. F-23. Its mandate is to prescribe from time to time, with the approval of the Governor in Council, prices at which the Board may purchase fisheries products;

to purchase, directly or indirectly, fish or fish products; and to pay, directly or indirectly the differential between current market price and Board price to the producer. The life of the Commission is ongoing.

International Council for the Exploration of the Sea

This Commission was established under PC 2967-1696. Its mandate is to encourage and co-ordinate studies of the marine environment with particular reference to the living resources of the sea with concentration on the North Atlantic. The Council has no regulatory function, but provides scientific advice on request to member governments, groups of member governments or International Commissions. The life of the Commission is ongoing.

Canada-Norway Sealing Commission

This Commission was established through Article 3 of a treaty between the Governments of Canada and Norway on sealing and the conservation of seal stocks in the North West Atlantic Ocean signed in Ottawa, July 15, 1971 date of coming into force: December 22, 1971. It was established to administer the agreement and submit proposals, to the contracting parties, on sealing, conservation of seal stocks, national quotas, opening and closing dates, humane hunting methods, and inspection and control procedures. The life of the Commission is ongoing.

The Royal Commission on Seals and Sealing Industries	110,000	30,000	135,000	685,000	960,000
	109,196	25,265	132,878	501,696	769,035

The Commission was constituted under Part I of the Inquiries Act to investigate and make recommendations on all aspects of seal resource management and sealing in Canada, and especially on the economic viability of the seal industry. The final report is to be made to the Governor in Council no later than the 30th day of September 1985, thus fulfilling the Commission's mandate.

Fisheries and Oceans Research Advisory Council	215,000	150,000		40,000	405,000
	213,234	149,871		31,598	394,703

The Council was established under the authority of the Fisheries and Oceans Research Advisory Council Act. Its mandate is to advise the Minister on all matters referred to it by the Minister relating to: fisheries research and the marine sciences including technological developments in those fields; the scope and adequacy of the science policies and programs of the Department of Fisheries and Oceans, having regard to the duties and functions of that Department and the science policies
